Checklist

We may return forms completed incorrectly or with information missing.

Please make sure you have remembered the following:

- ☐ The company name and number match the information held on the public Register.
- ☐ You have attached the required documents.
- ☐ You have signed and dated the form.

Important information

All information on this form will appear on the public record.

Where to send

You may return this form to any Companies House address, however for expediency we advise you to return it to the address below:

The Registrar of Companies, Companies House,
Crown Way, Cardiff, Wales, CF14 3UZ.
DX 33050 Cardiff.

Further information

For further information please see the guidance notes on the website at www.gov.uk/companieshouse or email enquiries@companieshouse.gov.uk

This form is available in an alternative format. Please visit the forms page on the website at www.gov.uk/companieshouse

Appendices

- I. The Statement of Proposals
- II. Breakdown of Pre-Administration Time Costs for Opus Restructuring LLP
- III. Charge-out Rates and Bases of Disbursements ("Opus Restructuring LLP's Summary")
- IV. Breakdown of the Joint Administrators' Time Costs from 10 December 2018 to 30 January 2019
- V. Information to Support the Joint Administrators' Fee Proposal
- VI. Notice of Decision Procedure – Virtual Meeting
- VII. Proxy Form
- VIII. Proof of Debt
- IX. Notice of Invitation to Form a Creditors' Committee

1. Executive Summary

- 1.1 This Proposal incorporates the Statement of the Joint Administrators' Proposals prepared pursuant to Paragraph 49(1) of Schedule B1 of the Act attached at Appendix I.
- 1.2 Dooga Ltd (trading as Cubits) ("the Company") was established in May 2002 and the principal activity of the Company was to act as a crypto-currency exchange and storage facility. The Company traded from rented premises at Zimmer Strasse 65, Mitte, Germany and Level 2, Ennglad, Valley Road, Msida, Malta. On 10 December 2018, Steven John Parker and Trevor John Binyon of Opus Restructuring LLP were appointed Joint Administrators by the sole Director of the Company.
- 1.3 As explained in more detail in the Statement of Proposals, the Joint Administrators are currently pursuing the second statutory objective of achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in Administration).
- 1.4 A summary of the current and anticipated future positions are detailed below.

Assets of the Company:

Asset	Realisations to date	Anticipated future realisations	Total anticipated realisations
Cash at Bank	1,403,369.93	696,630.07	1,800,000.00
Book Debts	-	Uncertain	Uncertain
Funds on Account	-	677.19	677.19
Intellectual Property	-	39,000.00	39,000.00
Bank Interest Gross	10.76	11.00	21.76
Recovery of funds from fraudulent action	-	Uncertain	Uncertain

Expenses in the Administration:

Expense	Expense paid to date	Anticipated further expenses	Total anticipated expense
Joint Administrators' pre-appointment fees	-	(4,982.50)	(4,982.50)
Joint Administrators' fees	-	(575,147.50)	(575,147.50)
Joint Administrators' fees – fraud recovery (10% of assets recovered)	-	Uncertain	Uncertain
Joint Administrators' disbursements	-	(14,202.20)	(14,202.20)
Legal fees	-	181,750	181,750
Legal disbursements	-	30,000	30,000
Legal fees (fraud recovery)	-	Uncertain	Uncertain
Agents' fees (assets)	-	(31,000.00)	(31,000.00)
Agents' fees (forensics/investigations)	-	Uncertain	Uncertain
Specialist contractors	-	Uncertain	Uncertain
Bank Charges	-	(150.00)	(150.00)
Cost of case management software and website document access	-	(230.00)	(230.00)
Statutory Advertising	-	(169.00)	(169.00)
Document Storage	-	(50.00)	(50.00)
Insurance	-	(504.00)	(504.00)
I.T Support for Company Records	-	(10,000.00)	(10,000.00)

Dividend prospects in the Administration:

Creditor class	Distribution / dividend paid to date	Anticipated distribution / dividend
Secured creditor (fixed charge)	N/A	N/A
Secured creditor (floating charge)	N/A	N/A
Preferential creditors	N/A	N/A
Unsecured creditors	Nil	Uncertain

- 1.5 The Statement of Proposals, at Appendix I, provides explanations of the events leading to the Administration and the progress of the Administration to date, as well as other statutory information.
- 1.6 This Proposal provides more detailed information on the work that the Joint Administrators anticipate they will undertake to complete the Administration together with their proposed basis of fees. To put this request into context, this Proposal provides further information on the Joint Administrators' costs to date, including the costs incurred prior to Administration. It also explains other matters for creditors' consideration, such as the proposed timing of the Joint Administrators' discharge on conclusion of the Administration.
- 1.7 Definitions of the terms used in this Proposal are provided in Appendix I together with all statutory information pertaining to the Company.

2. Statement of Pre-Administration Costs

- 2.1 On 10 December 2018, Robert Allsopp ("the Director") agreed with the proposed Joint Administrators that Opus Restructuring LLP be paid an amount on account in respect of work done and expenses incurred prior to the Administration and transferred an amount of £10,000 plus VAT and expenses for the following tasks and matters that were considered to be necessary to placing the Company into Administration.
- 2.2 Opus Restructuring LLP received fees in the sum of £10,000 plus VAT in respect of the work undertaken in part-payment of the work undertaken.
- 2.3 In conducting the above work, the following costs were incurred:

	£
Opus Restructuring LLP's time costs (see Appendix II)	10,000.00
Agents' costs (assets)	1,000.00

- 2.4 Attached at Appendix II is a breakdown of the time costs of the Joint Administrators and their staff incurred prior to Administration and included within Appendix III are Opus Restructuring LLP's charge-out rates and bases of disbursements.
- 2.5 The Joint Administrators have received payment from the Company of £10,000 plus VAT on account of Opus Restructuring LLP's pre-Administration time costs of £14,982.50 and Metis Partners Limited have received payment of £1,000 plus VAT on account of their pre-Administration time costs.
- 2.6 The payment of the unpaid pre-Administration costs of £4,982.50 as an expense of the Administration is subject to approval under Rule 3.52 of the Rules and is not part of the Statement of Proposals subject to approval under Paragraph 53 of Schedule B1 of the Act. Further explanation of the approval process is provided in Section 9.

3. The Joint Administrators' Fees

3.1 The Joint Administrators propose to fix their fees on the following basis:

The time properly given by the Joint Administrators' and their staff in attending to routine matters arising in the Administration, such time to be charged at the hourly charge out rates as detailed in the attached Appendix III used by Opus Restructuring LLP at the time the work is performed (plus VAT).

3.2 Attached at Appendix IV is a breakdown of the time costs incurred in the Administration to 30 January 2019. The Statement of Proposals provides an account of the work undertaken to date and Appendix V provides a detailed list of work undertaken and proposed to be undertaken by the Joint Administrators and their staff.

Given the uncertainties surrounding the recovery of assets allegedly lost due to fraud, the Joint Administrators are proposing that their remuneration be dealt with specifically in relation to that area, on the basis of 10% of the fraud assets recovered. We believe that this mechanism provides flexibility and value for creditors, ensuring that the Joint Administrators are only remunerated on the basis of their success in dealing with these matters, which will require significant amounts of work to be undertaken.

