Directors' annual report for the year ended 31st December 2012

The directors present their report and financial statements for the year ended 31st December 2012

Principal activities and objectives

The principal activities of the company are to advance the education of children and young persons in food, nutrition, hygiene, health and related subjects so as to develop their taste and appreciation of food, of food origins and of different cultures

Directors/trustees

The following have held office throughout the year -

Sara Jayne Stanes OBE Sam Gordon Clark CBE Richard Alan Shepherd CBE Brian James Turner CBE

Status

The company is limited by guarantee and has no share capital. The company is also registered as a charity, number 1087567

Review of activities

During the period since inception the trust has been successful in obtaining sufficient donations to cover overhead expenses and meet its primary aims

Public benefit

In preparing their statements on public benefit, the directors have, in accordance with s 4 of the Charities Act 2006, considered the Charity Commission's general guidance on public benefit

Chefs Adopt a School teaches children about food in a holistic way from plant to plate, paying respect to food, nutrition, health and hygiene and cooking as a life skill. We believe that learning can and should be fun and informative

Since its beginnings in 1990, the Trust has delivered its workshops to over 462,000 children across the country – today that's 21,000 children every year – and we have an ever growing waiting list of schools eager to be 'adopted'. In addition to the voluntary time invested by our members who are absolutely passionate about what they do and for whom food is their reason for being, Chefs Adopt a School has an on-staff team of 5 chef lecturers and support, some full and some part time, across the country daily challenging children's senses and captivating their curiosity for food and teaching about its significance in every aspect of our lives.

Directors' annual report (continued) for the year ended 31st December 2012

We also deliver sessions to a number of special educational needs schools and to many schools where children come from disadvantaged backgrounds. We have been working with Great Ormond Street for many years and the benefits have been well documented. We have discovered that cookery can be an exceptional educational tool to many children who find learning tough having the added benefit of helping to develop teamwork and communication skills.

Chefs Adopt a School is a way of life. It is about improving the lives of young people and changing habits so that the next generations can continue to benefit. We all believe strongly in the principle of good, sensible eating which is the key to healthy mind, body and nation and of invaluable benefit to social behaviour.

We also believe that the current approach towards food education needs to be transformed so that it has a secure and definitive place on the curriculum - for all children Our workshops integrate with many key syllabus subjects i.e. History, Geography, Mathematics, Science, Politics, English and other languages. Thus we are concluding research to support our campaign manifesto FEAST (Food Education At Schools Today) to lobby for the restoration of food education at primary level.

Financial Review

The Statement and Financial Activities, Balance Sheet and following notes show the performance of the charitable company during the year

The state of the nation's economy and the confidence factor are always a feature in fulfilling the plans of the Trust and this year is no exception. A great deal of time has been spent fund raising and with some success. We have managed to reach our target of children who have benefited from the Trust's work.

As in previous years, there has been great support from grant makers. The North West Regional Development Agency has extended its contract for a further year. The work undertaken for the first term of the 3 year contract has been underpinned by the Evaluation endorsing the value of our work. The Savoy Educational Trust, a supporter since 1996 and the Worshipful Company of Cooks since 2000 are both pillars of support both financially and morally.

The Trustees have no need to be disappointed in the efforts of the team. Applications to grant making bodies are a constant part of the Trust's work to secure the future. But we are aware that we are one of many also seeking funding. We have unrestricted reserves of £131,823 and restricted reserves of £77,480 as at 31 December 2012.
