Report of the Directors for the Year Ended 29 February 2020

The directors present their report with the financial statements of the company for the year ended 29 February 2020.

REVIEW OF BUSINESS

The company has had another successful year. The company continues to maintain its strong market presence in the South West.

The distribution centre near Honiton opened during July 2019. Setting up the infrastructure of this store has taken a great deal of time, and huge, unforeseen costs have been incurred over the past year. Full business rates were due on the units, as they had been unoccupied for so long prior to us taking possession and the premises was therefore not entitled to any empty property relief.

However, a great deal of work had been completed in and around the site to make it fit for purpose. We have improved security and purchased a lot of equipment to enable the store to run smoothly, and the tyre stock had been massively increased. Having this store enables us to buy in bulk, and in turn reduce costs per item.

North Devon Tyres Ltd has also taken on more fleet work this year and has purchased more vans to be able to accommodate this increase in workload.

Our next steps are to future proof the company for further growth, through investment in new systems.

Brexit

Brexit has finally occurred, although the final details regarding trade remain unclear. However, the company does not anticipate any detrimental impact to arise from this. The company's trade is mainly focused on UK customers and therefore no direct impact is expected.

Covid 19

Covid 19 has had an inevitable impact on the business, with the the lockdown and restrictions imposed by government as part of the measures to control the virus. There will undoubtedly be an impact on the 2020 results, but the company has been able to maintain it's position and expects to achieve a profitable year despite the problems.

DIRECTORS

The directors shown below have held office during the whole of the period from 1 March 2019 to the date of this report.