3.3 The charge-out rates of the Joint Administrators and their staff are detailed in Appendix III. The appropriate staff have been assigned to work on each aspect of the case based upon their seniority and experience, having regard to the complexity of the relevant work, the financial value of the assets being realised and claims being agreed. The grades of staff instructed to assist in this matter and their key responsibilities include:

- Support Staff: maintenance of the creditors' contacts database, assisting with creditors' queries and routine correspondence
- Administrators: assisting in the realisation of assets, employee matters, liaising with creditors and debtors, preparing reports to creditors and other statutory matters, and managing the cashing function
- Managers: on-site attendance, reviewing the Company's position and affairs, handling asset realisations, reviewing draft statutory reports to creditors and overseeing the tax and VAT aspects of the case

3.4 Creditors may access a Guide to Administrators' Fees at https://www.r3.org.uk/media/documents/publications/professional/Guide_to_Administrators_Fees_Oct_2015.pdf or a hard copy will be provided on request.

3.5 Further information is set out below and in the appendices to explain the future time costs that the Joint Administrators anticipate incurring in this Administration.

4. The Joint Administrators' Expenses

4.1 The Joint Administrators' expenses may be divided into two categories:

- Category 1 expenses are costs that can be specifically identified as relating to the administration of the case. These are charged to the estate at cost with no uplift. These include, but are not limited to, such items as advertising, bonding and other insurance premiums and properly reimbursed expenses. Legislation provides that administrators may discharge Category 1 expenses from the funds held in the insolvent estate without further recourse to creditors.
- Category 2 expenses are costs that are also directly referable to the appointment in question but not to a payment to an independent third party. Payments may only be made in relation to Category 2 expenses after the relevant creditors have approved the bases of their calculation.

- 4.2 Appendix III provides details of the bases of Category 2 expenses that the Joint Administrators propose to recover from the insolvent estate.

5. Proposed Work to be Undertaken

- 5.1 Set out in Appendix V is a detailed list of tasks that the Joint Administrators propose that they and their staff will undertake together with their estimates of the time these tasks will take to carry out in total. The most material tasks are summarised below. The Estimated Outcome Statement attached to the Statement of Proposals provides an overview of the financial benefit that this work is expected to bring to creditors.

Administration (including Statutory Reporting)

- 5.2 The Joint Administrators are required to meet a considerable number of statutory and regulatory obligations. Whilst many of these tasks do not have a direct benefit in enhancing realisations for the insolvent estate, they assist in the efficient and compliant progressing of the administration, which ensures that the Joint Administrators and their staff carry out their work to high professional standards.

- 5.3 Primarily, these tasks include:

- Meeting all statutory reporting and filing requirements, including 6-monthly reports, seeking an extension where necessary, and issuing a final report and notices;
- Consulting with and instructing staff and independent advisers as regards practical, technical and legal aspects of the case to ensure efficient progress;
- *Maintaining case files, which must include records to show and explain the administration and any decisions made by the Joint Administrators that materially affect the administration;*
- Conducting periodic case reviews to ensure that the administration is progressing efficiently, effectively and in line with the statutory requirements; and
- Maintaining and updating the estate cash book and bank accounts, including regular bank reconciliations and processing receipts and payments.

Investigations

- 5.4 The Joint Administrators examine the conduct of the Company and its appointed directors 3 years prior to the Administration with two main objectives:
- To identify what assets are available for realising for the benefit of creditors, including any potential actions against directors or other parties, such as challenging transactions at an undervalue or preferences; and
 - To enable the Joint Administrators to report to the Insolvency Service on the conduct of the directors so that the Insolvency Service may consider whether disqualification proceedings are appropriate ("CDDA" work).
- 5.5 In the early stages of the Administration, this work involves examining the Company's books and records, considering information received from creditors and the Company's accountants and seeking information from the Company's directors and other senior staff by means of questionnaires and/or interviews.
- 5.6 In the event that questionable transactions are identified, it may be necessary to conduct further investigations and instruct solicitors to assist in deciding the Joint Administrators' next steps in pursuing a recovery. If a potential recovery action is identified, it may be necessary to instruct professional agents in gathering evidence and in exploring further the existence and value of assets to target. If the Joint Administrators encounter resistance in making a recovery, formal legal action may be appropriate.

- 5.7** In addition, if the Insolvency Service decides to proceed with a disqualification, the Joint Administrators will be required to assist the Insolvency Service's investigators in their work, which may include providing the investigators with access to the Company's books and records and agreeing statements to be given in evidence of those proceedings.
- 5.8** At this early stage, it is difficult to estimate the likely time costs and expenses that may be incurred in this work. The Fees and Expenses Estimates presented below reflect the anticipated work in identifying potential causes of action. If any are identified and the Joint Administrators consider that additional work is required, they may revert to the relevant creditors to seek approval for fees in excess of the estimate.

Realisation of assets

- 5.9** The Statement of Proposals summarises the work carried out by the Joint Administrators to date in realising the Company's assets. The principal matters that require further work are:
- Continuing to pursue the Company's ongoing and significant legal claims against third parties in various geographical jurisdictions (the "Legal Claims");
 - Continuing to investigate and pursue any collectable book debts, alongside the instructed solicitors and /or agents;
 - Continue to realise cash balances believed to be held in various banks and payment platforms;
 - Continue to realise crypto-balances held by the Company at the date of Administration;
 - Statutory and other investigations;;
 - Conclude the sale of the Company's intellectual property; and
 - Maintaining appropriate insurance cover on the Company's assets until they have been disposed of.

Creditors (claims and distributions)

- 5.10** As the Statement of Proposals explains, there a number of different classes of creditor involved in the Administration that require the Joint Administrators' attention. In particular, the Joint Administrators anticipate conducting the following key tasks:
- Reviewing claims submitted by the tax departments and, where it is appropriate, examining the Company's records to appeal assessments or adjudicate on the Crown's claims;
 - Responding to creditors' queries and logging their claims and supporting information. As the active former client database obtained from Company records consists of over 7,000 active former clients, based around the World, this is a time consuming and substantive matter;
 - Review of the existence of potential Trust claims relating to the funds and cryptocurrency collected by the Joint Administrators, alongside various instructed agents and solicitors (the "Trust Issues");
 - Maintaining the substantial database as regards creditors' and client contact details and claims; and
 - Dealing with a creditors' committee, if one is appointed.

Proposed work to be undertaken by the Joint Liquidators.

- 5.11** The Joint Administrators believe that it is likely that there will be sufficient funds to pay a dividend to unsecured creditors. The quantum and timing of any dividend will depend on the result of the Joint Administrators' investigations into the Trust Issues and the results of the various ongoing Legal Claims against third parties in different geographical jurisdictions.

5.12 The Act envisages that an Administration will be converted into a Creditors' Voluntary Liquidation ("CVL" or "Liquidation") for the purpose of paying a dividend to unsecured creditors. As such, we are proposing that, should a dividend be payable, the Administration be converted into a CVL and Steven Parker and Trevor Binyon be appointed Joint Liquidators.

5.13 Creditors will appreciate that it is difficult to estimate the time and expenses likely to be incurred by the Joint Liquidators at this time, not least because it is difficult to know when the Company will move from Administration to CVL and consequently what work will have been done by the Joint Administrators by the time that the move takes place. Therefore, the Joint Administrators or Liquidators will revert to the creditors or Creditors Committee in due course with the fee estimate for the Liquidation.

