Notes

(forming part of the financial statements)

1 Accounting policies

Accounting convention

The financial statements are prepared under the historical cost convention.

The directors of the parent undertaking have confirmed their intention to continue to support the company to enable it to settle its debts as they fall due for at least twelve months from the dates of approval of these financial statements. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the parent undertaking's support.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from the requirement to produce a cash flow statement on the grounds that it is a subsidiary undertaking where 90 percent or more of the voting rights are controlled within the group.

Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

Foreign currency translation

For consistency with the company's ultimate parent undertaking, the directors are of the opinion that the US dollar is the most appropriate reporting currency.
