Notes to the Financial Statements For The Year Ended 31 May 2018

1. STATUTORY INFORMATION

Mayne Vision Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

In the opinion of the directors, it remains appropriate to continue to adopt the going concern basis of accounting.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Fixtures and fittings - Over 5 years

Motor vehicles - 25% on reducing balance

Computer equipment - Over 4 years

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Trade and other receivables

Trade and other receivables are measured at transaction price less any impairment unless the arrangement constitutes a financing transaction in which case the transaction is measured at the present value of the future receipts discounted at the prevailing market rate of interest. Loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest method less any impairment.

Trade and other payables

Trade and other payables are measured at their transaction price unless the arrangement constitutes a financing transaction in which case the transaction is measured at present value of future payments discounted at prevailing market rate of interest. Other financial liabilities are initially measured at fair value net of their transaction costs. They are subsequently measured at amortised cost using the effective interest method.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 3 (2017 - 4).
