#### Appendix 3 Joint Liquidators' charging and expenses policy

Joint Liquidators' charging policy

The time charged to the liquidation is by reference to the time properly given by the Joint Liquidators and their staff in attending to matters arising in the liquidation. This includes work undertaken by in-house Interpath Advisory tax, VAT and employee specialists.

The Joint Liquidators' policy is to delegate tasks in the liquidation to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or the Joint Liquidators themselves.

Under the terms of the KPMG engagement letter dated 9 December 2019, which was novated to Interpath on 5 September 2021, the Joint Liquidators are paid a fixed fee of £25,000 plus VAT and expenses for the liquidation of the Company and four other Group companies, including pre-liquidation advice in assisting the companies' directors in preparing for liquidation. It is only the Joint Liquidators' costs in dealing with matters which fall outside the scope of the fixed fee that are charged on a time cost basis.

#### Hourly rates

The relevant charge-out rates per hour worked for the grades of the Joint Liquidators' staff actually or likely to be involved on this liquidation are set out below. Time is charged by reference to actual work carried out on the liquidation.

All staff who have worked on the liquidation have charged time directly to the liquidation. The cost of staff employed in central administration functions is not charged directly to the liquidation but is reflected in the general level of charge-out rates.

Table of charge-out rates

Managing Director	920	985	985	1060
Director	810	910	910	980
Associate Director	710	810	810	870
Manager	565	650	650	700
Senior Associate	415	475	475	510
Associate	315	350	350	375
Support	157	475	165	175

The charge-out rates used by the Joint Liquidators might periodically rise (for example to cover annual inflationary cost increases) over the period of the liquidation.
