Eastbrook Facilities Holdings Limited

Directors' Report

Year Ended 31 December 2017

The directors present their report and the audited Annual Report and Financial Statements of Eastbrook Facilities Holdings Limited ("the Company") for the year ended 31 December 2017.

Principal Activities

The Company is the holding company of Eastbrook Facilities Limited ("EFL"), a property developer and investor with the sole purpose of developing and operating a headquarters office investment in Cambridge for the Department of Environment, Food and Rural Affairs ("DEFRA") under the UK Government's Private Finance Initiative ("PFI").

Performance Review

The profit for the financial year, after taxation, amounted to £nil (2016: £618,064).

The profit for the financial year will be transferred to reserves.

The directors are satisfied with the overall performance of the Company and do not foresee any significant change in the Company's activities in the coming financial year.

Key Performance Indicators

In its role as a holdings company there are no key performance indicators for the directors to monitor. However, from a group point of view the performance of the investment is assessed every six months by testing the cash resources against the bank lending covenants. The key indicator being the debt service cover ratio. The investment has been performing well and has been compliant with the covenants laid out in the Group facility agreement.

Directors

The directors who served the Company during the year and up to the date of this report were as follows:

Philip Ashbrook
John Cavill

Dividends

Particulars of dividends paid are detailed in note 10 to the financial statements.

Qualifying Third Party Indemnity Provisions

The Company has made qualifying third party indemnity provisions for the benefit of its directors during the year. These provisions remain in force at the reporting date.

Small Company Provisions

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

Eastbrook Facilities Holdings Limited

Directors' Report *(continued)*

Year Ended 31 December 2017

Disclosure of Information to Auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

The auditors are deemed to have been re-appointed in accordance with section 487 of the Companies Act 2006.

This report was approved by the board of directors on 27 June 2018 and signed by order of the board by:

Infrastructure Managers Limited
Company Secretary

Eastbrook Facilities Holdings Limited

Directors' Responsibilities Statement

Year Ended 31 December 2017

The directors are responsible for preparing the Directors' Report and the Annual Report and Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare the Annual Report and Financial Statements for each financial year. Under that law the directors have prepared the Annual Report and Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising Financial Reporting Standard 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), and applicable law).

Under company law the directors must not approve the Annual Report and Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the profit or loss of the Company for that period.

In preparing the Annual Report and Financial Statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the Annual Report and Financial Statements; and
- prepare the Annual Report and Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Annual Report and Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Eastbrook Facilities Holdings Limited

Independent Auditors' Report to the Members of Eastbrook Facilities Holdings Limited

Year Ended 31 December 2017

Report on the Audit of the Financial Statements

Opinion

In our opinion, Eastbrook Facilities Holdings Limited's financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2017 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the Statement of Financial Position as at 31 December 2017; the Statement of Comprehensive Income and the Statement of Changes in Equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions Relating to Going Concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you when:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

Eastbrook Facilities Holdings Limited

Independent Auditors' Report to the Members of Eastbrook Facilities Holdings Limited *(continued)*

Year Ended 31 December 2017

Reporting on Other Information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2017 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Directors' Report.

Responsibilities for the Financial Statements and the Audit

Responsibilities of the Directors for the Financial Statements

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Eastbrook Facilities Holdings Limited

Independent Auditors' Report to the Members of Eastbrook Facilities Holdings Limited *(continued)*

Year Ended 31 December 2017

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of This Report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other Required Reporting

Companies Act 2006 Exception Reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Entitlement to Exemptions

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: prepare financial statements in accordance with the small companies regime; take advantage of the small companies exemption in preparing the directors' report; and take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

Eastbrook Facilities Holdings Limited

Notes to the Annual Report and Financial Statements

Year Ended 31 December 2017

1. General Information

Eastbrook Facilities Holdings Limited ("the Company") is a private company limited by shares and is incorporated and domiciled in the UK. The address of its registered office is Cannon House, 78 Cannon Place, London, EC4N 6AF.

The Company is the holding company of Eastbrook Facilities Limited ("EFL"), a property developer and investor with the sole purpose of developing and operating a headquarters office investment in Cambridge for the Department of Environment, Food and Rural Affairs ("DEFRA") under the UK Government's Private Finance Initiative ("PFI").

The Company's functional and presentation currency is the pound sterling.

2. Statement of Compliance

The individual financial statements of Eastbrook Facilities Holdings Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. Accounting Policies

(a) Basis of preparation

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed further in the accounting policies.

The accounting policies stated below have been consistently applied to the years presented, unless otherwise stated.

(b) Disclosure exemptions

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the financial statements of BIIF Holdco Limited which can be obtained from the Company Secretary at Cannon Place, 78 Cannon Street, London, EC4N 6AF. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102:

(a) No cash flow statement has been presented for the Company.

(b) Disclosures in respect of financial instruments have not been presented.

The Company is wholly owned by BIIF Holdco Limited and has taken advantage of the exemption in section 33 of FRS 102 'Related Party Disclosures', that allows it not to disclose transactions with wholly owned members of a group.

Eastbrook Facilities Holdings Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 December 2017

3. Accounting Policies *(continued)*

(c) Consolidation

The Company is a wholly-owned subsidiary of BIIF Holdco Limited, a company incorporated in the EEA. In accordance with Section 400 of the Companies Act 2006, is not required to produce, and has not published, consolidated financial statements.

(d) Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the amounts reported. These estimates and judgments are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key sources of estimation uncertainty

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty are as follows:

i) Impairment of assets

The carrying value of those assets recorded in the Company's Statement of Financial Position, at amortised cost, could be materially reduced where circumstances exist which might indicate that an asset has been impaired and an impairment review is performed. Impairment reviews consider the fair value and/or value in use of the potentially impaired asset or assets and compares that with the carrying value of the asset or assets in the Statement of Financial Position. Any reduction in value arising from such a review would be recorded in the Statement of Comprehensive Income. Impairment reviews involve the significant use of assumptions. Consideration has to be given as to the price that could be obtained for the asset or assets, or in relation to a consideration of value in use, estimates of the future cash flows that could be generated by the potentially impaired asset or assets, together with a consideration of an appropriate discount rate to apply to those cash flows.

(e) Income tax

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the Statement of Comprehensive Income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

i) Current Tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end. The directors periodically evaluate positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Eastbrook Facilities Holdings Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 December 2017

3. Accounting Policies *(continued)*

(f) Investments

Fixed asset investments are initially recorded at cost, and subsequently stated at cost less any accumulated impairment losses.

4. Auditors' Remuneration

The audit fee of £1,951 (2016: £1,951) was borne by the subsidiary company Eastbrook Facilities Limited.

5. Particulars of Employees and Directors

The average number of persons employed by the Company during the financial year, including the directors, amounted to nil (2016: nil). The directors did not receive any remuneration from the Company during the year (2016: £nil).

6. Income from Shares in Group Undertakings

At 31 December 2017	<u>1,220,100</u>
At 31 December 2016	<u>1,220,100</u>

Subsidiaries, associates and other investments

The company owns 100% of the issued share capital of Eastbrook Facilities Limited which is registered at Cannon Place, 78 Cannon Street, London, EC4N 6AF.