5.14 In any event, the Joint Liquidators will be required to carry out the following activities in addition to continuing to realise the Company's assets and conduct investigations, where these have not been completed in the Administration:

- Meeting statutory requirements including: issuing notices on appointment; issuing annual progress reports and a final account to creditors; and completing periodic tax returns;
- Maintaining case files, which must include records to show and explain the administration of the liquidation and any decisions made by the Joint Liquidators that materially affect the administration;
- Conducting periodic case reviews to ensure that the liquidation is progressing efficiently, effectively and in line with the statutory requirements;
- Maintaining and updating the estate cash book and bank accounts, including regular bank reconciliations and processing receipts and payments;
- Adjudicating on all creditors' claims with the assistance of solicitors where necessary;
- Giving notice of the intention to declare a dividend; and
- Calculating, declaring and paying dividends to creditors and dealing with unclaimed dividends.

6. Other Information to Support the Proposed Fees

6.1 Attached at Appendix V is an estimate of the time that the Joint Administrators envisage the above work will take to complete. Appendix V also provides their estimate of the expenses that have been or are likely to be incurred.

6.2 Please note that the estimates have been provided on the assumptions given below. In the event that it proves necessary for the Joint Administrators to incur additional expenses in performing their duties, they will provide further details in their progress reports, but there is no statutory obligation to ask creditors to approve any adjusted Expenses Estimate. In the event that the Joint Administrators incur time costs in excess of the Fees Estimate, they will only revert to the relevant creditors for approval if they propose to draw any fees in addition to those estimated from the insolvent estate.

6.3 In summary, the Joint Administrators propose that their fees be fixed on the basis of time costs and a percentage of litigation recoveries, as detailed above. They estimate that they and their staff will spend time totalling £575,147.50 in conducting the general Administration tasks described. This estimate includes the time spent to date of £195,762, as described in Appendix IV. In addition, the Joint Administrators are proposing to be paid 10% of funds recovered from the litigation matters.

6.4 The Fees and Expenses Estimates have been compiled on the assumptions set out below. Please note that these are assumptions only for the purposes of preparing the Estimates in accordance with the statutory provisions. It has been assumed that:

- investigations to the extent described in section 5 above will be carried out;
- no exceptional work will need to be conducted in order to realise the remaining assets and collect any deferred consideration;
- there will be no requirement to hold a physical creditors' meeting or additional decision procedure to consider the matters covered by this Proposal; and
- there will be no need to extend the Administration.

6.5 On the basis of these assumptions, the Joint Administrators do not anticipate that it will be necessary to seek additional approval from the relevant creditors for fees in excess of the Fees Estimate. However, in the event that the Administration does not proceed as envisaged and/or the asset recovery process takes longer than anticipated, the Joint Administrators will seek approval for any fees in addition to those estimated that they wish to draw from the insolvent estate.

7. The Joint Administrators' Discharge

7.1 The Act requires that in the absence of a Committee the timing of the Joint Administrators' discharge from liability will be decided by the unsecured creditors. The Joint Administrators propose that this discharge will take effect when their appointment ceases to have effect, unless the Court specifies a time.

8. Invitation to Form a Creditors' Committee

8.1 Attached at Appendix XI is a Notice of Invitation to Form a Creditors' Committee. The purpose of the Committee is to assist the Joint Administrators in discharging their functions. In particular, a Creditors' Committee takes on the responsibility for approving the basis of the Joint Administrators' fees and other costs described above as explained further at www.opusllp.com/opus-creditor-portal/.

8.2 In the absence of a Committee, this responsibility falls to the unsecured creditors. However, given the complexities and sensitivities involved in dealing with the Legal Claims, the Joint Administrators feel it would be beneficial for a Committee to be formed in this case.

8.3 Creditors are entitled to seek the formation of Committee, provided that there are sufficient nominations to form a Committee. At least three nominations would be required (up to a maximum of five) and the requisite majority of creditors would also need to approve the proposal to form a Committee. Appendices VI and VII provide further information on these steps.

9. Approval Process

9.1 The Joint Administrators are proposing to deal with the decisions set out below by means of a virtual meeting. Should creditors wish to attend and/or vote at the meeting, they should complete and return the enclosed proxy form, together with a proof of debt form, if one has not already been submitted? These forms are attached at Appendix VIII, together with a Notice of Decision Procedure, setting out the following proposed decisions:

- That the Joint Administrators' Proposals (i.e. the statutory Statement of Proposals at Appendix I), be approved;
- That a Creditors' Committee be established if sufficient nominations are received by the time of the meeting and those nominated are willing to be members of a Committee;
- That the Joint Administrators be discharged from liability in respect of any action undertaken by them pursuant to Paragraph 98 of Schedule B1 of the Act, such discharge to take effect when the appointment of Joint Administrators ceases to have effect, as defined by the Act, unless the court specifies a time.

- That the Joint Administrators' fees be fixed by reference to the time given by them and their staff in attending to matters arising in the Administration, such time to be charged at the hourly charge out rate of the grade of staff undertaking the work at the time it was undertaken;
- That the Joint Administrators be authorised to recover all Category 2 disbursements, calculated on the bases detailed in Opus Restructuring LLP Summary; and
- That, should there be sufficient assets for a dividend to be payable, the Joint Administrators take steps to convert the Administration into a Creditors' Voluntary Liquidation and that Steven John Parker and Trevor John Binyon be appointed as Joint Liquidators.

9.2 The Joint Administrators must receive completed proofs of debt by 4pm on the business day before the virtual meeting date and proxies no later than the start of the meeting to enable you to attend the meeting and to enable your vote to be counted.

9.3 Whilst a virtual meeting has been summoned, creditors who meet a statutory threshold as set out in the Notice attached at Appendix VI can require that a physical meeting of creditors be convened. Such a request must be made to the Joint Administrators within 5 business days of the date on which this Proposal was delivered. If you wish to request a physical meeting, please set out in writing which of the decisions above you wish the meeting to consider. Given the global nature of the Company's client base, we do not feel that a physical meeting would be appropriate in these circumstances.

9.4 As explained above, although the Joint Administrators would welcome the formation of a Creditors' Committee, in the absence of a Creditors' Committee, the matters described in this Proposal are to be decided by the unsecured creditors.

If any creditor has any queries in relation to the above, please do not hesitate to contact the Joint Administrators by email to doogaltdcubits@opusllp.com. Due to the high number of potential attendees, it may be difficult for the Joint Administrators to answer questions at the virtual meeting. As such, the Joint Administrators request that, should any attendee of the meeting have questions regarding the Proposals, these be submitted by email by **close of business on 13 February 2019**. Please specify in the email subject that your email contains 'QUESTIONS FOR THE MEETING'. The Joint Administrators will endeavour to deal with all matters raised.

Steven John Parker
Joint Administrator

Dated: 31 January 2019

Steven John Parker and Trevor John Binyon were appointed Joint Administrators of Dooga Ltd on 10 December 2018. The affairs, business and property of the Company are managed by the Joint Administrators. The Joint Administrators act as agents of the Company and contract without personal liability.

Steven John Parker is licensed to act as an Insolvency Practitioner in the UK by the Insolvency Practitioners Association and is bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment.

Trevor John Binyon is licensed to act as an Insolvency Practitioner in the UK by the Institute of Chartered Accountants in England & Wales and is bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment.

