NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is dependent upon the continued financial support of the directors. The "Creditors: Amounts falling due within one year" note includes sums due to the directors totalling £184,269 (2014: £188,844). These sums are unsecured and interest free. The directors have indicated that they are willing to continue to provide this support for the foreseeable future. The overdrawn position arises because of the decision to amortise goodwill over a five year period. The directors are pleased to report satisfactory trading conditions in the current period. On this basis the directors consider it appropriate to prepare the financial statements on the going concern basis.

Turnover

Turnover represents net invoiced sales of services, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Goodwill

Goodwill arose on incorporation of the business in 2002 and was being written off over its estimated useful life of ten years. Following an impairment review in 2005 the estimated useful life of this goodwill was reduced to five years and an increased write off in respect of that review was included in those financial statements. Another practice was acquired in April 2005 and the acquisition costs included £43,000 for purchase of the goodwill thereof which was written off over its estimated useful life of five years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on cost and 20% on reducing balance

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