	2017 £	2016 £
Aggregate capital and reserves	9,584,553	8,022,946
Profit/(Loss) for the year	1,165,552	1,138,188

The carrying value of the investment is supported by the net assets of the subsidiary.

12. Debtors

Debtors amounts falling due within one year are as follows:

	2017 £	2016 £
Amounts owed by Group undertakings	<u>874,586</u>	<u>—</u>

Debtors amounts falling due after more than one year are as follows:

	2017 £	2016 £
Amounts owed by Group undertakings	<u>7,703,281</u>	<u>7,703,281</u>

Eastbrook Facilities Holdings Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 December 2017

12. Debtors *(continued)*

Amounts owed by Group undertakings is a subordinated loan due from Eastbrook Facilities Limited, which carries an annual interest rate of 11.25%. The loan is due to be repaid on completion of the DEFRA contract, which is on a 30 year term with tenant optional breaks after years 15, 20 and 25. The coupon on the principal amount accrues daily and is payable in cash on 30 June and 31 December each year. Interest not settled by cash on these dates is added to the principal and the coupon accrues on this uplifted amount in the next interest year. Interest settled using this mechanism in the year was £nil (2016: £189,963). The investment sum was advanced under a subordinated loan agreement and is therefore unsecured, and would rank alongside ordinary creditors in the event of a winding up of the subsidiary.

13. Creditors: amounts falling due within one year

	2017	2016
	£	£
Amounts owed to Group undertakings	<u>874,586</u>	<u>—</u>

The amounts owed to Group undertakings are trading balances, not interest bearing and are repayable on demand.

Eastbrook Facilities Holdings Limited

Notes to the Annual Report and Financial Statements *(continued)*

Year Ended 31 December 2017

17. Related Party Transactions

The Company is wholly owned by BIIF Holdco Limited and has taken advantage of the exemption in section 33 of FRS 102 'Related Party Disclosures', that allows it not to disclose transactions with wholly owned members of a group.

18. Controlling Party

The immediate parent undertaking is Eastbrook Facilities Holdings 2 Limited.

The intermediate parent undertaking is BIIF Holdco Limited, which is the parent undertaking of the smallest and largest group to consolidate these financial statements. Copies of BIIF Holdco Limited consolidated financial statements can be obtained from the Company Secretary at Cannon Place, 78 Cannon Street, London, EC4N 6AF.

The ultimate parent and controlling party is BIIF L.P. BIIF L.P. is owned by a number of investors with no one investor having individual control.

BIIF Holdco Limited

Strategic Report

Year Ended 31 December 2017

The Directors present their report and the audited consolidated financial statements of BIIF Holdco Limited ("the Company") for the year ended 31 December 2017.

Principal Objectives and Strategies

The principal activity of the Company was that of a holding company. The principal activity of the Group was the provision, operation and maintenance of various assets under the Private Finance Initiative ('PFI') and within regulated renewable energy markets.

Review of the Business

The results for the year are in line with management's current expectations with each of the Group's investments performing materially in line with the relevant financial model.

On 1 September 2017, the Company issued a Eurobond, listed on the Channel Islands Securities Exchange, totaling £38,078K which was subscribed for in full by the ultimate parent entity, BIIF LP. This Eurobond bears interest at 8% per annum and falls due for repayment on 31 December 2045. On the same day all the proceeds from this issue were used to settle a Eurobond within a subsidiary company.

Future Developments

The Directors intend for the business to continue to hold its interests in the investments.

Key Performance Indicators

Group performance is measured on the basis of cash flows, both for shareholders and lenders. As with all companies in this sector, detailed cash flow projections are prepared to demonstrate the ability of the business to service its debt. Current projections demonstrate that the business can continue to maintain its debt service cover ratios at the base case levels agreed with the Group's lenders and will continue to pay returns to shareholders. As such the Directors are satisfied that the Group's performance is in line with forecast and, therefore, consider the going concern basis of preparation to be appropriate.

Going Concern

The Group has received loans from external banks, which are secured against the cash flows from the Group's investments together with issued Eurobonds. The financial statements have been prepared on a going concern basis following an assessment of the financial viability of each of the Group's principal investments, and also the sources of cash flow projected to be available to service the portfolio debt obligations within the Group. This assessment indicates that although the Group currently has net liabilities, sufficient funds will be generated to allow ongoing obligations to be met as they fall due.

A subsidiary company within the group has a loan due to the ultimate parent entity that matures on 9 January 2019. The subsidiary company has received a letter from the manager of the ultimate parent entity stating that it does not expect that the loan will be called unless the liquidity position of the subsidiary company is adequate to justify such repayment. It is not expected that these conditions will arise in the next 12 months. The manager has also confirmed that it does not expect the ultimate parent entity to have or incur any liabilities which may require repayment of the loan due from the subsidiary in the next 12 months.

Financial Risk Management

The Group is exposed to a variety of financial risks that include retail price indices, interest rate risk and liquidity risk. The Group has in place measures to limit the adverse effects of changes in these risks. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash deposits and proceeds from investment sums. The Group also invests in cash deposits at floating rates.

BIIF Holdco Limited

Strategic Report (continued)

Financial Risk Management (continued)

Objectives and policies

The Company's exposure to and management of interest rate risk, credit risk and liquidity risk are detailed below:

Interest rate risk

The financial risk management objectives of the Group are to ensure that financial risks are mitigated by the use of financial instruments. The Group uses interest rate swaps to reduce its exposure to interest rate movements. Financial instruments are not used for speculative purposes

Credit risk

Credit risk is the risk of financial loss to the Group if a customer, counterparty to a financial instrument or counterparty for facility management services fails to meet their contractual obligations.

Credit risk is overseen by management, and arises mainly from:

- cash and cash equivalents;
- derivative financial instruments;
- credit exposures to amounts due from outstanding receivables; and
- other committed transactions with counterparties.

The Group's objective is to minimise credit risk to an acceptable level whilst not overly restricting the Group's ability to generate revenue and profit. It is the Group's policy to invest assets safely and profitably. Management monitors credit risk closely and considers that its current policies in managing the exposure to credit risk are appropriate.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of its key customers or counterparties. The Group's largest credit exposures are to public sector bodies and financial institutions. The amounts owed by the public sector bodies in the United Kingdom are considered to be a low credit risk by the Group. The counterparties for facility management are with well-established companies that operate several facility management contracts and the Group considers these companies unlikely to default on their respective liabilities to the Group.

In determining whether a financial asset is impaired due to credit or counterparty risks, the Group takes account of:

- The fair value of the asset at the statement of financial position date and, where applicable, the historic fair value of the asset;
- In the case of receivables, the counterparty's typical payment patterns; and
- In the case of other counterparty's, the current contract performance and the latest available information on the counterparty's credit worthiness.

Liquidity risk

The Company's liquidity risk is principally managed through financing the Group by means of long term borrowing.

