The directors present their report and the audited financial statements for the year ended 31 March 2015. The Company's registered number is 04319821.

### **Principal and future activity**

The Company's principal activity is to pay claims on behalf of Experian Finance plc for its corporate healthcare scheme and, following a review during the year ended 31 March 2015, cash to meet such claims is held by the Company rather than by Experian Finance plc. The directors anticipate that the Company will continue to carry out its current principal activity along these lines.

Experian Finance plc is a related party of the Company and disclosures in respect of claims paid and recovered together with amounts due from and to that company are given within these financial statements.

### **Principal risks and uncertainties**

The principal risks and uncertainties facing the Company are connected to the level of claims arising in respect of members of this corporate healthcare scheme and the ability of Experian Finance plc to fund such claims. Management of the corporate healthcare scheme is carried out by BUPA.

### **Results and dividends**

The profit for the financial year was £355 (2014: £nil). No dividend was paid or proposed in respect of the year (2014: £nil).

### **Statement of directors' responsibilities**

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with UK Generally Accepted Accounting Practice (UK Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

## **Report on the financial statements**

### **Our opinion**

In our opinion, Experian Medical Plan Limited's financial statements (the 'financial statements'):

- give a true and fair view of the state of the Company's affairs as at 31 March 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **What we have audited**

The financial statements comprise:

- the balance sheet as at 31 March 2015;
- the profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

*The financial reporting framework that has been applied in their preparation is applicable law and the Financial Reporting Standard for Smaller Entities (Effective April 2008) (United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities).*

In applying the financial reporting framework, the directors have made a number of subjective judgments, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

### **Other matters on which we are required to report by exception**

#### **Adequacy of accounting records and information and explanations received**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

#### **Directors' remuneration**

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

#### **Entitlement to exemptions**

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: prepare financial statements in accordance with the small companies regime; take advantage of the small companies exemption in preparing the directors' report; and take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

## Our responsibilities and those of the directors

As explained more fully in the Statement of directors' responsibilities set out on pages 1 and 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK & Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

## What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgments against available evidence, forming our own judgments, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the directors' report and financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

## Notes to the financial statements for the year ended 31 March 2015

### 1. Accounting policies

#### **Basis of accounting**

These financial statements have been prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006, the Financial Reporting Standard for Smaller Entities (effective April 2008) and applicable UK accounting standards. The principal accounting policies are set out below and they have been applied consistently throughout the year.

#### **Reporting currency**

These financial statements are presented in sterling, the Company's local currency.

#### **Income and expenditure**

Expenditure is recognised on the basis of the amounts invoiced to the Company by the service provider in respect of the year to recover settled claims. The whole of such expenditure is recovered from Experian Finance plc and accordingly recognised as other operating income in the financial year.

#### **Deferred tax**

Deferred tax has been recognised as a liability or asset if transactions have occurred at the balance sheet date that give rise to an obligation to pay more tax, or a right to pay less tax, in the future. A deferred tax asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities recognised have not been discounted.

#### **Provisions for liabilities**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

#### **Cash flow statement**

The Company is not required to publish a cash flow statement under the terms of the Financial Reporting Standard for Smaller Entities (effective April 2008).

### 2. Profit on ordinary activities before tax

No directors received any remuneration in respect of their services to the Company during the year ended 31 March 2015 (2014: £nil).

The Company had no employees during the current or prior year and accordingly no employee costs are included in these financial statements (2014: £nil).

The auditors received remuneration of £2,000 for the audit of the Company's financial statements for the year ended 31 March 2015 (2014: £2,000) which was paid by Experian Finance plc and was not recharged.

Further reductions will reduce the rate to 19% from 1 April 2017 and 18% from 1 April 2020. These further reductions had not been substantively enacted at 31 March 2015 and their effects are therefore not recognised in these financial statements.
