FLUIDTOPCO LIMITED

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2010

Note 1 *Principal accounting policies*

As set out in the directors' report the directors intend that the Company will be placed in members' voluntary liquidation. These accounts have been prepared in accordance with applicable Accounting Standards in the United Kingdom under the historical cost convention on the basis that assets and liabilities will be transferred to another group entity or realized at net book amount and NCR Corporation will bear the costs of liquidation. A summary of the more important accounting policies, which have been applied consistently, is set out below.

(a) **Provision**

Provisions have been made in full for all liabilities which existed at the balance sheet date. These provisions do not include future costs which will be incurred up to and including the liquidation of the company which are estimated to amount to £nil as all costs of liquidation will be borne by NCR Corporation.

(b) **Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Note 2 *Cash flow statement and related party disclosures*

The company's ultimate parent company is NCR Corporation and these accounts are included in the consolidated financial statements of NCR Corporation, which are publicly available. Consequently, the company has taken advantage of the exemption within Financial Reporting Standard 1 (revised 1996) from preparing a cash flow statement. The company is also exempt under the terms of FRS 8 from disclosing related party transactions with entities that are part of the NCR Corporation or investees of the NCR Corporation.