BIIF Holdco Limited

Strategic Report (continued)

Principal Risks and Uncertainties

The portfolio is based on long-term contracts with public sector counterparties. There is a risk, arising from any future changes in political priorities, that the public sector may wish to terminate these contracts early. In most cases, the contracts have robust provisions which set out the basis on which investors will be compensated in the event of early termination at the request of the public sector. Where such provisions do not exist, termination and associated compensation is subject to mutual agreement. Overall, the directors consider the risk of material loss arising from widespread early termination of the projects to be low.

Another risk faced by the Group is the future cost of lifecycle expenditure. Each project has a lifecycle profile which is regularly reviewed and managed, to highlight and mitigate any potential adverse effects.

Directors and their Interests

The Directors in office during the year and up to the date of this report, shown on page 1, had no beneficial interest in the Company or its subsidiaries.

Disclosure of Information to the Auditors

So far as each of the Directors are aware, there is no relevant information that has not been disclosed to the Company's auditors and each of the Directors believes that all steps have been taken that ought to have been taken to make them aware of any relevant audit information and to establish that the Company's auditors have been made aware of that information.

Independent Auditors

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution concerning their reappointment will be proposed at the Annual General meeting.

The Directors' Report was approved by the board on 25 September 2018 and signed on its behalf by:

James Dawes
Director

BIIF Holdco Limited

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and Group Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- *select suitable accounting policies and then apply them consistently;*
- *make judgments and accounting estimates that are reasonable and prudent;*
- *state whether applicable United Kingdom Accounting Standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;*
- *prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.*

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- *there is no relevant audit information of which the Company's auditors are unaware; and*
- *the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.*

The Directors' responsibilities were approved by the board on 25 September 2018 and signed on its behalf by:

James Dawes
Director

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

Report on the audit of the financial statements

Opinion

In our opinion, BIIF Holdco Limited's group financial statements and company financial statements (the "financial statements"):

- give a true and fair view of the state of the group's and of the company's affairs as at 31 December 2017 and of the group's profit and cash flows for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Consolidated Financial Statements (the "Annual Report"), which comprise: the consolidated and company statements of financial position as at 31 December 2017; the consolidated statement of comprehensive income, the consolidated statement of cash flows, and the consolidated and company statements of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, as applicable to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Our audit approach

Overview

- Overall group materiality: £7,791,150, based on 5% of earnings before interest, tax, depreciation and amortisation ("EBITDA").
- Overall company materiality: £7,012,035, based on an allocation of group materiality.
- The group comprises a large number of components, being operating subsidiaries, intermediary holding companies, joint ventures and associates.
- Our audit scope was tailored to provide appropriate coverage of the consolidated financial statements through audit procedures performed across the components by the group audit team.
- The components where we performed full scope audit work accounted for approximately 75% of the group's turnover.
- Risk of incorrect recognition of turnover as a result of inappropriate calculation and allocation of the unitary charge.
- Risk of incorrect valuation of derivatives and application of hedge accounting.
- Basis of preparation – going concern.

The scope of our audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the directors made subjective judgements, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain.

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the directors that represented a risk of material misstatement due to fraud.

Key audit matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

Key audit matter	How our audit addressed the key audit matter
<p><i>Risk of incorrect recognition of turnover as a result of inappropriate calculation and allocation of the unitary charge</i></p> <p>Through its subsidiaries, joint ventures and associates, the group has service concession arrangements with external parties for the design, construction, finance and maintenance of various public use assets including education facilities, railways, hospitals, roads, prisons and police stations.</p> <p>A significant proportion of the service concession arrangements are accounted for as finance debtors, with amortisation and finance income recognised each year at a constant rate.</p> <p>The unitary charge payments received from customers for the service concession arrangements are allocated to turnover, finance income and the finance debtor amortisation. The allocation to turnover is calculated by applying a margin to the costs incurred in the operations and ongoing maintenance of the related asset. Due to the judgement required to estimate the margin over the life of the project and the significant impact that the allocation of the unitary charge has on key accounts: turnover, finance income, the finance debtor and any unitary charge control accounts ("UCCA"), including those most susceptible to fraudulent manipulation, we consider this risk to be a key area of audit focus.</p>	<p>Our audit addressed the risk as follows:</p> <p>In each project where such accounting is applied, we:</p> <ul style="list-style-type: none"> - tested a sample of unitary charge payments received from the customer, agreeing to invoice and evidence of cash receipt and used this to determine an expectation for total value of payments received in the year; - compared the margin applied in the current year to the margin applied in the prior year. Where there is a material movement in the margin, we sought to understand and corroborate the factors that have driven this change. This included analysing the project financial models to establish any changes in trends for expected future costs which impact the lifetime margin of the project, and investigating unusual trends in key elements of the project forecasts; - recalculated the revenue recognised by applying the margin to qualifying costs incurred in the year ended 31 December 2017; - re-performed the allocation of the unitary payment between turnover, finance debtor amortisation, finance income and where applicable the UCCA and checked that the allocated amounts had been recognised appropriately. <p>Our audit work did not identify any issues and we therefore concluded that there was no material misstatement in any of the impacted financial statement lines.</p>
<p><i>Risk of incorrect valuation of derivatives and application of hedge accounting</i></p> <p>The group holds financial instruments, predominantly interest rate and RPI swaps, to hedge its floating rate borrowings.</p> <p>These derivatives are held on the balance sheet and measured at fair value. Calculation of the fair value of a derivative can be complex and involves a number of assumptions, including assumptions which are forward-looking.</p> <p>The group applies hedge accounting to account for movements in the fair value of its derivatives through other comprehensive income and a hedge reserve in equity rather than through the income statement. FRS 102 requires that certain conditions are met in order to apply fully effective hedge accounting, including the matching of the derivative to the hedged item. Not all of the group's derivatives fully achieve these conditions, therefore a proportion of the movements in fair value (the portion which constitutes an ineffective hedge) remains in the income statement.</p> <p>There are audit risks that managements' valuation of the derivatives is incorrect or that the proportion of the hedge which is effective is not appropriately calculated.</p>	<p>Our audit addressed the risk of valuation as follows, for a sample of derivatives across the group:</p> <ul style="list-style-type: none"> - We confirmed the underlying derivative details to counterparty confirmations and original contracts. - We engaged our PwC Valuations specialists to re-perform the valuation of the derivatives, using market benchmark assumptions, independent from those assumptions applied by management. - We compared the values used by management and those provided by our PwC Valuations specialists, applying a tolerable threshold to allow for a reasonable range of possible outcomes, and considered the impact of any of management's valuations which fell outside this threshold range. <p>We noted no valuations which required adjustment.</p> <p>Our audit addressed the risk associated with the application of hedge accounting as follows, for a sample of derivatives across the group:</p> <ul style="list-style-type: none"> - We sought evidence from management to support their assertion that there was appropriate hedging documentation in place for each derivative.

