Statement of Directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business. As explained in note 1, the directors do not believe that it is appropriate to prepare these financial statements on a going concern basis.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes to the financial statements

(forming part of the financial statements)

1. Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared under the historical cost accounting rules and in accordance with applicable accounting standards. The company is not a going concern. These financial statements have therefore been prepared on a break-up basis. The company has written off its investment in subsidiaries.

Cash flow statement

The cash flow statement included in the consolidated financial statements of an intermediate holding company, Burford Holdings Limited, complies with the conditions of Financial Reporting Standard No. 1 (revised 1996) 'Cash flow statements' (FRS1). The company therefore is exempt under FRS1 from the requirement to prepare a separate cash flow statement.

Consolidation exemption

The company is exempt by virtue of S400(1) of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

Related party transactions

As 100% of the company's voting rights are controlled within the Lehman Brothers Group, it has taken advantage of the exemption contained in FRS8 and has therefore not disclosed transactions or balances which form part of the group (or investees of the group qualifying as related parties).

2. Staff numbers and costs

Other than the directors, the company employed no staff during the current year or the preceding year. None of the directors received any remuneration during the current year or the preceding year.
