Directors' Statements Required by Section 249B(4)
For The year Ended 31 December 2008

In approving these financial statements as Directors of the company we hereby confirm:

(a) that for the year stated above the company was entitled to the exemption conferred by Section 249A(1) of the Companies Act 1985;

(b) that no notice has been deposited at the registered office of the company pursuant to Section 249B(2) requesting that an audit be conducted for the year ended 31 December 2008 and

(c) that we acknowledge our responsibilities for:

(1) ensuring that the company keeps accounting records which comply with Section 221, and

(2) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the year then ended in accordance with the requirements of Section 226 and which otherwise comply with the provisions of the Companies Act relating to financial statements, so far as applicable to the company.

These financial statements are prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

The financial statements were approved by the Board on 4 March 2009 and signed on its behalf by

The notes on pages 6 to 8 form an integral part of these financial statements.

Alfred House (Management) Limited

Notes to the Financial Statements
For The Year Ended 31 December 2008

1. Accounting Policies

1.1. Accounting Convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

1.2. Turnover

Turnover comprises service and maintenance charges which are released to the profit and loss account to meet expenditure as it falls due.

1.3. Tangible Fixed Assets and Depreciation

The freehold reversion of the property was transferred to the company on the 10 June 2002 for a consideration of nil value. With the inclusion of costs, however, expenditure of £40 was incurred and this is now reflected in the balance sheet - although no depreciation is provided in order to write this asset off over its estimated useful life as it is not considered to be material. (This event does not, however, constitute an overall change in the relationship between the company and its shareholders, all of whom continue to enjoy the remaining benefit of the long leases on their flats, as previously granted.)

1.4. Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and the law enacted or substantively enacted at the balance sheet date.