Disclaimer Notice

This Statement of Proposals has been prepared by Steven John Parker and Trevor John Binyon, the Joint Administrators of Dooga Ltd solely to comply with their statutory duty under Paragraph 49, Schedule B1 of the Insolvency Act 1986 to lay before creditors a statement of their proposals for achieving the purposes of the Administration and for no other purpose. It is not suitable to be relied upon by any other person, or for any other purpose, or in any other context.

Any estimated outcomes for creditors included in this Statement of Proposals are illustrative only and cannot be relied upon as guidance as to the actual outcomes for creditors. Any person that chooses to rely on this document for any purpose or in any context other than under Paragraph 49, Schedule B1 of the Insolvency Act 1986 does so at their own risk. To the fullest extent permitted by law, the Joint Administrators do not assume any responsibility and will not accept any liability in respect of this Statement of Proposals.

The Joint Administrators act as agent for Dooga Ltd and contract without personal liability. The appointment of the Joint Administrators is personal to them and, to the fullest extent permitted by law, Opus Restructuring LLP does not assume any responsibility and will not accept any liability to any person in respect of this Statement of Proposals or the conduct of the Administration.

All licensed Insolvency Practitioners of Opus Restructuring LLP are licensed in the UK to act as Insolvency Practitioners.

1. Introduction

This Statement of Proposals is prepared pursuant to Schedule B1 of the Act in relation to the Company, the purposes of which are to provide creditors with a full update as to the present position and to set out the Joint Administrators' proposals for achieving an Administration objective.

The Statement of Proposals also includes information required to be provided to creditors pursuant to the Rules. Definitions of the terms used in the Statement of Proposals are provided in Attachment A and statutory information pertaining to the Company is set out in Attachment B.

This Statement of Proposals is being delivered to creditors on 1 February 2019. Creditors are invited to decide whether to approve the Joint Administrators' proposals. Section 8 provides further details on this decision process. The Joint Administrators think that there will be sufficient realisations for a distribution to the unsecured creditors. Consequently and in accordance with Paragraph 52(1)(b) of Schedule B1 of the Act, creditors are being asked to decide on the Joint Administrators' proposals. Please see section 8 for further details.

2. Background to the Company

The Company was incorporated in May 2002 but remained dormant until 2008. The business started development in 2014 and started trading in January 2015. The principal activity of the Company was to act as a crypto currency exchange and storage facility for both businesses and individuals. The business traded from rented premises in Malta and had a rented technical back office in Germany. The Company had its registered office in London, United Kingdom.

At an initial meeting with Steven Parker and Allister Manson, Partners at Opus Restructuring LLP ("Opus"), on 3 December 2018, the Director explained that during the previous 12 months the Company had suffered a series of frauds, totalling 36 million euros. The most notable of these was a highly significant fraud that occurred in February 2018, when Bitcoins with an approximate value of 28 million euros were transmitted to three Chinese individuals via a local payment processor and no monies were ultimately received from the processor, in return. Further to this, the management of the Company took immediate steps to launch investigations and legal actions against the alleged perpetrators. Although the Company anticipated that this would result in the early repatriation of some, or all, of the missing assets, this did not occur. As a result of these frauds, there appears to be a significant shortfall between the assets that investors believed were held by the Company on their behalf and the actual position.

As the Company started coming under increasing cash flow pressure from clients seeking withdrawals of cash and crypto-currency, it sought advice from its solicitors, Bird & Bird LLP ("B&B"). B&B advised the Company's management to take urgent restructuring advice from Opus, which led to the initial meeting on 3 December 2018.

As stated above, the frauds against the Company, principally in February 2018, appear to have rendered it insolvent on a balance sheet basis and unable to pay its debts as and when payable. It should be noted that the Joint Administrators are continuing to investigate the full background to the insolvency and are appraising the merits and progress of the various outstanding legal actions the Company had instigated prior to appointment.

After discussing the Company's situation and options, the Director believed that the best interests of the Company, its creditors, clients and shareholders would be served if the Company was placed into Administration.

The decision to place the Company into Administration was taken by the sole Director due to mounting pressure from multiple creditors, leading to the threat of winding-up petitions being issued. The Director therefore took steps to place the Company into Administration and appoint Steven John Parker and Trevor John Binyon ("the Joint Administrators") on 10 December 2018. The Director believed and the Joint Administrators agreed that offers may be

forthcoming for certain assets of the business which would lead to a better realisation for creditors than in insolvent liquidation.

Immediately upon appointment, the Joint Administrators considered the options available to them and sought legal advice as to whether the Company should continue to trade in Administration. Given the volatility of the crypto-currency markets, the Joint Administrators took the decision to freeze all trading activity and close out the one, remaining open trading position.

An initial review of the Company's cash position found that there was likely to be £1.8 million of cash and a smaller balance of crypto-currency assets held at various financial institutions. Legal advice taken by the Joint Administrators immediately highlighted that there was a possibility that the monies and crypto-currency in the Company's possession may be subject to Trust claims from investors (now, creditors). As such, these assets are only available in the Administration to fund specific costs, such as staff, IT services and professional fees, specifically relating to determining the proprietary claims of creditors.

For this reason, Opus have been required to fund the potential costs of interrogating and understanding the Company's computer systems, together with the immediate costs of maintaining the key IT systems and retaining the services of key IT contractors. Opus have made £25,000 available to enable this critical work to be carried out. Such costs will be recharged to the Administration as an expense and detailed in future reports.

Overview of Financial Information

Extracts from the Company's balance sheet as at 23 October 2018, the last date that the Company's accounting system was updated, are shown below. Creditors will immediately note that it is clear that this management information is inaccurate based on the level of anticipated realisations from the Company's cash at bank referred to above.

Please note that this information has not been verified or audited by the Joint Administrators.

Summary Balance Sheet

	Balance Sheet as at 23/10/18	Unaudited Financial Statements for the year ended 31/05/2017	Unaudited Financial Statements for the year ended 31/05/2016

Source: Company's accounting package and filed accounts at Companies House

Management and Employees

As at 10 December 2018, the Company employed one person, being the sole director, who was based in the United Kingdom. This employee was made redundant by the Joint Administrators, following their appointment. All other staff working for Dooga Ltd were employed by associated companies (Dooga Deutschland UG in Germany and Goldfox Enterprises Limited in Malta). The Joint Administrators refer to these staff as Dooga "staff" or "team" members in this report, however they were never legally employed by the Company, itself.

Statutory information about the Company, including details of the Director and Shareholder is provided at Attachment B.

3. Events leading to the Administration

As previously stated, on 10 December 2018, Steven John Parker, and Trevor John Binyon of Opus Restructuring LLP were appointed Joint Administrators of the Company following the filing of a Notice of Appointment of Administrators by the Director of the Company.

The Joint Administrators confirm that they are authorised to carry out all functions, duties and powers by either one or both of them.

For creditors' general information, the EU Regulation on insolvency proceedings applies in this case, and these proceedings are the main proceedings.

4. The Purpose of the Administration

The purpose of an Administration is set out in Schedule B1, Paragraph 3(1) of the Act. In short, this provides that an Administrator of a company must perform his functions with the objective of:

- rescuing the company as a going concern, or
- achieving a better result for the creditors as a whole than would be likely to be achieved if the company were wound up (without first being in Administration), or
- realising property in order to make a distribution to one or more secured or preferential creditors.

