SMARTER-BUILDER LIMITED

ABBREVIATED BALANCE SHEET *(continued)*

30th APRIL 2009

The directors are satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the year by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act

The directors acknowledge their responsibilities for

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 394 and 395, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006.

These abbreviated accounts were approved by the directors and authorised for issue on 26th February 2010, and are signed on their behalf by

Mr A WILLIAMS
Director

Company Registration Number: 04419885

SMARTER-BUILDER LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 30th APRIL 2009

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Fixed assets

All fixed assets are initially recorded at cost

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Motor Vehicles	- 12.5%	straight line
Equipment	- 20%	straight line

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions.

SMARTER-BUILDER LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 30th APRIL 2009

1. ACCOUNTING POLICIES *(continued)*

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

3. RELATED PARTY TRANSACTIONS

The company was under the control of a director Mrs EA Thomas throughout the current and previous year by virtue of her personal and close family interests in 100% of the issued share capital of the parent company Thomas CMS (Holdings) Limited

The director Mr RA Thomas sadly passed away on the 19th November 2008

An interest free loan of £3,000 was made to the director Mr A Williams in the 13th July 2005, which remains outstanding

A loan of £470,000 was made to Ty Newydd Equestrian Centre Ltd, which is under the control of Mrs EA Thomas' adult daughter Miss H Thomas, who is personally interested in 100% of the issued share capital. The loan was used by Ty Newydd Equestrian Centre Ltd to acquire land and buildings as a "land bank" for future property development by smarter-builder ltd

During the year Thomas Carpentry Services Limited (a company within the same group) raised a commercial charge on the company for various overheads incurred, which totalled £115,000 and this was posted as a debit to the respective expense categories in the profit and loss account

4. SHARE CAPITAL**Authorised share capital:**
