STRATEGIC REPORT

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

ABOUT US

International Entertainment Holdings Limited (the Company) is an International holding group majority owned by Providence Equity Partners. The principal activity of the Company is to hold companies that carry out complementary activities across the value chain of live entertainment and theatre-related activity, principally in the UK, USA, and Continental Europe [the Group]. The Group considers that these markets have significant potential for growth and forms the basis for the Group's strategy of further growth and expansion.

The Company's main holding is The Ambassador Theatre Group Limited (ATG). ATG is a global leader in live entertainment and is a fully integrated operator across the entire live entertainment value chain, with activities in venue operations, ticketing, marketing services and content production. ATG operates in Germany through its subsidiary Mehrl-BB Entertainment GmbH (Mehrl-BB), which was formed by the merger of the Mehrl Group (acquired in May 2018) with the BB Entertainment Group of companies (acquired in May 2015).

OVERVIEW ON BUSINESS OPERATIONS

ATG is focused on providing a high level of service to two groups of customers; producers and audience members. By making the end-to-end "customer journey" of our audience top priority, we will ensure that our venues are the best stages for the highest quality content developed by both our own in-house as well as 3rd party producers.

Venue Operations

The aim of our venue operations division is to provide a great service to both our producers and our audience members. We generate revenues from renting our venues to productions as well as selling food and beverages to our audience members.

Over the last financial year, to help mitigate the impact of COVID-19, the Group's capital expenditure has been rephased and prioritized on essential maintenance. However, as we move towards the easing of government restrictions and re-opening of venues, investment in improving the quality of venues to enhance our customers' theatre-going experience will resume. Many of the Group's venues are historic buildings which have an important significance in their local areas, Investment in the maintenance of these buildings is central to the Group's custodianship of them for the benefits of future generations of audiences. The development and improvement of these venues to meet the needs and expectations of today's audiences and producers are equally important.

In the UK, the Group owns and operates same of the most iconic venues with 10 in London and 21 more across the country. The Group operates 15 theatres in the USA, including two Broadway venues (the Lyric and the Hudson), and 13 theatres in other US cities. The Group also operates five venues in Germany as part of the Mehr!-BB Entertainment Group.

Ticketing

The Group operates the largest theatre ticketing business in the UK and sells the majority of tickets to shows in its venues through its own ticketing businesses.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Content Production

A key strategy of the Group's Content Production division is to find, secure, and produce high-quality shows for both ATG and third-party venues. The Group develops and produces new content in addition to co-producing, investing in and presenting content from independent producers.

Markeling

The Group through its subsidiary companies of AKA Group, headquartered in London and 88 Group, head-quartered in Mannheim, Germany, is able to offer a wide range of marketing services, which are in-line and complementary to the Group's overall strategy. AKA, a global entertainment marketing and media advertising agency for the live entertainment, arts and cultural industries has offices in London, Manchester, New York and Australia. AKA has continued to support the Group's strategy of developing independent yet complementary business lines to provide a full-service experience to clients within the theatre and live entertainment industry. Furthermore, AKA has seen its business offering extend further afield with clients not directly linked to the live entertainment industry, such as museums, galleries, gardens and zoological centres.

Alongside its production services, Mehr-BB Group, via its subsidiary ESMS, provides marketing services for live entertainment productions in German-speaking Europe.

REVIEW OF FY21

The Group's operations were significantly disrupted in FY21 due to the COVID-19 Pandemic. All jurisdictions in which the Group operates had social distancing restrictions which required the closure of all its venues. Throughout the year, the Group has been focused on conserving cash through cost restructuring and supplier negotiations as well as implementing available government support, in the form of furlough schemes, tax payment deferrals, business rates relief and grants.

The Group has renegotiated its covenants with its lenders and extended the maturity of its senior loans to 2025. The Group also raised additional funds from a new minority investor, Amplify Capital Investment Pte. Ltd, which is owned by Silverlake Partners.