These objectives form a hierarchy. The rescue of a company is the priority. If this is not possible, the Administrator seeks to achieve a better result for the creditors as a whole. In the event that this cannot be achieved, then the Administrator is permitted to realise assets for the benefit of the preferential or secured creditors.

The second objective is normally achieved by means of a sale of a business and/or assets as a going concern (or a more orderly sales process than in liquidation). Although no sale of the business as a going concern has been achievable, a sale of certain assets has been achieved.

Overall, the Joint Administrators believe that Administration provided the framework to maximise the value in the Company's business and assets. This, together with the ability to freeze the trading positions, the potential realisations of inter-company loans, pursuit of legal actions and cash held in various accounts will produce a better result for creditors than had the Company been placed into insolvent liquidation.

The Administration also created a moratorium against any creditor action. It is anticipated the collection of assets will improve the overall position and the Joint Administrators believe that unsecured creditors will ultimately receive a dividend.

A detailed account of how the Joint Administrators have sought to achieve the objective of the Administration is set out below.

5. Management of the Company's Affairs since the Joint Administrators' Appointment

Immediately upon appointment the Joint Administrators undertook an urgent review of the Company's affairs with particular regard to its financial trading positions and resource requirements. This assessment highlighted the need to close out open positions and to freeze the trading system in order to prevent any further transactions taking place. As such, no trading occurred and all transactions and balances were frozen on 10 December 2019.

Post appointment strategy and actions

Shortly after the appointment of the Joint Administrators, members of the Joint Administrators' staff attended the Company's sites in Malta and Germany to advise team members, contractors and the landlords of the Joint Administrators' appointment and to secure the books and records of the Company.

Books and records

The Joint Administrators have made strenuous efforts to secure copies of the Company's digital records and are continuing to work with IT professionals and some of the staff who formerly worked on the Company's IT infrastructure in order to ensure that they complete this task and collect all the available information. This will enable the Joint Administrators to understand how the Company undertook its business and continue to pursue the various avenues of enquiry that they are engaged on for the recovery of the Company's assets for the ultimate benefit of creditors.

The Joint Administrators' ability to access the Company's digital records has been hampered by the non-payment of December salaries to certain team members at the German site, employed by Dooga Deutschland UG, despite numerous assurances to the contrary. The Joint Administrators are continuing to work with former team members to resurrect the Company's systems and extract the Company's trading information. The £25,000 that Opus have made available to assist in this regard has enabled us to secure the services of three of the four departments that will be necessary to fully extract and interrogate the Company's trading data and we are in ongoing discussions with the fourth party.

This data will be critical to understanding and determining entitlement to and distribution of the cash or crypto-currency held by the Company at the date of Administration and to continue the investigation of the frauds allegedly perpetrated against the Company, as detailed above.

The Joint Administrators are also co-ordinating with law enforcement agencies in Germany, the UK, China and other territories in order to assist them in their investigations. We are also using the services of specialist crypto-currency tracing firms in order to identify any crypto-currency that may have been misappropriated or which is due to the Company. We are restricted in reporting the details of these criminal investigations in this report, which will become a public document, as this may compromise the work being undertaken and adversely affect potential recoveries.

Cash and Crypto-currency

As at the date of this report, £1,403,369.93 has been realised and secured by the Joint Administrators, across bank accounts identified, principally in Germany and the UK. As previously stated, some of these funds are subject to proprietary claims which the Joint Administrators must determine.

The Company was only holding relatively small amounts of crypto-currency at the date of Administration (less than £0.5 million). This is made up of a large number of small quantities of each crypto-currency and we are making efforts to transfer all these amounts to a single set of wallets under the Joint Administrators' control. These assets may also be subject to proprietary claims which the Joint Administrators must determine.

All former clients of the business are being deemed as creditors at this time until the Joint Administrators have resolved all proprietary claims. Should it be determined that certain creditors have valid claims to ownership of any of the assets controlled by the Company, they will no longer be creditors for such sums that are then returned to them.

It is important for creditors to note that, if the Company is found not to be holding their assets on trust, they will be able to claim in the Administration for the value of their outstanding funds or crypto-currency, converted into pounds sterling (GBP) as at 10 December 2018, being the date of Administration. Creditors will then be eligible to receive their share of any future dividends declared on a pari passu basis: all dividends paid in the Administration will be paid in cash, in GBP.

Creditor issues

In addition, the Joint Administrators' staff have continued to deal with queries from the Company's creditors, which exceed 7,500 in number, in a timely fashion and have provided written updates via email, the Company's website and social media platforms. The Joint Administrators are in the process of collating creditors' claims.

We have extracted a list of customer balances and have started the task of reconciling and verifying the value and owner of each account.

Ongoing Legal Claims

To advise on appropriate legal matters and to prepare required legal documentation, the Joint Administrators instructed Charles Russell Speechley LLP ("CRS"), a firm of solicitors with the appropriate expertise and experience in dealing with these types of Administrations to assist. CRS have been advising in respect of all legal issues arising on any sale of the business and assets, including GDPR matters. In addition, they are assisting the Joint Administrators in resolving the proprietary issues in respect of the funds and crypto-currency assets held by the Company at appointment. CRS are also advising on creditors' claims and have been assisting the Joint Administrators with all other post appointment matters. They are also coordinating the Company's ongoing litigation efforts across numerous jurisdictions.

Kobre & Kim LLP ("K&K"), a World-leading firm of dispute and investigation solicitors, with offices in China, Hong Kong, New York and London, were engaged by the Company prior to the Administration to investigate the frauds perpetrated against the business. K&K have offered their assistance to the Joint Administrators and we are currently working to negotiate a fee arrangement with K&K that any fees payable to them will be contingent upon recoveries they make for the benefit of the Company and its creditors.

K&K have proposed to undertake this work in multiple jurisdictions, on the basis of a fee of 30% of the net assets recovered (which is the sum left after the re-imbursement of any disbursements necessary to make said recovery). K&K have also requested that their pre-appointment outstanding invoices, in the sum of approximately \$12,000, be settled prior to any post-appointment work being carried out. In order to progress matters, this seems acceptable and has been included in the Estimated Outcome Statement at Attachment D.

K&K were recently successful in recovering misappropriated crypto-currency in a pioneering case in this field and we believe that it should be extremely encouraging for creditors that K&K have proposed to work on a purely "success fee" basis in this matter.

Opus Pear Tree Limited ("OPT"), the forensic arm of the Opus Business Services Group in which the Joint Administrators are Directors and minority shareholders, have been instructed by the Joint Administrators to undertake fraud investigations, reviews of bank statements and email correspondence together with assisting enforcement agencies with regards to ongoing investigations. OPT's fees are based on time costs, such time to be charged at the hourly charge out rates used by OPT at the time the work is performed (plus VAT and disbursements), these rates are set out in Attachment E.

Ganado & Associates in Malta ("Ganado"), have been instructed to continue providing the Company with their legal services in relation to ongoing litigation in Malta, connected with the frauds which the Company was subject to prior to the Administration (as above). Ganado's costs for their services to date total Euro 5,000 and will be paid as and when funds are available.

Specialist forensic technology contractors, including Neutrino, and individuals from the Company's IT team and legal team in Berlin and Malta have been instructed to assist the Joint Administrators in recovering the Company's IT data and support both the civil litigation claims and enforcement agencies. The costs of these services are based on time costs, with such time to be charged at the hourly charge out rates agreed with the Joint Administrators at the time the work is performed (plus VAT and disbursements), these rates are set out in Attachment E.