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

<i>Key audit matter</i>	<i>How our audit addressed the key audit matter</i>
	<ul style="list-style-type: none">- We assessed management's evidence of whether the necessary matching criteria to achieve hedge accounting had been met for each derivative.- Where matching of the derivative to the hedged item was not fully achieved, we recalculated the proportion of the derivative which was ineffective, and compared this proportion to management's calculation of the fair value movement to be accounted for in the income statement. <p>We noted no matters which required adjustment.</p>
<i>Basis of preparation – going concern</i>	
<p>A subsidiary company within the Group has issued Eurobonds with a value at the year end of £590 million (Note 13) which have a repayment date of 9 January 2019. They are therefore due within 12 months of the date of approval of the financial statements. These Eurobonds are held by the ultimate parent, BIIF LP.</p> <p>The subsidiary company has received a letter from the Manager (3i BIFM Investments Limited) of the ultimate parent entity confirming that it does not expect that the bonds will be called for repayment unless the liquidity position of the subsidiary company is adequate to justify such repayment. It is not expected that these conditions will arise in the next 12 months. The manager has also confirmed that it does not expect the ultimate parent entity to have or incur any liabilities which may require repayment of the loan due from the subsidiary company in the next 12 months.</p> <p>Based upon the matters above, the directors have concluded that the Eurobonds will not require repayment within the next 12 months, and it is therefore appropriate to prepare the financial statements on a going concern basis.</p>	<p>We have discussed the position with regard to the terms of the bonds with the Directors of the subsidiary company and the Directors of the company to confirm their understanding of the terms of the letter from the Manager and that it reflects their understanding of the facts and circumstances. We have also confirmed that it is consistent with our own knowledge of the subsidiary company and the wider Group, including the ultimate parent.</p> <p>We noted that there are common directors on the Boards of the Manager and the subsidiary company, and that the Manager is also responsible for the preparation and approval of the financial statements of the ultimate parent.</p> <p>We confirmed that under the terms of the partnership agreement of the ultimate parent, BIIF LP, that the Manager has the authority to issue the letter and not to seek repayment of the bonds on 9 January 2019.</p> <p>We considered the adequacy of the disclosures made by the Directors of the company in note 1 setting out the basis of their conclusion that adoption of the going concern basis of preparation of the financial statements is appropriate.</p> <p>Our conclusion in respect of going concern is set out below in the section of our report titled "Conclusions Relating to Going Concern".</p>

We determined that there were no key audit matters applicable to the company to communicate in our report.

How we tailored the audit scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the group and the company, the accounting processes and controls, and the industry in which they operate.

The group comprises a number of operating subsidiaries, intermediary holding companies, joint ventures and associates.

Our audit scope included the audit, for individual statutory purposes, of the majority of entities in the group. We have assessed the coverage that we obtained from that work performed and are satisfied that we have covered a sufficient proportion of the group's activities to express an opinion on the consolidated financial statements.

Our audit scoping included full scope audit procedures over components which contributed 75% of the group's consolidated turnover.

Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

Based on our professional judgement, we determined materiality for the financial statements as a whole as follows:

	<i>Group financial statements</i>	<i>Company financial statements</i>
Overall materiality	£7,791,150	£7,012,035
How we determined it	5% of earnings before interest, tax, depreciation and amortisation ("EBITDA")	An allocation of group materiality
Rationale for benchmark applied	EBITDA is a generally accepted performance benchmark which is commonly used by shareholders of groups with investment portfolios which are financed through debt. It is a benchmark that is closely correlated to the cash flows generated by the portfolio of investments. It is therefore considered the most appropriate benchmark for assessing materiality for the audit of the Group.	We considered the most appropriate benchmark for the company to be total assets as it is a holding company, however this resulted in a materiality that was significantly higher than Group materiality. Therefore, we applied an allocation of Group materiality.

For each component in the scope of our group audit, we allocated a materiality that is less than our overall group materiality. The range of materiality allocated across components was between £15,764 and £7,012,035. Certain components were audited to a local statutory audit materiality that was also less than our overall group materiality.

We agreed with the Directors that we would report to them misstatements identified during our audit above £389,000 (Group audit) and £350,100 (company audit) as well as misstatements below those amounts that, in our view, warranted reporting for qualitative reasons.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you when:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's and company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the group's and company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 December 2017 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the group and company and their environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 5, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the company financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

1. Accounting policies

A summary of the principal Group Accounting Policies, all of which have been applied consistently throughout the year, is set out below.

Statement of compliance

BIIF Holdco Limited is a limited liability company incorporated in England. The Registered Office is Cannon Place, 78 Cannon Street London EC4N 6AF.

The Group's financial statements have been prepared in compliance with FRS 102 as it applies to the financial statements of the Group for the year ended 31 December 2017.

Basis of preparation

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain financial instruments and in accordance with Companies Act 2006 and applicable Accounting Standards in the United Kingdom. The financial statements are prepared in sterling which is the functional currency of the Group and rounded to the nearest £'000.

The Directors have taken advantage of the exemption available under section 408 of the Companies Act 2006 and have not prepared a statement of comprehensive income for BIIF Holdco Limited.

Going concern

The Group has received loans from external banks, which are secured against the cash flows from the Group's investments and also loans from its ultimate parent undertaking. The financial statements have been prepared on a going concern basis following an assessment of the financial viability of each of the Group's principal investments, and also the sources of cash flow projected to be available to service the portfolio debt obligations within the Group. This assessment indicates that although the Group currently has net liabilities, sufficient funds will be generated to allow ongoing obligations to be met as they fall due.

Method of consolidation – subsidiaries

On acquisition of a business, all the business' assets and liabilities that exist at the date of acquisition are recorded at their fair values. Initially, provisional fair values are allocated and these are finalised within twelve months of the date of control. All changes to those assets and liabilities and resulting gains and losses that arise after the Group has gained control of the subsidiary are charged to the post acquisition statement of comprehensive income. The purchase consideration is measured as the fair value of the assets given up or liabilities undertaken plus costs directly attributable to the acquisition. Goodwill is the excess purchase consideration over the fair value of the identifiable assets and liabilities acquired.

Subsidiaries are enterprises that are controlled by the Group over which it typically has in excess of 50% of the voting rights. The Group consolidates the results of the company and its subsidiaries. Subsidiary acquisitions are accounted for using the acquisition method of accounting. All inter-group transactions, balances and unrealised gains on transactions between Group entities have been eliminated in full.

Fair value adjustments which are made at the date of acquisition are amortised on a straight line basis over the period of the life of the underlying asset.

Uniform accounting policies are applied across all subsidiaries within the Group.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

Accounting policies (continued)

Method of consolidation – associates and joint ventures

Investments in associates and joint ventures are consolidated using the equity method. In arriving at the amounts to be included by the equity method, the same accounting policies as those of BIIF Holdco Limited are applied. Where practicable, associates and joint ventures are included on the basis of financial statements prepared for a period not more than three months before the Group's year end. Where the associate's or joint venture's accounting reference date is greater than three months prior to 31 December, the associates are consolidated based on the latest statutory accounts adjusted for management accounts to 31 December.

Associates are enterprises, other than joint ventures, that are not controlled by the Group, over which the Group generally has between 20% and 50% of the voting rights, or over which the Group has significant influence.