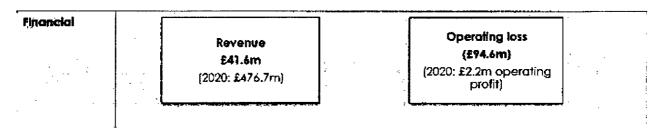

The Group has postponed the majority of its programming into the future and as a result, has retained a high proportion of the balance of advances sales of tickets sold pre-COVID-19 shut down.

The loss before tax for the period was £147.1 million (2020: £33.9 million). Current year and prior year losses are attributable to the impact of COVID-19 on the Group.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

KEY PERFORMANCE INDICATORS (KPIs)

Non-financial KPIs:

Due to the closure of venues throughout FY21, the non-financial KPIs usually used to monitor the business have not been considered by management, with focus instead on cash management and cost reduction.

Financial KPis:

- Revenue of £41.6m decreased 91% from 2020 as COVID-19 forced the closure of all of the Group's venues for the full year. Please refer to note 3 for geographical analysis of revenue.
- The operating loss of £94.6m results from the reduction in revenue, offset by lower cost of sales and action taken by management to reduce operating expenses.

FINANCIAL POSITION AND CASH FLOW

The position of the Group at the period-end is set out in the consolidated statement of financial position on pages 40 and 41, the consolidated statement of cash flows on page 44 and in the related notes on pages 45 to 89.

- Cash from operating activities was a net cash outflow of £108.5 million (2020; inflow of £62.2 million). This reflects the impact of COVID-19 on the year's trading, with an operating loss of £94.6 million (2020; operating profit £2.2 million) and negative net working capital cash flow of £43.5 million (2020; positive £10.7 million).
- Investing cash flows include £14.8 million (2020: £54.1 million) of capital expenditure. Capital expenditure was minimized in the year to preserve cash. This was offset by £1.4 million (2020: £1.9 million) net recoupment in show investments in the period.
- Net debt, including finance lease fiabilities, is consistent with prior year at £564.1 million (2020: £564.2 million). New shareholder loans of £135.0 million were raised, offset by repayment of £85.5 million of bank loans and £11.1 million of finance lease repayments. Closing cash was £185.4 million, up from £139.1 million at March 2020, and included a £2.6 million escrow balance (2020: £8.8 million).
- New shares were issued during the year, raising £151.3 million.

STRATEGIC REPORT (confinued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Leverage and liquidity

The Group agreed with its lenders temporary amendments to the EBITDA calculation used to test its leverage covenant, which take into account the impact of reduced trading. Under this amended agreement the Group complied with its net leverage covenant throughout the period.

The net leverage covenant specifically focuses on the drawn senior debt of the Group so excludes shareholder loans and finance lease liabilities (refer to note 19).

The cash balance used for leverage covenant testing excludes the cash balance held by subsidiaries outside of the banking group of £65.8m at 27 March 2021 (2020: Nil).

Net debt for covenant purposes at 27 March 2021 was £310.3 million (£358.0 million of senior debt plus £69.4 million of revolving credit facility net of cash (excluding escrow) of £117.1 million). This was £13.0 million higher than the prior year ending balance of £297.3 million.

Cash

As at 27 March 2021, the Group had cash and cash equivalents of £185.4 million (2020; £139.1 million), including escrow accounts which are held for use primarily in connection with specific productions. The Group also had additional available revolving facilities of £5.6 million (2020; £5.6 million). The cash balance increased by £46.4 million in the period, while freely available cash increased by £52.7 million.

| Impact of foreign exchange | (2.0) |
| Movement in cash balance | 46.4 |

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Borrowings

The Group has total available bank facilities of £433.0 million, of which £5.6 million remains undrawn at the period end.

The senior debt is secured by a debenture over the majority of the assets of the Group. The senior facilities agreement also requires the Group to comply with certain covenants. As at 27 March 2021, the Group was in compliance with its covenants.

The Group also has loans from its shareholders totalling £139.2m, including accrued interest (2020: £Nil). Interest on shareholder loans is non-cash paying and accrues at fixed rates ranging between 4.0% and 10.0%.

The Group has a finance lease creditor of £166.1 million (2020: £177.2 million).

The maturity of the debt is shown in notes 19, 20 and 28 to the financial statements.

