 - iii) That the Administrator's remuneration be limited to time properly spent in dealing with the affairs of the Company up to the date of discharge on or before 21 June 2010

Administrator's Actions

- 3 1 In the last report to creditors it was noted that the Company had a significant debtor ledger totalling £378,352.85
- 3 2 Given the nature of the industry specialist construction solicitors were instructed to review the debtor ledger and assist with the ongoing collection
- 3 3 An extensive review of the Company's books and records was conducted with the collection's agency to assess the nature of the records held and to gain a better understanding of any known and existing disputes
- 3 4 Appropriate records were passed to the collection's agency to assist with the initial enquiries
- 3 5 Upon appointment it had also been noted that the Company had an ongoing dispute with a former director and existing shareholder
- 3 6 A meeting was held with the current directors to gain a full history and better understanding of the dispute.
- 3 7 Following this meeting correspondence has been entered into with the former director's solicitor to establish if there are any further matters that require investigation
- 3 8 In order to assist with this line of enquiry correspondence was also entered into with the Company's former accountant who has been instructed to establish the extent of any loss caused by the dispute
