### **Directors' Report**

Economy remains uncertain and markets appear to be nerves. Slightest bad news causes reaction upon public whose confidence been shaken. Current announcement of large public sector redundancies and imminent cuts in budget to address the short fall of government reserves and or rather ability to maintain borrowing rating, by Her Majesty's government as well as proposed and planned VAT increase been significant in maintenance of operating capabilities at large. ABC has been no different from suffering as the result of the same symptoms.

Significant assistance has been given by the director to keep the Company's operational abilities in hope of better times.