POST BALANCE SHEET EVENTS

Subsequent to the period end, the Group completed the acquisition of Nederlander Detroit LLC and Broadway San Francisco LLC for total consideration of £173.9 million. This acquisition adds two theatres in San Francisco and three in Detroit to the Group's portfolio of owned and operated venues.

Subsequent to the period end the Group received €5.4 million of COVID-19 related government grant income from the German government,

FUTURE DEVELOPMENTS

The strong fundamentals that underpin the theatrical industry combined with the quality of our portfolio of venues contribute to the Directors' confidence in the long term growth of the business in future years. In order to withstand the current challenges of COVID-19, the Group will continue to judiciously monitor its cost base and preserve and protect its liquidity position whilst ensuring that we are adequately prepared for a speedy return to operations.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

PRINCIPAL RISK AND UNCERTAINTIES

The Board monitors the principal risks and uncertainties which could have a material effect on the Group. The Group's risks are monitored and managed management. The directors consider the following to be the Group's principal operational and financial risks as at the date of this report. The list presented through a framework of policies, procedures and internal controls. Policies and procedures are subject to board approval and ongoing review by is not intended to be exhaustive.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

| Operational risks | Description | Miligation | Direction of risk from prior year |
|--|--|--|--|
| Working safely | Since the start of the COVID-19 Pandemic, the majority of the Group's employees have worked from home. As verues start to re-open, the Group is committed to providing a safe working environment for staff and visitors. | We are conducting thorough safety protocols to ensure that staff can return to work safely. All venues and offices undergo risk assessments to ensure that appropriate measures are in place including enhanced cleaning and enabling test and trace. | This risk remains unchanged from prior year. |
| Downtum in theatre aftendance | There are potential factors outside the Group's control that might impact theatre attendance such as economic slowdowns or recessions or other extraordinary events like a global pandemic or terrorist attacks. Historically, the theatre industry has proven to be resilient in the wake of unexpected events over previous periods. | The Group's aim is to attract customers with high quality productions and manage dark periods through nurturing and developing strong relationships with show producers and investing in the development of new show content. To reduce the risk of lower attendance post-COVID-19, we will ensure that all efforts to make our venues as safe as possible have been met so that visitors are comfortable and safe. | Risk of a downturn in theatre attendance due to the impact of COVID-19 on consumer confidence and the government's restrictions on mass gatherings has remained similar to prior year. |
| Lack of available opportunities for value creation | Acquisitions and new business ventures may not yield expected results if potential synergies and value creation opportunities are not successfully realised. | Management has significant experience of acquisition and integration activity and works with third party advisors to ensure that appropriate due diligence is carried out prior to acquisition, and that local laws and regulations are followed. Detailed, cross-tunctional plans are created to ensure that newly acquired | Risk remains the same as previous years. Downtums in the markets can result in an increase in acquisition opportunities however the risk associated with ensuring that such opportunities yield value remains the same. |

| | | businesses are effectively and efficiently integrated into the Group. | |
| Brexif | The transition period for Brexit expired on 31 December 2020. The trade deat with the EU came into force on 1 January 2021. The risk of a no deal Brexit has therefore been remaved, but there are still some on-going risks as follows: Access to goods: EU imported goods may be delayed due to the customs formalities required to be in place. Access to labour. EU nationals who arrived before or during the transitional period have safeguards in place to allow them to remain in the UK; however for EU nationals arriving ofter the transition period, depending on the length of their stay and reasons for their visit they may need to apply for visas as per nationals from other countries. | We are constantly monitoring the situation and audits have been completed to determine: Workforce: The Group's number of workers from the EU are not significant enough for any notable impact. At this stage we continue to consider how best to support workers from the EU to make sure they have all the information they need. Food and Beverage: The main areas of risk are in the wine, beer and coffee categories which are either manufactured or imported from the EU. To mitigate against the risk of unavailability of supply or steep increases in price, the Group has worked with its main suppliers to ensure that non-EU products are available. Data Transfers: The UK Government is currently expecting that an adequacy decision will be made in respect of the UK to allow transfers of | The risk in comparison with prior years has Decreased due to the trade deal having been signed. |