All balances and effects of transactions between each associate and joint venture and the Group have been eliminated to the extent of the Group's interest in the associate and joint venture.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Significant judgements

The judgements (apart from those involving estimations) that management has made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements are as follows:

i) Hedge accounting and consideration of the fair value of derivative financial instruments

The Group uses derivative financial instruments to hedge certain economic exposures in relation to movements in interest rates and movements in RPI as compared with the position that was expected at the date the underlying transaction being hedged was entered into. The Group fair values its derivative financial instruments and records the fair value of those instruments on its statement of financial position.

Movements in the fair values of the Group's derivative financial instruments may be accounted for using hedge accounting where the requirements of hedge accounting are met under FRS 102 including the creation of compliant documentation and meeting the effectiveness testing requirements. If a hedge does not meet the criteria for hedge accounting, which may include a consideration of whether there has been a substantial modification to the terms of the hedge, or where there is some degree of ineffectiveness identified in respect of the hedging relationship, then the change in fair value in relation to these items will be recorded in the comprehensive income statement. If a hedging relationship is judged to be discontinued for hedge accounting then any amounts previously deferred in other comprehensive income in respect of that previously hedged position, must immediately be recognised in the income statement. Otherwise, in respect of the Group's derivative financial instruments, these changes in fair value are recognised in other comprehensive income.

As referred to above, the Group carries its derivative financial instruments on its statement of financial position at fair value. No market prices are available for these instruments and consequently the fair values are derived using financial models developed by the shareholders based on counterparty information that is independent of the Group, but use observable market data in respect of RPI and interest rates as an input to valuing those derivative financial instruments.

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

Accounting policies (continued)

ii) Revaluation of investment properties

The Group carries its investment property at fair value, with changes in fair value being recognised in profit or loss. The Group engaged independent valuation specialists to determine fair value at 30 April 2017 (residential property) and 31 December 2013 (commercial property). The valuer used a valuation technique based on a discounted cash flow model as there is a lack of comparable market data because of the nature of the property. The determined fair value of the investment property is most sensitive to the estimated yield as well as the long term vacancy rate. The key assumptions used to determine the fair value of investment property are further explained in note 7.

iii) Deferred taxation

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Judgements are required to be made as to the calculation and identification of timing differences and in the case of the recognition of deferred taxation assets, the Directors have to form an opinion as to whether it is probable that the deferred taxation asset recognised is recoverable against future taxable profits arising. This exercise of judgement requires the Directors to consider forecast information over a long-time horizon having regard to the risks that the forecasts may not be achieved and then form a reasonable opinion as to the recoverability of the deferred taxation asset.

Key sources of estimation uncertainty

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

i) Impairment of assets

The carrying value of those assets recorded on the Group's statement of financial position at amortised cost could be materially reduced if the value of those assets were assessed to have been impaired. Impairment reviews are performed in the event that circumstances change which might indicate that an asset has been impaired. In principle, such impairment reviews consider the fair value and or value in use of the potentially impaired asset or assets and compares that with the carrying value of the asset or assets on the statement of financial position. Any reduction in value arising from such a review would be recorded in the income statement. Impairment reviews involve the significant use of assumptions. Consideration has to be given as to the price that could be obtained for the asset or assets, or in relation to a consideration of value in use, estimates of the future cash flows that could be generated by the potentially impaired asset or assets, together with a consideration of an appropriate discount rate to apply to those cash flows.

ii) Accounting for service concession agreements

Accounting for the service concession contracts and finance debtors requires estimation of service margins, finance debtor interest rates and associated amortisation profiles which are based on forecast results of the contracts.

Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

i) Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

Accounting policies (continued)

ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Turnover

Turnover represents the services share of the management services income received by the Group for the provision of a PFI asset to the customer. This income is received over the life of the concession period. Management service income is allocated between revenue and reimbursement of finance debtor so as to generate a constant rate of return in respect of the finance debtor over the life of the contract.

Interest income

Interest income is recognised as interest accrues using the effective interest method.

Dividends

Dividends are recognised as income when the Group's right to receive payment is established.

Foreign currencies

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The assets and liabilities of overseas subsidiary undertakings are translated into the presentational currency at the rate of exchange ruling at the statement of financial position date. Income and expenses for each statement of comprehensive income are translated at exchange rates at the dates of transaction. All resulting exchange differences are recognised in other comprehensive income.

Accounting for PFI assets

The Group has taken the transition exemption in FRS 102 Section 35.10(i) that allows the Group to continue the service concession arrangement accounting policies from previous UK GAAP.

i. Finance debtor

The company is accounting for the concession asset based on the ability to substantially transfer all the risks and rewards of ownership to the customer, with this arrangement the costs incurred by the company on the design and construction of the assets have been treated as a finance debtor within these financial statements.

ii. Tangible fixed assets

The company is accounting for the concession asset based on the inability to substantially transfer all the risks and rewards of ownership to the customer, with this arrangement the costs incurred by the company on the design and construction of the assets have been treated as a fixed asset within these financial statements.

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

Accounting policies (continued)

iii. Investment properties

Investment properties are accounted for in accordance with FRS 102 Section 16 'Investment Property'. Investment properties are revalued every two to three years by an external qualified and registered property valuer and every other year the Directors assess the carrying value in light of any changes in market conditions. The aggregate surplus or deficit is charged to the income statement; and no amortisation is provided in respect of long leasehold investment properties.

Depreciation

On completion (date on which an availability certificate is issued), depreciation is charged on buildings on a straight line basis to the income statement over the useful economic life of each asset. The annual rates applied to each class of asset are:

Buildings	concession period 25 to 35 years – 2.9% to 4.0% straight line
Equipment	concession period 25 to 29 years straight line
	short life assets 3-4 years straight line and 12.5% – 33% reducing balance

Impairment

All assets, including financial assets, are reviewed for impairment annually at the reporting date. Where an indicator of impairment or objective evidence exists, an estimate of the asset's recoverable amount is made. An impairment loss is recognised in the income statement for the amount by which the asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets. This is at the individual project company level within the Group.

Government grants

Grants which relate to specific capital expenditure are accounted for using the accrual model. These are initially treated as deferred income and subsequently released to the income statement on a straight line basis over the asset's useful economic life. Other grants are recognised in the income statement when any associated performance conditions are met.

Deferred income

Deferred income also includes capital contributions towards the construction of fixed assets from the public sector counterparty on certain projects completed by the Group. These are accounted for using the accrual model and released to the income statement on a straight line basis over the life of the related asset.

Capital instruments

Shares are included in shareholder funds. Debt instruments, which contain an obligation to repay, are classified as liabilities. The finance costs recognised in the income statement in respect of capital instruments, other than shares, are allocated to periods over the operating life of the instrument to which they relate at a constant carrying amount in accordance with FRS 102 section 22.

BHIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

Accounting policies (continued)

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the income statement, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in the income statement immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Hedge accounting

Some entities in the Group have entered into an arrangement with third parties that is designed to hedge future cash flows arising on variable rate interest loan arrangements, with the net effect of exchanging the cash flows arising under those arrangements for a stream of fixed interest cash flows ("interest rate swaps"). Some entities have also entered into an arrangement with third parties that is designed to hedge future cash receipts arising from its principal activity (RPI swaps). These entities have designated that these arrangements are a hedge of another (non-derivative) financial instrument, to mitigate the impact of potential volatility on the Group's net cash flows.

