### Notes to the Abbreviated Accounts for the year ended 31st December 2007

#### 1 ACCOUNTING POLICIES

##### Going concern

The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future. The validity of this assumption depends on the continued support of the company's bankers, major creditors and directors. Whilst the balance sheet shows net current liabilities, the directors believe that it is appropriate for the financial statements to be prepared on a going concern basis.

##### Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

##### Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

##### Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2004, is being amortised evenly over its estimated useful life of ten years.

##### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 50% on cost

##### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

##### Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.