| | | | CONTRACTOR |
|--|--|--|---|
| Operational risks | Description | Mitgation | Direction of risk from prior year |
| Business critical systems | The Group is dependent on a rumber of key. The Group has in place system controls, disassystems for key business and customer recovery and business continuity arrangeme processes. The failure of a critical system may to mitigate the risk of a critical system failure. cause significant disruption to the operations of the business and lost revenue. | The Group has in place system controls, disaster recovery and business continuity arrangements to mitigate the risk of a critical system failure. | Risk remains the same as previous years. |
| Anti-bribery and corruption and modern slavery | Whilst the Group's business model is lower risk, it remains imperative that these laws are complied with. Any such incident could lead to criminal or civil prosecution, fines and reputational damage to the Group. | The Group has in place clear frameworks including comprehensive policies and training to ensure compliance and educate staff. Controls within the Group's supply chain include pre-contract audits, contractual controls and effective financial controls. The Group also has a whistleblowing policy together with an independent whistleblowing service. | The risk in comparison with prior years remains the same. |

STRATEGIC REPORT (confinued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

| Financial risks | Description | Mitigation | Direction of 11sk from prior year |
|-----------------------|---|--|---|
| Liquidity risk | Liquidity risk is the risk that cash may not be available to pay obligations when they fall due. Please refer to the going concern disclosure on pages 28 and 29. | The Group has significantly reduced its costs during the dark time, coupled with bi-weekly monitoring of cash forecasts. The Group must meet a minimum liquidity threshold, which was negotiated as part of the covenant amendment with the external Lenders. The Group has managed its liquidity by raising additional capital to fund the business during an extended dark period. | Liquidity risk has decreased as a result of the Group raising £151m of equity and £135m of shareholder toans. |
| Interest rate risk | The Group has significant levels of floating rate borrowings and is therefore exposed to the impact of interest rate fluctuations. | The Group monitors its exposure to this risk on a regular basis and works closely with the shareholders to govern the level of debt that the business should be exposed to, while considering the cost/benefit of entering into interest rate swap arrangements. | While overall financial markets are more volatile compared to a year ago, the levst of risk on the interest rate has not changed. |
| Foreign exchange risk | foreign exchange risk is the risk of volatility due to a change in foreign currency exchange rates. | The Group's activities, particularly within the USA, Germany and Australia, expose it to an element of financial risk of change in foreign currency exchange rates. The US dollar exposure acts as a natural hedge for our US-backed investors and the Euro and Australian Dollar exposure is limited. | Foreign exchange risk has not increased for the Group from the prior year. |

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

| financial risks | Description | Milgation | Direction of itsk from prior year |
|-----------------|---|---|---|
| Credif risk | Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. | Credit risk is the risk that a counterparty Will be unable to pay amounts in full public who pay for their tickets in advance of shows taking place, and there is therefore limited credit risk attached to these sales. There are also sales via third party agents, with whom the Group has long standing relationships. There is close monitoring of debtors who fail to pay within the Group's contractual payment terms. Cash is invested with a number of different banking partners, thereby reducing the risk of concentration. | There is increased credit risk with counterparties that may be adversely impacted by COVID-19. In order to mitigate these risks, we review terms of engagement in order to reduce any credit risk as well as credit scoring any new customers or suppliers that we engage with. |

fin lancial risk management is discussed further in note 28.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

CORPORATE AND SOCIAL RESPONSIBILITY

ENVIRONMENTAL MATTERS

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements appropriate policies to minimise any damage that might be caused by the Group's activities.

The Group seeks to reduce the environmental impact of its operations through responsible resource procurement and consistently thrives to eliminate waste with our supply chain partners. Specifically, we are driving efficient energy procurement, diverting all of our waste from landfill and where possible, installing energy efficient systems in our venues. As an organisation our environmental impact is a key pillar of our overarching Corporate Social Responsibility strategy.

The closure of the Group's venues throughout the year caused the majority of its ongoing environmental impact initiatives to be paused. However, the closure of all venues and offices has in itself reduced the Group's environmental impact.