Where professional fees are based upon the parties' recorded time costs incurred, these will be reviewed by the Joint Administrators' staff before being approved for payment.

Sales of certain assets to connected parties

In accordance with the requirements of Statement of Insolvency Practice 13 ("SIP13"), the Joint Administrators are required to notify creditors of the details of the sale of any assets to parties connected with the Company since the Joint Administrators' appointment.

Shortly after the Joint Administrators' appointment, they appointed an independent firm of intellectual property valuers, Metis Partners LLP ("Metis"), to assess the value of the Company's intellectual property assets and to market these to potential purchasers. Metis hold appropriate professional indemnity insurance and are leaders in this field.

Metis highlighted that the Company's customer lists (B2B and B2C) may have material value. The Joint Administrators sought legal advice regarding the GDPR implications of selling these assets and were reassured that a sale was possible. Metis noted that the ultimate beneficial owner and former director of the Company, David Julian Mautner ("Julian Mautner"), was asserting ownership over the Company's trading systems, stating that these were licenced to the Company. This assertion is still being investigated.

An initial sales process for the customer lists was carried out in December 2018, during which over 3,500 parties were contacted and interested parties were given until 9 January 2019 to make offers.

On 10 January 2019, Metis informed the Joint Administrators that two offers had been received for the customer lists but that no offers matched their expectations. Metis recommended that the sales process be extended for another 10 days and that an additional 200 potential purchasers, with strong connections to online gaming, be contacted.

On 21 January 2019, Metis contacted the Joint Administrators to notify them that they had received two offers for the B2B customer database and the best offer received was from Julian Mautner. As Julian Mautner is ultimate beneficial owner of the business and was a Director until January 2017, he is therefore considered a connected party. In the absence of any other material offers, and following the recommendation of Metis, the offer of 45,000 euros (exclusive of VAT) from Julian Mautner was accepted on 23 January and a non-refundable deposit received by Metis on 28 January 2019. Contracts are currently being drawn up and we anticipate that the sale will be completed and balance paid prior to the meeting of creditors.

Assets remaining to be realised

As mentioned previously in this report, the Company may have been subject to various fraud actions prior to the Administration, which resulted in the loss of approximately 36 million euros. The Company expended significant resources in investigating and pursuing these matters and made some material progress. The Joint Administrators have instructed agents and solicitors, as detailed in this report, to continue with the recovery of these funds.

Due to the complexity of this process, it is not yet possible to place an estimated value on the potential recovery of these funds and assets. However, the initial feedback from investigators and lawyers dealing with these matters has been positive. As creditors will appreciate, these matters are of an extremely sensitive nature, but the Joint Administrators will endeavour to provide further updates when these become available.

It is already clear that there is a significant deficiency in value between the cash and crypto-currency that users had deposited with the Company and the funds and assets that the Company actually possessed at the date of Administration. At present, the Joint Administrators estimate this deficiency to be approximately equivalent to the amount of assets lost due to the alleged frauds.

The Company's cash at bank has an estimated book value of £1.8 million and, as illustrated in the Estimated Outcome Statement at Attachment D, on the basis of current information, it is estimated that £1.8 million of cash will be realisable. As at the date of this report, £1,403,369.93 has been realised by the Joint Administrators, principally across bank accounts identified in Germany and the UK.

The Joint Administrators are also working with former IT team members to transfer the Company's remaining balances of cryptocurrency (Bitcoin, Bitcoin Cash and Litecoin) from the Dooga wallet to the control of the Joint Administrators.

The Joint Administrators are investigating a payment of Euro 441,394 to Goldfox Enterprises Ltd, ('Goldfox') a Maltese based company and associated company made pre appointment on 3 December 2018. At the Joint Administrators request, upon discovering this significant payment, Euro 307,398 was returned to the Administration by Goldfox. The difference of Euro 133,996 was explained by the former management as being used to pay salaries, taxes and certain key payments.

The Joint Administrators are also investigating a payment of Euro 300,000 to Dooga Deutschland UG, ('DDUG') a German associated company made pre appointment on 3 December 2018. A full reconciliation of these payments is being undertaken.

Proprietary Claims

The cash at bank and crypto-currency balances are being reviewed by "CRS" with the assistance of OPT to advise as to whether these funds are trust monies, held for the benefit of certain users who can trace their funds or crypto-currency. A detailed forensic exercise, followed by an application to Court, will be required in order to determine the legal ownership of these funds.

Book Debts

The Company's book debts, which consist primarily of loans to associated companies also controlled by Julian Mautner have an estimated book value of £800,599, according to the Company's books and records as at 23 October 2018, being the last date when they were updated. The main debt is an amount of £754,176 due from Booming Games Limited, an Isle of Man company. The Joint Administrators have not yet been able to verify whether the Company's books and records accurately record the actual position at the date of Administration. The Joint Administrators are seeking repayment of all sums due to the Company from associated companies and such realisations will be available to meet debts, expenses and creditor claims of the Company.

Other Assets

Metis have identified certain technology development work that appears to have been carried out by the Company and which may have a value, if marketed. The Joint Administrators are continuing to investigate this matter to determine whether the Company owns any saleable assets in this regard.

According to the Company's records, there are funds on account with Gordon Dadds Corporate Services Limited ("GDSDL") totalling £677.19. The Joint Administrators are liaising with GDSDL regarding the recovery of these funds.

The Joint Administrators have approached the Director and officers of the Company regarding physical assets held by the Company at the date of Administration and they are continuing to pursue these enquiries.

Investigation into the Company's Affairs Prior to the Administration

As set out above, the Joint Administrators are undertaking a review of the Company's trading activities in order to establish whether or not there are actions that may be taken for the benefit of the Administration and to assist with the statutory submission regarding the conduct of Company directors in office at the commencement of the Administration and any who resigned in the three years prior to the Administration.

Should any creditor have any concerns about the way in which the Company's business has been conducted or information on any potential recoveries for the estate, they are invited to bring them to the attention of the Joint Administrators as soon as they are able.

6. The Statement of Affairs and the Outcome for Creditors

Neither the Director nor the ultimate beneficial owner have submitted a signed Statement of Affairs to date, despite several requests. Therefore, the Joint Administrators have provided an Estimated Financial Statement of the Company from the limited information available, which incorporates an estimated statement of affairs and a list of the creditors. These are attached at Attachment C. These details have been extracted from the Company's records and therefore no warranty can be given to the accuracy of the information provided.

In accordance with the standard format of a Statement of Affairs, no provision has been made in the Statement for the costs of the Administration (including agents, legal and other professional fees).

The Joint Administrators have not carried out any work of the nature of an audit on the information.

Secured creditors

The Company had not granted security to any creditors.

Preferential claims and prescribed part

Presently, there are no known preferential claims, as the Company's staff were employed by other companies (other than the sole Director).

Section 176A of the Act requires Administrators to make a prescribed part of the company's net property, which is the balance remaining after discharging the preferential claims but before paying the floating charge-holder, available for the satisfaction of unsecured debts.

In this case, the prescribed part provision does not apply, as there is no debt due to any secured creditor.

