DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2009

The directors present their report and the audited financial statements for the year ended 31 December 2009

Principal activities and business review

The principal activities of the company are as a holding company for Chevron Corporation entities in the United Kingdom, and to provide management services to some of those operating companies. It is the intention of the directors that the company will continue these activities for the foreseeable future.

Business review

The results for the company show a pre-tax profit of \$1,726 9m (2008 \$479 4m) for the year, an increase of \$1,247 5m which was mainly due to an increase in dividends received of \$1,239 5m offset by a reduction in net interest receivable/payable of \$38 1m, and decrease in other finance expense/income of \$37 5m

The company's operating profit consists of employee-related costs and income, which is primarily comprised of pension service costs and pension contributions received from subsidiary entities. Contributions received during the year exceeded service costs by \$26.4m (2008 \$19.1m), an increase of \$7.3m

The directors expect the current level of non-currency related activity to continue in the foreseeable future

Principal risks and uncertainties

The company's principal risk and uncertainty is the availability and timing of income from subsidiary companies

Key performance indicators

The company's directors believe that analysis using key performance indicators is not necessary or appropriate for an understanding of the development, performance, or position of the business of Chevron United Kingdom Limited

Future developments

During 2010 the refining and marketing businesses of Chevron Limited, a company within the Chevron United Kingdom Limited Group, were reviewed and a decision reached to solicit bids for these businesses. As at the date of this report, no agreement has been reached to sell Chevron Limited or any of its operations. Should a sale take place it is anticipated that the UK holding structure will be reorganised with the potential for the company to be replaced as the holding company for the retained UK operations. The directors have prepared these financial statements on a going concern basis.

Financial risk management

The company faces a number of financial risks which are managed as part of the Chevron Group's risk management objectives and policies. The company does not hedge any of these risks and therefore hedge accounting is not applied in these financial statements.

Liquidity and cash-flow risk

Risks facing the company include liquidity and cash flow risk, and the company therefore maintains sufficient available funds for its daily operations. Chevron management in the UK actively monitors all funding requirements for UK group companies, and manages any finance arrangements needed to meet such requirements. This may result in loans between group companies being extended beyond original repayment dates, or repaid prior to original due dates.

Interest rate risk

The company can have both interest bearing assets and liabilities which are generally held at floating rates. These are monitored on a daily basis by a treasury management group and an appropriate structure of investments and borrowings is maintained. The company does not hedge interest rate risks

Foreign exchange risk

The company has assets and liabilities denominated in foreign currencies. The company does not use derivative financial instruments to manage the risk of fluctuating exchange rates and as such no hedge accounting is applied.

Results and dividends

The company's profit after taxation for the financial year is \$1,725 7m (2008 \$469 8m) Dividends totalling \$1,023 0 were paid during 2009 (2008 \$nil)

The retained profit of \$702.7m (2008. \$469.8m) was transferred to reserves, contributing to an increase in shareholder funds to \$2,407.7m (2008. \$1,724.8m)

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2009 (Continued)

Employment policy and employee consultation (continued)

It is the company's policy to ensure that all employees receive equal treatment and are judged solely on merit and capability. Company policy also aims to ensure that all job applications from disabled people receive full and fair consideration. Every effort is made to continue the employment of, and arrange appropriate training for, those employees who become disabled during their period of employment. In common with all other employees, disabled people are given equal opportunities and, where appropriate, special training to progress within the company.

The company remains committed to the principle of employee involvement and has continued its practice of providing employees with information on matters of concern to them. The company consults with employees and their representatives in order that their views can be taken into account on such matters as are appropriate.

The company communicates and consults with employees at the local level through regular formal meetings and as necessary by ad hoc consultation and negotiation with the employees and their representatives. A staff employee representation programme council system is also operated, election being made by ballot, with panels which provide a regular forum for the exchange and discussion of ideas. The company ensures by this channel of communication that elected employee representatives are consulted regularly on a wide range of matters affecting the current and future interests of all employees.

In addition the company uses an in-house newspaper, videotape news reports and senior management reviews as further means of communicating items with their employees and their activities

Chevron United Kingdom Limited is the sponsoring company of the Chevron United Kingdom Limited Share Incentive Plan Further details of the plan are disclosed in note 5

Qualifying third party indemnity provisions

The company maintains liability insurance for its directors and officers. The company also provides an indemnity for its directors, which is a qualifying third party indemnity provision for the purposes of the Companies Act 2006.

Statement of directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2009 (Continued)

Statement of directors' responsibilities (continued)

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosure of information to auditors

As at the date of this report, each director of the company confirms that

- as far as they are aware, there is no relevant audit information of which the company's auditors are unaware, and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information

Auditors

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to be re-appointed and pursuant to an elective resolution adopted by the company, have automatically been re-appointed as the company's auditors

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CHEVRON UNITED KINGDOM LIMITED

We have audited the financial statements of Chevron United Kingdom Limited for the year ended 31 December 2009 which comprise the profit and loss account, the balance sheet, the statement of total recognised gains and losses, and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

Respective responsibilities of directors and auditors

As explained more fully in the directors' responsibilities statement on page 2 and 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009

1. Significant accounting policies

A summary of the principal accounting policies is set out below

a) Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006 and United Kingdom Generally Accepted Accounting Practice

b) Group accounts

Group accounts of the company, its subsidiary undertakings and its participating undertakings have not been prepared. The company is exempt from the requirement to prepare consolidated accounts under the provisions of Section 400 of the Companies Act 2006. The accounts present information about the company as an individual undertaking and not about its group.

