## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014**

### **1. Principal accounting policies**

These financial statements have been prepared in accordance with International Financial Reporting Standards, as adopted by the European Union (IFRS), IFRS IC interpretations and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS.

The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The standards, amendments and interpretations endorsed by the EU which are effective for the first time for the company's 31 December 2014 year end did not have any impact on the presentation or disclosure of the financial statements of the company.

Standards issued and adopted by the EU but not effective for the year ended 31 December 2014 nor adopted early are not expected to have an impact on the presentation or disclosure of the financial statements of the company.

Additionally, a number of standards have been issued but are not yet adopted by the EU and so are not available for early adoption. These are not expected to have any impact on the presentation or disclosure of the financial statements of the company.