Unsecured claims

As demonstrated in the Estimated Outcome Statement attached at Attachment D, on the basis of the costs incurred to date and the estimated further costs to be incurred in bringing the Administration to a conclusion, it is anticipated that there may be sufficient funds to pay a dividend to unsecured creditors. Due to the possible distribution to unsecured creditors, you are requested to submit claims to the postal address or email address on the front of this report. A Proof of Debt form is provided in the document to which this forms an appendix.

The Joint Administrators are aware that some creditors are having difficulties in quantifying their claims, as the Company's website is no longer operational and we are sympathetic to this situation. Creditors should submit their best estimate of the value of their claims and the Joint Administrators will use the Company's records to adjudicate these in a fair and reasonable manner.

Attached at Attachment D is the Joint Administrators' receipts and payments account for the period from 10 December 2018 to 30 January 2019.

7. The Joint Administrators' Fees

The Joint Administrators propose to be remunerated on the basis of the time properly given by the Joint Administrators and their staff in attending to matters arising in the Administration, such time to be charged at the hourly charge out rates used by Opus Restructuring LLP at the time the work is performed (plus VAT) as set out at Appendix V of the proposals. In addition, specifically in relation to the fraud litigation matters, the Joint Administrators are proposing to be paid 10% of funds recovered.

The Joint Administrators would welcome the establishment of a Committee of Creditors to provide oversight and act as a sounding board during the course of the Administration. If a Creditors' Committee is established, the Committee will be responsible for agreeing the Joint Administrators' remuneration. In the absence of a Committee, the Joint Administrators will seek approval for the basis of their fees from the unsecured creditors, as per the attached formal Proposal.

Information to support the proposed basis of the Joint Administrators' fees, together with the Statement of pre-Administration costs, is provided in the Joint Administrators' Proposals, to which this Statement of Proposals forms at Appendix X.

8. Approval of the Statement of Proposals

The Joint Administrators are seeking creditors' approval of the Statement of Proposals, which are summarised in Section 9, by means of a virtual meeting.

Attached to the Joint Administrators' Proposals, to which this Statement of Proposals forms an appendix, is a Notice of Decision Procedure, which describes how creditors may attend the virtual meeting and lodge a proxy to enable them to vote on the proposed decision to approve the Statement of Proposals and on the other proposed decisions. In addition, creditors will have the opportunity to lodge questions in advance of the virtual meeting. The Joint Administrators will endeavour to answer creditors questions that are properly submitted in advance of the meeting, at the meeting itself.

Creditors who meet a statutory threshold as set out in the Notice can require that a physical meeting of creditors be convened. Such a request must be made to the Joint Administrators within 5 business days of the date on which the Statement of Proposals was delivered.

9. Summary of the Joint Administrators' Proposals

The Statement of Proposals which creditors are invited to consider, is summarised below.

In order to achieve the purpose of the Administration, the Joint Administrators formally propose to creditors that:

- the Joint Administrators continue to manage the business, affairs and property of the Company in order to achieve the purpose of the Administration, in particular that:
 - (i) they continue to investigate and, if appropriate, pursue any claims that the Company may have against any person, firm or company, whether in contract or otherwise, including any officer or former officer of the Company or any person, firm or company that supplies or has supplied goods or services to the Company;

- (ii) they realise the Company's remaining assets at such times and on such terms as they consider appropriate; and
 - (iii) they do all such things and generally exercise all their powers as Joint Administrators as they consider desirable or expedient at their discretion in order to achieve the purpose of the Administration or protect and preserve the assets of the Company or maximise the realisations of those assets, or of any purpose incidental to these activities.
- the Joint Administrators end the Administration in one of the following ways, appropriate to the circumstances of the case at the time:
 - (i) in the event that the Joint Administrators think that a distribution will be made to unsecured creditors (and they have not sought the Court's permission, and are otherwise unable, to pay the distribution whilst the Company is in Administration), they shall send to the registrar of companies notice to move the Company from Administration to Creditors' Voluntary Liquidation. In such circumstances, Steven John Parker and Trevor John Binyon will be appointed Joint Liquidators and will be authorised to act either jointly or separately in undertaking their duties as Liquidator. Creditors may nominate a different person or persons as the proposed liquidator or liquidators in accordance with Paragraph 83(7)(a) of Schedule B1 of the Act and Rule 3.60(6)(b) of the Rules, but they must make the nomination or nominations at any time after they receive the Statement of Proposals, but before it is approved. Information about the process of approval of the Statement of Proposals is set out at Section 8; or
 - (ii) in the unlikely event that there is no remaining property that might permit a distribution to the Company's creditors, they shall file a notice of dissolution of the Company pursuant to Paragraph 84 of Schedule B1 of the Act; or
 - (iii) alternatively, and should there be no likely funds to distribute to unsecured creditors, the Joint Administrators may seek to place the Company into Compulsory Liquidation in order to bring proceedings that only a Liquidator may commence for the benefit of the estate. In such circumstances, Steven John Parker and Trevor John Binyon may ask the Court that they be appointed Joint Liquidators, to act either jointly or separately in undertaking their duties as Liquidators.

Steven John Parker
Joint Administrator
Dated: 31 January 2019

Steven John Parker and Trevor John Binyon were appointed Joint Administrators of Dooga Ltd (trading as Cubits) in Administration on 10 December 2018. The affairs, business and property of the Company are managed by the Joint Administrators. The Joint Administrators act as agents of the Company and contract without personal liability.

Steven John Parker is licensed to act as an Insolvency Practitioner in the UK by the Insolvency Practitioners Association and is bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment.

Trevor John Binyon is licensed to act as an Insolvency Practitioner in the UK by the Institute of Chartered Accountants in England & Wales and is bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment.

Deficiency to Members				Uncertain

Notes:

- To date, the Joint Administrators have recovered £1,403,370 from the Company's various banks. There are still various banks which have not yet confirmed whether they are holding any funds on behalf of the Company. Until confirmed otherwise, these funds are being held on 'trust'.
- The Joint Administrators have been made aware of some Company book debts, which they are investigating and will attempt to recover for the benefit of the creditors. It is currently uncertain how much is due to the Company and therefore at this stage the Joint Administrators are unable to confirm the realisable value.
- As detailed within the report, Metis Partners Ltd were instructed to carry out a valuation of the Company's intellectual property and market this for sale. On 23 January 2019, an offer was accepted for 45,000 euros, which equates to c.£39,000.
- The Joint Administrators have £4,982.50 of pre-appointment time outstanding for the work carried out prior to their appointment.
- The Joint Administrators propose to be remunerated on a time costs basis with an estimated cost of £575,148.
- In relation to the Fraud Litigation work, the Joint Administrators propose to be remunerated on the basis of 10% of recoveries made.
- The Joint Administrators estimate that their disbursements, excluding agents' and legal costs, will total £14,202.
- As detailed in the report, K&K have been instructed to provide their legal services for the recovery of the fraud action which the Company was subject to prior to the Administration. K&K's costs are based on 30% of net recovery. K&K have requested that their outstanding invoices, totalling £8,775, be settled prior to any further work being carried out.
- Ganado & Associates have been instructed to provide their legal services for the recovery of a separate fraud action which the Company was subject to. Ganado's costs are Euros 5,000 to date.
- As detailed in the report, Metis Partners Ltd have been instructed to carry out a valuation of the Company's assets and market them for sale. Their costs are on a fixed fee of £15,000 plus 8% of realisations up to £200,000.
- OPT estimate that their time costs in this matter will be £312,875.
- There are no known preferential debts.
- The prescribed part is not applicable.