c) Share-based payments

The company operates a cash-settled employee share incentive plan (which acquires shares in Chevron Corporation on the open market), under the terms of which matching shares are not vested to employees until three years of service have been completed

In accordance with FRS 20, the purchase of shares is recorded at fair value on the initial grant date (based on market price at date of grant). The cost of the matched portion of shares is charged to the profit and loss account of subsidiaries over the vesting period (all such costs are borne by subsidiary undertakings of the company). Share plan liabilities are re-valued at fair value as at the end of each financial year, and changes in value are recognised in the profit and loss account. Further information is provided in note 5.

d) Taxation

Corporation tax payable is provided on taxable profits at the current rate of 28%

Deferred tax is recognised in respect of all timing differences that have originated but not reversed by the balance sheet date where transactions or events that will result in an obligation to pay more tax or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax assets are recognised only to be the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on a non-discounted basis

e) Fixed asset investment

This comprises the investment in the shares of the company's principal subsidiary. The investment is stated at cost less any provision for impairment. A review of the potential impairment of an investment is carried out if events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. Such impairment reviews are performed in accordance with FRS 11, 'Impairment of fixed assets'. Impairments thus arising are recorded in the profit and loss account.

f) Foreign currency

Certain transactions of the company are effected in currencies other than dollars. For the purposes of these financial statements, such transactions have been translated into dollars at the rate of exchange prevailing when the transactions occurred.

Monetary assets and liabilities expressed in other currencies have been translated into dollars at the rate of exchange ruling at the balance sheet date. Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included as an exchange gain or loss in the profit and loss account.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009 (continued)

1. Significant accounting policies (continued)

g) Pension costs

The company operates a defined benefit pension scheme providing benefits based on final pensionable pay. The assets of the scheme are held separately from those of the company, being invested with fund managers, insurance companies and independent trusts. In accordance with FRS 17 'Retirement Benefits', the company includes in its financial statements the pension assets at fair value, and the pension liabilities on an actuarial basis using the projected unit method.

Current service costs, curtailment and settlement gains and losses, and financial returns are included in the profit and loss account in the period to which they relate. Actuarial gains and losses are recorded through the statement of total recognised gains and losses.

2. Cash flow statement and related party disclosures

The company is a wholly-owned subsidiary of Chevron Corporation and is included in the consolidated financial statements of Chevron Corporation, which are publicly available. Consequently, the company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1. The company is also exempt under the terms of FRS 8 from disclosing related party transactions with entities that are part of the Chevron Corporation group or investees of the Chevron Corporation group.

3. Operating profit

	2009	2008
Operating profit is stated after charging/(crediting):	\$m	\$m
Wages and salaries	(3.5)	(0 6)
Pension service costs (note 22)	52.9	75 8
Staff costs	49.4	75 2
Administrative expenses	0.2	-
Currency exchange loss on operating items	19.0	16 4
Pension income from subsidiary undertakings (note 22)	(79.3)	(94 9)

Wages and salaries credit relates to the fair value adjustment of the Employee Share Incentive Plan (see note 5)

Audit fees of \$39,740 (2008 \$21,486) for the company were borne by a Chevron group entity (Chevron Limited) Fees were paid to the auditors for non-audit services of \$nil (2008 \$nil)

4. Directors' emoluments

This note should be read in conjunction with note 5 a) below. In relation to their services as directors or otherwise in connection with the management of the company, no emoluments were paid to or receivable by directors from the company during the year. In relation to their services as directors or otherwise in connection with the management of subsidiaries of the company, emoluments and amounts (excluding shares) receivable under long-term incentive schemes of \$5,068,061 (2008 \$6,275,111) were paid to or receivable by directors during the year.

5. Employees

a) Some employees for subsidiary companies in the UK have contracts of service with Chevron United Kingdom Limited. All employee (including directors) costs, including pension costs, are borne by the subsidiary for which the employee provides services and the costs are shown and disclosed in the accounts of those companies, as if they were employed by those companies. There is one exception to this in relation to the Employee Share Incentive Plan, as discussed below.

c) Employee Share Incentive Plan (ESIP)

The company is the sponsoring company of the Chevron United Kingdom Limited Share Incentive Plan This is administered by Capita Share Plan Services of The Registry, 34 Beckenham Road, Beckenham, Kent, BR3 4TU Under the rules of the plan the company will match every Chevron Corporation share bought by an employee with two matching shares (up to a certain limit) These matching shares, which are settled in cash, will be held in a UK registered trust on behalf of the employee, and are not vested to the employee until 3 years of service have been completed from the date of acquisition. As these shares are in the ultimate parent company there is no reduction to shareholders' funds

During the year 111,283 (2008 95,792) shares were granted to employees and the weighted average share price was \$69 47 (2008 \$81 87) Total expense recognised by subsidiary companies during the year was \$7 7m (2008 \$7 8m) at fair value (based on market value as at the date of acquisition)

The assets of the plan are recorded at historical cost, which as at 31 December 2009 was based on 1,089,549 at a cost of \$65 4m (2008 890,073 shares, cost \$46 6m)

The liabilities of the plan are recorded at fair value as at the end of the financial year, using the market value of the shares as at 31 December 2009. As at 31 December 2009 the total number of shares held in trust for employees was 1,089,549 (2008 890,073), at a market value of \$82 4m (2008 \$65 3m)

Included in operating profit (note 3) is a credit of \$3 5m (2008 \$0 6m)\$ which relates to the fair value revaluation of the plan liabilities at the end of the financial year

As at 31 December 2009 the number of shares held in trust, and not yet vested, for the employees was 283,164 shares (2008 268,839 shares), at a market value of \$21 4m (2008 \$19 7m)
