DELTA 1 UK LIMITED Director's Report For the year ended 31 December 2014

The director presents his report and accounts for the year ended 31 December 2014.

Principal activities

The principal activity of the company continued to be that of civil engineering.

Director and his interest

The director who served the company throughout the year was as follows:

J P Shally 2 2 2

Statement of director's responsibilities

The director is responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable him to ensure that the financial statements comply with the Companies Act 2006. The director is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

Signed by the director

J P Shally Director

Date approved: 25 September 2015

DELTA 1 UK LIMITED Accountants' Report For the year ended 31 December 2014

As described on the balance sheet you are responsible for the preparation of the financial statements for the year ended 31 December 2014 and you consider that the company is exempt from an audit under the Companies Act 2006.

In accordance with your instructions, we have compiled these unaudited financial statements in order to assist you to fulfil your statutory responsibilities, from the accounting records and information and explanations supplied to us.

For the year ended 31 December 2014 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Director responsibilities:

- 1) The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476;
- 2) The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Signed by the director

J P Shally Director

Date approved by the board: 25 September 2015

DELTA 1 UK LIMITED

Notes to the Financial Statements For the year ended 31 December 2014

1 Accounting Policies

Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Operating lease rentals

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

Finance lease and hire purchase charges

The finance element of the rental payment is charged to the profit and loss account on a straight line basis.

Deferred taxation

Deferred taxation arises when items are charged or credited in accounts in different periods to those in which they are included in the company's tax computations.

Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date. Deferred tax is calculated at the average rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. The resulting deferred tax asset or liability is not discounted.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and Machinery Computer Equipment Motor Vehicles 15% Reducing balance 15% Reducing balance 25& Reducing balance

Assets on finance lease and hire purchase

Assets held under finance lease or hire purchase contracts i.e. those contracts where substantially all the risks and rewards of ownership have passed to the company, are included in the appropriate category of tangible fixed assets and depreciated over the shorter of the lease term and their estimated expected useful lives.

Future obligations under such contracts are included in creditors net of the finance charge allocated to future periods.

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Debtors include amounts recoverable on long term contracts which are stated at the net sales value of the work done after provision for contingencies and any anticipated future losses on contracts, less amounts received as progress payments on account. Any excess progress payments are included in creditors as payments on account.

DELTA 1 UK LIMITED
