#### STRATEGIC REPORT

#### FOR THE YEAR ENDED 30 SEPTEMBER 2015

The directors present the strategic report and financial statements for the year ended 30 September 2015

#### Review of the business

The directors are pleased with the ongoing trading performance of the group with sales up 7% when comparing like for like periods. This sales increase is mainly driven by the drinks wholesale division and the Royal Toby Hotel.

Gross profit margins have reduced by 0.5% due to the increased proportion of wholesale to retail sales. The directors are pleased that despite the challenging market pressures within the drinks industry the gross margin has been maintained. The wholesale drinks division has diversified its product range to include niche and craft products to defend the pressure on margins.

The group generated EBITDA of £666,113 (2014 £1,336,000, a 18 month period) This was impacted by the considerable investment into the group at two of the retail sites as part of the 5 year strategic plan. During the period Pennine Manor had a restyle to a modern country house hotel and joined the Best Western Group during February 2015

The Royal Toby had the relaunch of the Italian restaurant re-named to Cenetta Customer feedback has been positive on the changes and supported by the growing sales at the Royal Toby Hotel

Net assets have increased to £6,128,000 (2014 £5,936,000)

#### **Future Developments**

Within the retail estate of hotels and restaurants the directors are concentrating on providing a quality experience in line with the group's philosophy of Proud Produce, Places & People Margins are being continually reviewed with the increased pressures of the minimum wage and national living wage. The group is forecasting the impact of these growing costs and working closely with buying groups to control margins.

The wholesale division is driving to exceed customer expectations and maintain this high level of service. As part of this approach Deckers is developing clear routes to market for brand owners and national distributors. The directors are working to defend margins whilst trying to grow sales through an expanding geographical distribution area.

Deckers Restaurants Ltd has applied for approval under the new Alcohol Wholesaler Registration scheme ALDA 79 88C(1) and the directors are following HMRC guidance to comply with the new legislation

## STRATEGIC REPORT (CONTINUED)

#### FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### Principal Risks and Uncertainties

The directors consider the principal risks and uncertainties facing the group to be financial, liquidity, credit and legislative

#### Financial Risks

The directors monitor the interest rate closely. The group has previously used interest rate hedges and may in the future, if the directors consider it necessary to reduce the uncertainty

#### Liquidity Risks

The group aims to mitigate liquidity risk by managing cash generation by its operations

Investment is carefully monitored, with authorisation limits operating up to Board level. The approval procedures apply to all capital items. The method of funding to be used is dictated in each case by cash flow implications.

The subsidiaries participate in the group's centralised treasury arrangements and so share banking arrangements with the parent and fellow subsidiaries

#### Credit Risks

Debtors represent a significant level of the group's financial assets Levels of credit are carefully monitored and reviewed by the directors

The group manages its credit risk through credit insurance for the substantial part of the debt contained within the group

#### Legislative Risks

The group is subject to Health, Hygiene & Safety legislation which are constantly reviewed. Compliance imposes costs and failure to comply with these standards could result in the business being unable to operate. The group has a Health & Safety policy and promotes the culture of a safe working environment. All employees are included in the internal training programme.

Employee legislation is subject to continuous revision and any new Directive may have a material impact on the ability of the group to operate profitably

#### Key performance indicators

The Group uses a number of key performance indicators in assessing and driving performance. The key financial and non-financial indicators used by the group are sales, spend per head, gross margin, wages as a percentage of sales and customer feedback.

On behalf of the board

C Brierley

Director ショレー

#### **DIRECTORS' REPORT**

#### FOR THE YEAR ENDED 30 SEPTEMBER 2015

The directors present their report and financial statements for the year ended 30 September 2015

#### Principal activities

# DIRECTORS' RESPONSIBILITIES IN THE PREPARATION OF THE FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED 30 SEPTEMBER 2015

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DECKERS HOSPITALITY **GROUP LIMITED**

We have audited the group and parent company financial statements ("the financial statements") on pages 6 to 28 The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

#### Respective responsibilities of directors and auditor

As more fully explained in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors

#### Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at http://www.frc.org.uk/auditscopeukprivate

#### Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and parent company's affairs as at 30 September 2015 and of the group's profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

#### Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns,
- certain disclosures of directors' remuneration specified by law are not made, or

we have not received all the information and explanations we require for our audit

Geoff Wightwick BA FCA (Senior Statutory Auditor)

for and on behalf of RSM UK Audit LLP, Statutory Auditor

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 1 Accounting policies

#### Basis of accounting

The financial statements are prepared under the historical cost convention, and in accordance with applicable United Kingdom accounting standards

#### Going concern

Following a review of the group's forecasts and projections, the directors consider there are no material uncertainties that may cast significant doubt over the group's and company's ability to continue as a going concern

The group is funded centrally and going concern is assessed as a group with the individual subsidiary performances supported by Deckers Hospitality Group. The directors consider the funding facilities in place appropriate to meet the medium to long term strategy outlined by the directors.

The group's directors have a reasonable expectation that the group and company have adequate resources and forecast performance to continue in operational existence for the foreseeable future. The going concern basis of accounting has been used in preparing the financial statements

#### Basis of consolidation

The consolidated financial statements merge the financial statements of those undertakings which are owned by the shareholders of Deckers Hospitality Group Limited following the group reorganisation as if they had always so been owned. Accordingly, in those years when mergers take place, in the group accounts the whole of the results, assets, liabilities and shareholders' funds of the merged companies are consolidated, regardless of the actual merger date, and corresponding figures for previous years are restated.