Additional Note: The figures produced in the above are presented net of VAT

Summary of Fees

Time spent in administering the Assignment	Hours	29.90
Total value of time spent to 10 December 2018	£	14,982.50
Total Pre Appointment fees charged to 10 December 2018	£	10,000.00

Appendix III – Charge-out rates and bases of disbursements

Opus Restructuring LLP mission statement is “to provide clients with an outstanding service based on technical excellence, effective problem solving and the highest level of client care”. It provides a quality, partner led service and takes compliance with insolvency legislation and best practice guidance seriously.

This guide to our fees & disbursements has been produced to provide creditors with information required by best practice guidance. We recommend that this guidance is read in conjunction with the note entitled “A Creditors Guide to Administrators Fees”, which is attached to the notice convening this first meeting of creditors.

At Opus Restructuring LLP we seek to recover fees on time cost basis. A link to my current charge-out rates may be found at www.opusllp.com and are also detailed below.

b) The Joint Administrators' Expenses Estimate

Below is the expenses estimate in respect of category 1 direct expenses and category 2 expenses, which will have an element of shared or allocated costs.

Please note that this estimate reflects the expenses anticipated to be incurred for the full period of the Administration and thus it includes expenses already incurred, details of which are provided elsewhere in this document.

Expenses Category 1	Basis	Estimate of total £
Legal fees Charles Russell Speechlys LLP have been instructed to provide advice in respect of the appointment, sale of the assets, funds held on trust	Time-costs	181,750
Agents and valuers (assets) Metis Partners Ltd have been instructed to provide a valuation and to assist with a sale of the company's assets.	Fixed fee and % of recovery	19,144
Agents' fees (forensics/investigations) Opus Pear Tree have been instructed to provide forensic services to the Joint Administrators in relation to their investigations and asset recovery.	Time-costs	312,875
Legal costs Kobre & Kim LLP have been instructed to undertake the legal recovery of cryptocurrency fraud action.	30% of net recovery	Uncertain
Specialist contractors Various contractors have been instructed to assist the Joint Administrators in recovering the Company's IT data and support the various litigation claims.	Basic salaries and time costs	25,000
Accounting fees Accountants may be instructed to provide the Joint Administrators with their services and expertise on corporation tax returns, dealing with any profit on sale of assets, providing advice and calculating any termination loss claim, and any VAT advice required	Time-costs	5,000

Please note that this estimate has been provided on the assumptions given in Section 6. In the event that it proves necessary for the Joint Administrators to incur additional expenses in performing their duties, they will provide further details in their progress reports, but there is no statutory obligation to ask creditors to approve any adjusted estimate.

Appendix VI – Notice of decision procedure

Company Name: Dooga Ltd (Trading As Cubits) - In Administration ("the Company")
Company Number: 04430228
In the High Court of Justice no. 010642 of 2018

This Notice is given under Rule 15.8 of the Insolvency (England & Wales) Rules 2016 ("the Rules"). It is delivered by the Joint Administrators of the Company, of Opus Restructuring LLP, 1 Radian Court, Knowlhill, Milton Keynes, MK5 8PJ, who were appointed by the Company's Director.

Creditors are invited to attend a virtual meeting for the purposes of considering the following (for the full wording of proposed decisions, see the proxy form):

1. Approval of the Joint Administrators' Proposals
2. Formation of a Creditors' Committee
3. Discharge from liability
4. The basis of the Joint Administrators' fees
5. The approval of the Joint Administrators' Category 2 disbursements
6. The approval of the pre-Administration fees and expenses
7. The Joint Administrators will be appointed Joint Liquidators.

The meeting will be held as follows:

Time: 10:00 AM (GMT)
Date: 15 February 2019

The Joint Administrators will provide instructions on how to access the virtual meeting, which will be held via an online conferencing platform, closer to the date of the meeting.

This virtual meeting will be recorded by video and/or audio in order to establish and maintain records of the existence of relevant facts or decisions that are taken at the meeting. By attending this meeting, you consent to being recorded (including possible recordings of your facial image). Where any recording of the meeting also entails the processing of personal data, such personal data shall be treated in accordance with the Data Protection Act 1998.

Due to the high number of potential attendees it may be difficult for the Joint Administrators to answer questions at the meeting. As such, the Joint Administrators request that if any attendees of the meeting have questions regarding the Proposals that these be submitted by email by close of business on 13 February 2019. Please specify in the email subject that your email contains 'QUESTIONS FOR THE MEETING'. The Joint Administrators will endeavour to deal with all matters raised.

The meeting may be suspended or adjourned by the chair of the meeting (and must be adjourned if it is so resolved at the meeting).

Also provided is a proxy form to enable creditors to appoint a proxy-holder to attend on their behalf (note: any creditor who is not an individual, for example a limited company, must appoint a proxy-holder, if they wish to attend or be represented at the meeting).

All proxy forms, together with a proof of debt if one has not already been submitted, must be completed and returned to the Joint Administrators by one of the methods set out below:

By post to: Opus Restructuring LLP, 1 Radian Court, Knowlhill, Milton Keynes, MK5 8PJ
By fax to: 01908 66 04 61
By email to: doogaltdcubits@opusllp.com, with the subject heading 'PROXY FORM'

Please note that, if you are sending forms by post, you must ensure that you have allowed sufficient time for the forms to be delivered to the address above by the times set out below. An email is treated as delivered at 9am on the next business day after it was sent.

All proofs of debt must be delivered by: 16:00 (UK time) on 14 February 2019.

All proxy forms must be delivered to the convener or chair before they may be used at the meeting fixed for 10:00 (UK time) on 15 February 2019.

If the Joint Administrators have not received a proof of debt by the time specified above (whether submitted previously or as a result of this Notice), that creditor's vote will be disregarded. Any creditor whose debt is treated as a small debt in accordance with Rule 14.31(1) of the Rules must still deliver a proof if the creditor wishes to vote. A creditor who has opted out from receiving notices may nevertheless vote if the creditor also provides a proof by the time set out above.

Creditors who meet one or more of the statutory thresholds listed below may, within 5 business days from the date of the delivery of this Notice, require a physical meeting to be held to consider the matter.

Statutory thresholds to request a meeting:	10% in value of the creditors
	10% in number of the creditors
	10 creditors

Creditors who have taken all steps necessary to attend the virtual meeting under the arrangements made by the convener, but that do not enable them to attend the whole or part of the meeting, may complain under Rule 15.38 of the Rules. A complaint must be made as soon as reasonably practicable and in any event no later than 4pm on the business day following the day on which the person was, or appeared to be, excluded; or where an indication is sought under Rule 15.37, the day on which the complainant received the indication.

A creditor may appeal a decision by application to the Court in accordance with Rule 15.35 of the Rules. Any such appeal must be made not later than 21 days after the Decision Date.

Steven John Parker
Joint Administrator

Dated: 31 January 2019

Appendix VII – Proxy Form

The Insolvency Act 1986

Proxy (administration)

In the matter of Company Name: Dooga Ltd (Trading As Cubits) - In
Administration ("the Company")
and
in the matter of the Insolvency Act 1986

Notes to help completion of
the form
