Premier Office Supplies (UK) Limited
Balance Sheet (continued)
As at 30 June 2020

For the year ending 30 June 2020 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime.
- The company has taken advantage of section 444(1) of the Companies Act 2006 and opted not to deliver to the registrar a copy of the company's Profit and Loss Account.

On behalf of the board

Mr Paul Upton

Director

25 June 2021

The notes on pages 3 to 6 form part of these financial statements.

Premier Office Supplies (UK) Limited
Notes to the Financial Statements
For The Year Ended 30 June 2020

1. Accounting Policies

1.1. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and in accordance with the FRS 102 Section 1A Small Entities - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

1.2. Turnover

Turnover represents sales of goods net of Value Added Tax and trade discounts. Turnover is recognised when the goods are physically delivered to the customer.

1.3. Intangible Fixed Assets and Amortisation - Goodwill

Goodwill being the amount paid in connection with the acquisition of businesses in 2001 and 2010, is being amortised evenly over their estimated useful lives of ten years.

1.4. Tangible Fixed Assets and Depreciation

Depreciation is provided at the following annual rates in order to write off each asset over its expected useful life.

Motor Vehicles	20% on cost
Fixtures & Fittings	20% on cost
Computer Equipment	25% on cost

1.5. Leasing and Hire Purchase Contracts

Rentals paid under operating leases are charged to the profit and loss on a straight line basis over the period of the lease.

1.6. Stocks and Work in Progress

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving items.

1.7. Taxation

Tax on profit represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because of items of income or expense that are taxable or deductible in other year and items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable timing differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible timing differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. The measurement of deferred tax liabilities and asset reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current or deferred tax for the year is recognised in profit or loss, except when they related to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax is also recognised in other comprehensive income or directly in equity respectively.

Premier Office Supplies (UK) Limited
Notes to the Financial Statements (continued)
For The Year Ended 30 June 2020

1.8. Pensions

The company operates a defined pension contribution scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

2. Average Number of Employees

Average number of employees, including directors, during the year was as follows: 8 (2019: 8)