To qualify for hedge accounting, documentation is prepared specifying the hedging strategy, the component transactions and methodology used for effectiveness measurement. Changes in the carrying value of financial instruments that are designated and effective as hedges of future cash flows ("cash flow hedges") are recognised directly in a hedging reserve in equity and any ineffective portion is recognised immediately in the income statement. Amounts deferred in equity in respect of cash flow hedges are subsequently recognised in the income statement in the same period in which the hedged item affects net profit or loss or the hedging relationship is terminated and the underlying position being hedged has been extinguished.

Capital risk management

The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

Accounting policies (continued)

Company

Disclosure exemptions

The company satisfies the criteria of being a qualifying entity as defined in FRS 102. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102:

- (a) No cash flow statement has been presented for the Company.
- (b) The Company has taken advantage of the exemption in section 33 of FRS 102 'Related Party Disclosures', that allows it not to disclose transactions with wholly owned members of a group.

2. Turnover

The turnover and loss before tax are attributable to the one principal activity of the Group and arise entirely from continuing operations. An analysis of revenue is given below:

	31 Dec 2017	31 Dec 2016
	£000	£000
United Kingdom	310,910	303,413
Other European Union	7,997	7,182
Total revenue	<u>318,907</u>	<u>310,595</u>

3. Interest and similar items

	31 Dec 2017	31 Dec 2016
	£000	£000
Interest payable		
Interest payable on bank loans and overdrafts	(82,188)	(81,866)
Interest payable on Eurobond	(49,320)	(49,565)
Interest on long term bond	(11,727)	(9,848)
Total interest payable and similar items	<u>(143,235)</u>	<u>(141,279)</u>
Interest receivable		
Bank interest receivable	429	808
Other interest receivable	7,435	7,002
Finance debtor interest receivable	50,492	54,192
Total interest receivable	<u>58,356</u>	<u>62,002</u>
Net interest payable and similar items	<u>(84,879)</u>	<u>(79,277)</u>

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

4. Loss on ordinary activities before taxation

	31 Dec 2017	31 Dec 2016
	£000	£000
Loss on ordinary activities before taxation is stated after charging:		
Depreciation of tangible fixed assets	21,761	21,453
Amortisation of fair value adjustments	30,221	30,221
Wages and salaries	5,720	5,266
Social security costs	647	588
Other pension costs	441	338
Fee payable to the company auditor for the audit of the parent company, subsidiary companies and consolidated accounts (parent company: 2017: £4K 2016: £4K)	749	730
Fees payable to the company auditor for other services		
- Audit-related services	11	12
- Tax compliance and advisory services	268	184

The number of monthly average employees in the financial year other than the Directors was 83 (2016: 79).

None of the Directors of the Company received any remuneration from the Group during the year (2016: £nil). Attention is drawn to the payments made to certain Directors of subsidiary undertakings disclosed in note 19.

5. Results of holding company

A Company profit of £565K (2016: £nil) is dealt with by the group accounts of BIIF Holdco Limited. The Directors have taken advantage of the exemption available under section 408 of the Companies Act 2006 and have not presented a statement of comprehensive income for the Company.

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

6. Taxation

	31 Dec 2017	31 Dec 2016
	£000	£000
Current tax		
UK corporation tax on profit/(loss) for the year	4,148	5,678
Adjustments in respect of prior periods for subsidiary companies	3,071	(969)
Tax on profit on ordinary activities	<u>7,219</u>	<u>4,709</u>
Deferred tax		
Origination and reversal of timing differences	2,552	(8,295)
Adjustments in respect of prior periods for subsidiary companies	96	(256)
Impact of change in tax rate	(27)	(978)
Total deferred tax credit	<u>2,621</u>	<u>(9,529)</u>
Tax on profit/(loss) on ordinary activities	<u>9,840</u>	<u>(4,820)</u>

The tax assessed for the year is higher than (2016: lower than) the standard rate applying in the UK (19.25%) (2016: 20%).
The differences are explained below:

	31 Dec 2017	31 Dec 2016
	£000	£000
Group profit/(loss) on ordinary activities before tax	<u>14,026</u>	<u>(19,506)</u>
Profit/(Loss) on ordinary activities at the UK tax rate 19.25% (2016: 20%)	2,700	(3,901)
Effects of:		
Expenses/(income) not deductible for tax purposes	765	(2,163)
Losses utilised	1,328	(1,230)
Adjustment in respect of prior year tax charge	3,167	(1,225)
Non-trading transfer pricing adjustment	4,630	4,957
Group relief not paid	(2,724)	(280)
Effect of rate change	(26)	(978)
Tax on profit/(loss) on ordinary activities	<u>9,840</u>	<u>(4,820)</u>

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

7. Tangible fixed assets - Group

	Buildings £000	Equipment £000	Total £000
Cost or valuation			
As at 1 January 2017	435,371	130,183	565,554
Additions	20	20	40
Disposals	-	(482)	(482)
Foreign exchange translation adjustment	-	1,907	1,907
As at 31 December 2017	435,391	131,628	567,019
Depreciation			
As at 1 January 2017	136,897	55,697	192,594
Charge for the period	15,407	6,354	21,761
Disposals	-	(436)	(436)
Foreign exchange translation adjustment	-	434	434
As at 31 December 2017	152,304	62,049	214,353
Net book value			
As at 31 December 2017	283,087	69,579	352,666
As at 31 December 2016	298,474	74,486	372,960

Interest charged to the income statement included within the depreciation charge is £578K (2016: £586K).

Interest capitalised to date, included in cost, totals £23,701K (2016: £24,357K).

Included within the total for Equipment is £nil (2016: £nil) in respect of assets held under finance lease.

Company

The Company had no fixed assets at 31 December 2017 (2016: none).

Investment properties - Group

	Land & Buildings £000
Cost or valuation	
As at 1 January 2017	66,864
Revaluation	-
As at 31 December 2017	66,864

The Group holds residential and commercial investment properties.

The residential investment properties were revalued in April 2017 by Alistair Wood a member of the Royal Institution of Chartered Surveyors on behalf of Cushman & Wakefield Debenham Tie Leung Limited. The valuation was recognised in the Financial Statements to 31 December 2016. The basis of the valuation was to compare recent arm's length transactions in respect of market rent and market value, together with an external inspection of all properties from adjacent public roads and footpaths. Valuations are performed every 2 years, the Directors are satisfied there has been no reason to assume any significant movement in valuation since April 2017. When carrying out the valuation the following assumptions have been made:-

- A) Market Value increased by 8.2% since the previous valuation in 2015.
- B) Average property value of £231,000.
- C) Rental income increased by 19.2% since

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

Investment properties – Group (continued)

The commercial investment property was revalued on a vacant possession basis in December 2013 by Ian Palmer a member of the Royal Institution of Chartered Surveyors on behalf of Rushton International. In the current year the directors have assessed the carrying value against current market conditions and believe it remains appropriate.

