Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost, less any estimated residual value, over their expected useful economic life as follows:

Plant and machinery	25% reducing balance basis
Fixtures and fittings	15% reducing balance basis
Computer equipment	33.33% straight line basis

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Deferred taxation

Deferred tax is provided in full on timing differences which represent a liability at the balance sheet date, at rates expected to apply when they crystallise based on current tax rates and law.
