Turnover

Turnover represents income receivable for goods and services provided in the period, exclusive of Value Added Tax and trade discounts.

Fixed assets

Depreciation has been computed to write off the cost of fixed assets over their expected useful lives at the following rates:-

Fixtures and fittings 20% per annum on reducing balance Computer equipment 50% per annum on reducing balance

Deferred taxation

Deferred tax assets and liabilities have arisen from timing differences between the recognition of gains and losses in the financial statements and their recognition in a tax computation.