Company

The Company had no investment properties at 31 December 2017 (2016: none).

8. Investments

The Group has no fixed asset investments.

Investments in Group undertakings are stated at cost and are listed in note 23 and 24. The Directors consider that to give full particulars of all subsidiaries would lead to a statement of excessive length.

The Group accounts for an investment as an associate when it has significant influence but not control. This is typically demonstrated when the Group nominates one or more Directors to the board of the investment. Where the shareholder agreements stipulate that all shareholders with board representation must consent to the approval of key matters the Group designates the investment to be a joint venture, even if the equity holding is not 50%.

Sub participation amounts due represents debt due from the bank, arising from a sub-participation agreement between the bank and a subsidiary company (PFI Senior Funding Limited) dated 28 July 2011. These loans are secured by a fixed and floating charge over all the assets, rights and undertakings of the individual project companies. Each project has an individual repayment profile with the final payment being settled at the end of each project concession.

The Company did not have any bank or other loans at 31 December 2017 (2016: none).

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

13. Creditors: amounts falling due after one year (continued)

(a) Bank loans

The total amount drawn down under bank loans at the year-end was £1,363,243K (2016: £1,422,666K). Costs of £28,515K (2016: £30,504K) have been set off against the total loan drawdowns, with £2,631K (2016: £3,342K) of these debited to the income statement in the year.

An amount of £815,800K (2016: £821,856K) relates to two senior banking facilities. The first facility relates to the finance of 18 PFI projects and is secured by a fixed and floating charge over the assets of these projects. This facility expires on 30 Sept 2035. The second facility is split into two parts Facility A £476,521K (2016: £476,521K) which expires on 31 December 2025, and Facility B £47,975K (2016: £47,975K) which is scheduled to be fully repaid by 31 December 2035. The second facility is secured over the distributions and shareholder loan payments from all group companies, excluding those secured under the first facility. The loan facilities have principal payments due on a six-monthly basis. The Company has interest rate swap arrangements and under these arrangements the Company receives interest on a variable basis and also pays interest at 7.008%. Facility B has a fixed lending rate of 4.182%. The other bank loan of £291,304K (2016: £297,360K) receives interest on a variable basis and pays interest at a fixed rate of 8.55%. This loan will be repaid by 30 September 2035.

The remaining facilities relate to borrowings held by individual project subsidiary companies and they are secured by way of fixed and floating charges over the assets of the specific project company which holds the borrowings. Maturity of these facilities ranges from 2016 to 2035. Interest payable on the Group's bank loans ranges from rates of 5.11% to 7.99%.

(b) Eurobond

A subsidiary in the Group has issued a Eurobond, listed on the Channel Islands Securities Exchange, totalling £589,942K (2016: £617,875K) which was subscribed for in full by the ultimate parent entity, BIIF LP. This Eurobond bears interest at 8% per annum and falls due for repayment on 9 January 2019.

During the year, the Company has issued a Eurobond, listed on the Channel Islands Securities Exchange, totalling £38,078K (2016: none) which was subscribed for in full by the ultimate parent entity, BIIF LP. This Eurobond bears interest at 8% per annum and falls due for repayment on 31 December 2045.

(c) Secured bonds

A subsidiary has issued, at par value, £87,190K (2016: £87,190K) 3.443% index-linked guaranteed secured bonds due 2004-2036. The bond is secured by way of a fixed and floating charge over the assets of the subsidiary and two immediate holding companies. Both the interest and principal balances are adjusted for the increase in the Retail Price Index at six monthly intervals, which cumulatively at 31 December 2017 amounted to 60.71% (2016: 56.66%).

A subsidiary has issued £79,314K (2016: £79,314K) 7.12% secured bonds which are due 2028. The bond is secured by way of a fixed and floating charge over the assets of the subsidiary.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

13. Creditors: amounts falling due after one year (continued)

The maturity profile of all bonds is as follows:

	31 Dec 2017 £000	31 Dec 2016 £000
Amounts repayable in one year or less or on demand	5,827	7,505
Amounts falling due after one year	770,178	765,485
	<u>776,005</u>	<u>772,990</u>
Unamortised finance costs associated with the bond issue	(929)	(979)
	<u>775,076</u>	<u>772,011</u>
Included within creditors: amounts falling due within one year	(5,746)	(7,421)
Amounts falling due after one year	<u>769,330</u>	<u>764,590</u>

(d) Other loans (all unsecured)

A subsidiary in the group has issued loan notes totalling £1,073K (2016: £1,011K) which bear interest at 13.5%. Of this balance, £785K (2016: £724K) represents unpaid interest on the loan notes and is due for payment within twelve months. The balance falls due for payment on 31 March 2032.

A subsidiary in the group has issued a £46K (2016: £39K) loan stock instrument. The loan bears a Coupon of 13.5% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The amount is charged to the income statement as interest falls payable. The sum was advanced under a subordinated loan agreement and is, therefore, unsecured and would rank alongside ordinary creditors in the event of a winding up.

The same subsidiary also issued a £140K (2016: £134K) subordinated loan note issued at a price of 20 pence for each £1 in nominal value of loan stock held. The loan bears a Coupon of 13.5% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The sums were advanced under a subordinated loan agreement and rank alongside ordinary creditors but above the loan stock detailed above in the event of a winding up.

The same subsidiary also issued a £267K (2016: £267K) subordinated loan note. The loan bears a Coupon of 13.5% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The sums were advanced under a subordinated loan agreement and rank alongside ordinary creditors but above the loan stock detailed above in the event of a winding up.

A subsidiary in the group has issued an unsecured loan with a value of £1,340K (2016: £844K) due 2037, bearing interest at 13.04%.

A subsidiary in the group has issued loan stock with a value of £413K (2016: £526K). The loan stock bears interest at 14% per annum and is repayable in semi-annual instalments with the final payment due on 31 August 2018.

A subsidiary in the group has issued loan stock with a value of £715K (2016: £715K) bearing interest at 13% per annum. Of this balance, £64K (2016: £64K) represents unpaid interest on the loan notes and is due for payment within twelve months. The principal is repayable in full in February 2036.

A subsidiary in the group has issued loan stock with a value of £927K (2016: £1,236K) bearing interest at 9% and is repayable in instalments to December 2019.

A subsidiary in the group has issued loan stock with a value of £nil (2016: £160K). The loan stock bears interest at 13% and has repayment dates between 15 December 2012 and 15 December 2017. The loan was repaid on 15 December 2017.

BHIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

13. Creditors: amounts falling due after one year (continued)

A subsidiary in the group has issued loan stock with a value of £4,717K (2016: £5,293K). The loan stock bears interest at the rate per annum determined by the lender which will be calculated according to the aggregate of margin, LIBOR, and mandatory costs. The debt is repayable in 41 consecutive six monthly instalments, the first of which was repaid in August 2002 with the final instalment due on 31 August 2023.

A subsidiary in the group has issued loan stock with a value of £407K (2016: £449K). The loan stock bears interest at 8.5%.

