**Abbreviated balance sheet (continued)
as at 30 April 2015**

The abbreviated accounts, which have been prepared in accordance with the provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006, were approved and authorised for issue by the board and were signed on its behalf on 27 January 2016.

B H Pull
Director

The notes on pages 3 to 6 form part of these financial statements.

INTENSIVE MANAGEMENT SUPPORT (INVESTMENTS) LIMITED

Notes to the abbreviated accounts for the year ended 30 April 2015

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Cash flow

The financial statements do not include a Cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.3 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

Turnover is attributable to the company's principal activity. Sales revenue is recognised when substantially all the risks and rewards have been passed to the customers.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Fixtures & fittings	- 25% on cost
Computer equipment	- 33% - 50% on reducing balance

1.5 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

1.6 Investment properties

Investment properties are included in the Balance sheet at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company.

1. ACCOUNTING POLICIES (continued)

1.7 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.8 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and loss account.