Subsequent to the group reorganisation, subsidiaries acquired during the period are consolidated using the acquisition method. Their results are incorporated from the date that control passes. The difference between the cost of acquisition of shares in subsidiaries and the fair value of the separable net assets acquired is capitalised as purchased goodwill and amortised through the profit and loss account over its estimated economic life. Provision is made for any impairment

All intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

All financial statements are made up to 30 September 2015

No profit and loss account is presented for the company as permitted by section 408 of the Companies Act 2006

#### **Turnover**

Turnover is stated net of VAT and relates to services provided at restaurants and hotels, and liquor trading Turnover is recognised at the fair value of the consideration received or receivable for sale of goods or services provided in the ordinary nature of the business and recognised when goods are sold or services provided to customers

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 1 Accounting policies (Continued)

#### Goodwill

Goodwill representing the excess of the consideration for an acquired undertaking, or acquired trade and assets, compared with the fair value of net assets acquired is capitalised and written off evenly over the period which the goodwill is expected to give rise to economic benefits

Previously acquired goodwill has been written off over 20 years and was reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicated that the carrying value may not be recoverable

Goodwill acquired during 2013 is expected to have an indefinite useful life as in the view of the directors the durability of the acquired business can be demonstrated and justifies estimating the useful economic life to exceed 20 years and the goodwill is capable of continued measurement. Goodwill is reviewed for impairment at the end of each financial year. The departure from the Companies Act 2006 is, in the opinion of the directors, necessary for the financial statements to give a true and fair view in accordance with applicable accounting standards.

#### Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows

Freehold property and improvements

Leasehold land and buildings

Furniture, fixtures and fittings

2% straight line

Over the duration of the lease

On straight line basis over estimated useful life ranging from

5 to 20 years

Motor vehicles

On straight line basis over 4 years

Depreciation is not charged in respect of freehold buildings and improvements on the basis that depreciation is immaterial because of long useful lives. This is due to the group having a policy and practice of regular maintenance and repairs (which is charged to the profit and loss account) such that the previously assessed standard of performance is maintained. The departure from the Companies Act 2006 is, in the opinion of the directors, necessary for the financial statements to give a true and fair view in accordance with applicable accounting standards.

Freehold buildings and improvements are reviewed for impairment at end of each reporting period. The carrying values of other tangible fixed assets are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 1 Accounting policies (Continued)

#### Leasing and hire purchase commitments

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account at a constant rate of charge on the balance of capital repayments outstanding.

Where assets are financed by leasing agreements that give rights approximating to ownership ("finance leases"), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor. Lease payments are treated as consisting of capital and interest elements, and the interest is charged to the profit and loss account in proportion to the remaining balance outstanding.

All other leases are "operating leases" and the annual rentals are charged to profit and loss on a straight line basis over the lease term

Rentals payable under operating leases are charged against income on a straight line basis over the lease term

#### Investments

Fixed asset investments are stated at cost less provision for diminution in value

#### Stock

Stocks are stated at the lower of cost and net realisable value. Cost includes all costs incurred in bringing each product to its present location and condition, on a first in first out basis

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal

#### **Pensions**

The company contributes to a personal pension scheme for one of its directors, senior employees and other members of staff. Contributions are charged to the profit and loss account as they fall due

#### **Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exception

Provision is made for tax on gains arising from the revaluation of fixed assets and gains on disposals of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

#### Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 1 Accounting policies (Continued)

#### Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity

#### 2 Turnover

The total turnover of the group for the year has been derived from its principal activity wholly undertaken in the United Kingdom

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2015

#### 8 Tax on profit on ordinary activities

2015 Period from 1 April 2013 to 30 Sept 2014 (Continued)

#### Factors affecting future tax charges

The group has a deferred tax liability of £361k (2014 - £341k) which has been fully provided

The main rate of corporation tax has been reduced from 21% to 20% in 2015/16. This will be further reduced to 19% for financial years starting on 1 April 2017 and then to 18% from 1 April 2020, thus aligning the main company rate and the small company rate. These reductions were substantively enacted on 26 October 2015.

The group has not depreciated freehold property and improvements on the grounds that depreciation is insignificant given the long useful lives of the buildings

The freehold property and improvements were professionally valued on a continuing use basis, in accordance with Royal Institution of Chartered Surveyors Valuation Standards 7th Edition ("The Red Book"), as at 25 January 2013 by CBRE Limited, Chartered Surveyors

Freehold property is revalued every 5 years, with an interim valuation in year 3

#### Other provisions

18

The provision of £58,498 (2014 - £62,657) was for the expected cost of dilapidations to be paid in respect of leases that have expired

## The deferred tax liability is made up as follows:

|                                | Group        |  | Compan  | у  |

|                                | <del> </del> |  |         |  |

No provision has been made for deferred tax gains recognised on revaluing property to its market value. Such tax would become payable only if the property were sold without it being possible to claim rollover relief. At present it is not envisaged that any tax will become payable in the foreseeable future.