(e) Zero coupon bond

A subsidiary company has issued a zero coupon bond with a redemption value of £8,000K (2016: £8,000K) on 3 October 2022. This bond was issued at a discount value of £633K which is amortised to maturity at a constant rate on the carrying amount of the debt.

(f) Other creditors

Included in other creditors is a decommissioning provision of £459K (2016: £417K) which provides for the future costs of decommissioning a wind farm. The provision has been discounted at an annual rate of 10% and this discount is charged to the statement of comprehensive income until 2027, the estimated date of decommissioning.

(g) Deferred income

Group	31 Dec 2017 £000	31 Dec 2016 £000
As at 1 January	54,369	54,088
Arising during the period	-	-
Amortised during the period	(2,089)	(167)
Foreign exchange translation adjustment	(585)	448
As at 31 December	<u>51,695</u>	<u>54,369</u>

Deferred income is divided as follows:

- In fourteen projects, on completion of construction of the facilities, the public sector client made payments to the respective project companies (Eastbrook Facilities Limited, Covesea Limited, GH Newham Limited, GH Bodmin Limited, Kintra Limited, Bannockburn Homes Limited, KE Project Limited, LH Project Limited, Machrie Limited, NewSchools (Penweddig) Limited, Connect A50 Limited, Innovate East Lothian Limited, Blackshaw Healthcare Services Limited and Adams Campus Limited) as a contribution to the capital cost of the works. These contributions were deferred and will be amortised over the life of the project. The balance as at 31 December 2017 was £25,513K (2016: £27,101K).
- £9,331K (2016: £10,077K) in respect of funding grants which will be amortised over the lifetime of the PFI concession contract.
- £4,844K (2016: £5,184K) received following the arrangement of an RPI SWAP which will be amortised over the lifetime of the contract.
- £12,007K (2016: £12,007K) in respect of asset renewal underspend.

Of the balance at the year-end, it is expected that £12,862K (2016: £14,202K) will be realised within 12 months and £38,833K (2016: £40,167K) will be realised after 12 months.

BIIF Holdco Limited

Notes to the financial statements

The value of the contract in the year was £5,940K (2016: £6,442K). At 31 December 2017, £nil (2016: £nil) remained outstanding.

The Group has subcontracted the design, build, operation and maintenance of Societe Des Bus Hybrids Dijonnais to Heuliez Bus, a company which holds a minority interest in Societe Des Bus Hybrids Dijonnais. During the year Societe Des Bus Hybrids Dijonnais was invoiced £729K (2016: £489K) by Heuliez Bus for these services. At 31 December 2017, £300K (2016: £52K) remained outstanding.

The Group has subcontracted the design, build, operation and maintenance of Helios B to Engie Group, a company which holds a minority interest in Helios B. Engie Group also receives a reimbursement of the costs of a corporate guarantee. During the year Helios B was invoiced £2,560K (2016: £1,763K) by Engie Group in connection with these services. At 31 December 2017 £37K (2016: £36K) remained outstanding.

20. Parent undertaking and ultimate controlling party

The ultimate parent and controlling entity is BIIF LP. BIIF LP is owned by a number of investors, with no one investor having individual control.

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2017

21. Pension

The Company operates a defined contribution pension scheme for its employees.
The amount recognised as an expense in the statement of comprehensive income was:

	31 Dec 2017 £000	31 Dec 2016 £000
Current year contributions	<u>441</u>	<u>338</u>

22. Financial instruments

(a) Carrying amount of financial instruments

	31 Dec 2017 £000	31 Dec 2016 £000
Assets measured at amortised cost	1,396,408	1,468,635
Assets measured at cost less impairment	315,269	289,644
Assets measured at fair value	57,632	63,139
Liabilities measured at fair value through profit and loss	(547,315)	(609,348)
Liabilities measured as amortised cost	<u>(2,119,850)</u>	<u>(2,174,847)</u>

(b) Financial instruments measured at fair value

Derivative financial instruments

The fair value of interest rate swaps is based on valuations provided by the swap counterparties. Those valuations are tested for reasonableness by discounting estimated future cash flows based on the terms and maturity of each contract and using market interest rates for a similar instrument at the measurement date.

The interest rates used to discount estimated cash flows, where applicable are based on market interest rates.

The fair value of RPI swaps is based on valuations provided by the swap counterparties. Those valuations are tested for reasonableness by discounting estimated future cash flows based on the terms and maturity of each contract and using market forecast inflation rates.

The amount of change in fair value attributable to own credit risk cannot be measured reliably.

The derivative contracts used by the group are typical for PFI projects. Where projects are debt-funding, interest on the loan is calculated by reference to a floating rate. Interest rate swaps hedge Libor fluctuations and mitigate the risk that debt interest costs will fluctuate as Libor fluctuates. The full amount of the senior debt service payment is hedged in this way.

RPI swaps are used to hedge fluctuations in the inflation index which is relevant for the project. Low inflation would otherwise cause a shortfall in cash with which to make senior debt service payments. RPI swaps are structured in such a way to ensure that any volatility in cash flow for senior debt service that could arise due to inflation fluctuations is effectively neutralized.

Interest rate swaps and RPI swaps, where used, are conditions imposed on the PFI project company by the senior debt provider to ensure stability in cash flows.

(c) Hedge accounting

The following table indicates the periods in which the cash flows associated with cash flow hedging instruments are expected to occur and affect profit and loss as required by FRS 102.29(a) for the cash flow hedge accounting models:

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2017

22. Financial instruments (*continued*)

	Carrying amount £000	Expected cash flows £000	1 year or less £000	1 year or more £000
Period ended 31 December 2017				
Interest rate swaps:				
Assets	57,632	57,632	-	57,632
Liabilities	(438,024)	(438,024)	(54,214)	(383,810)
RPI swaps:				
Liabilities	(109,291)	(109,291)	(13,527)	(95,764)
Period ended 31 December 2016				
Interest rate swaps:				
Assets	63,139	63,139	-	63,139
Liabilities	(490,560)	(490,560)	(55,066)	(435,494)
RPI swaps:				
Liabilities	(118,788)	(118,788)	(13,334)	(105,454)

The group applies hedge accounting in accordance with FRS102.12.

Interest rate swaps are used as a hedging instrument against a floating rate loans as the hedged item. RPI swaps are used as a hedging instrument against that portion of unitary payment receipts which are required to make periodic senior debt service payments.

Fair value of these hedging instruments are reported in note 22(d). The amount of the change in fair value of the hedging instruments recognised in other comprehensive income for the period and the amount that was recycled to profit or loss for the year are shown in the statement of consolidated other comprehensive income.

(d) Fair values

The amounts for all financial assets and financial liabilities carried at fair value are as follows:

	Fair value 31 Dec 2017 £000	Fair value 31 Dec 2016 £000
Interest rate swap contracts	(380,392)	(427,421)
RPI swap contracts	(109,291)	(118,788)

During 2017, a hedging gain of £28,252K (2016: loss £(52,954K)) was recognised in other comprehensive income for changes in the fair value of the interest rate swap together with a gain of £25,502K (2016: loss £(17,065K)) recognised in the profit and loss.