Greenhouse Gas Reporting

The Group is required by the Companies Act 2006, Regulations 2013 to measure and reports its direct and indirect UK greenhouse gas emissions.

Direct greenhouse gas emissions are from sources that are owned or controlled by the Group. Indirect greenhouse gas emissions are from sources owned or controlled by other entities but are a consequence of the activities of the Group.

The methodology used to calculate emissions is based on the Greenhouse Gas Protocol's corporate Accounting and Reporting Standard approach. The UK government conversion factor guidance ("DEFRA") was used to calculate emission factors.

Greenhouse gas reporting is split between three categories. The explanations for these are as follows;

Scape 1: Direct emissions controlled by the Group. This includes gas and oil used for heating as well as emissions from company cars (both owned and leased).

Scape 2: Indirect emissions exclusively composed of purchased electricity within the Group.

Scope 3: Indirect emissions which occur at sources which are not owned or controlled by the Group and which are not classed as scope 2 emissions. This includes emissions from rental vehicles where the Group purchased the fuel.

OUR PEOPLE

| Number of employees at 27 March 2021 | Women | Men | Total |
|--------------------------------------|-------|-------|-------|
| Directors of the company | 1 | 4 | 5 |
| Other senior management | 20 | 43 | 63 |
| Employees | 2.205 | 1,791 | 3,996 |

The Group complies with all relevant legislation including those specifically targeted at preventing discrimination. Such principles are embedded through the organisation by the requisite policies. The Group is committed to ensuring the health, safety and welfare of its employees as far as is reasonably practicable. The Group seeks to ensure that statutory duties are met at all times and that it operates effective health and safety management policies and procedures.

The Group's policy is to consult and discuss with employees, through unions, staff councils, meetings and company-wide surveys, matters likely to affect employees' interests. Information on matters of concern to employees is given through information bultetins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Group's performance.

The Group continues to run its "Be a Star" and "Be a Star Manager" training programmes, focusing on Front of House and Box Office staff from when they join the Group, developing their skills to improve customer experience, and further along the line, the key aspects of people management. The Group also runs a two year "Rising Star" programme for some of our highest potential junior staff as well as a leadership course for senior managers "Leading Lights". In FY20, we launched our sixth cohort of Rising Stars, and a third Leading Lights class.

The Group's policy is to recruit disabled workers for those vacancies that they are able to fill. All necessary assistance with initial training courses is given. Once employed, a career plan is developed so as to ensure suitable opportunities for each disabled person. Arrangements are made, wherever possible, for retraining

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

employees who become disabled, to enable them to perform work identified as appropriate to their optitudes and abilities.

We continue to support internal engagement initiatives such as International Women's Day, Pride and Mental Health Awareness week, with more people becoming involved in all geographies.

Social and Community Involvement

The Group recognises that regional theatres, both in the UK and USA, are rooted in the heart of their local communities.

Many of the UK regional theatres have Creative Learning departments which take a leading role in contributing to the social cohesion of their communities in partnership with charities, trusts and organisations nationwide, including several local authorities and further education partners. Over the course of a year, Creative Learning can boast more than 70,000 participants of all ages and abilities throughout the UK.

People of a wide variety of ages and abilities participate in the Group's Creative Learning activities. Often inspired by the productions at venues, these can include workshops with visiting companies, backstage tours and pre-show talks, and also Youth Theatres, summer schools and classes for adults. In addition to this, many regional venues are used for several weeks a year by local amateur production companies.

On Broadway, the Lyric Theatre hosts an autism friendly performance of Harry Potter and the Cursed Child, enlightening more than 900 children and adults who are diagnosed with an autism spectrum disorder or other sensitivity issues and their families and friends. Partnering with Theatre Development Fund (TDF), slight adjustments to the production have been made so that the show is presented in a friendly, supportive environment. The Hudson Theatre hosts the 52nd St. Project at a performance of David Byme's American Utopia. Founded in 1981, the 52nd Street Project is a community-based arts organisation, with a mission to bring together kids from Hell's Kitchen in Manhattan with theatre professionals to create original theatre offered free to the general public. Teenagers from the organisation's song writing group enjoyed the show and were delightedly surprised by a "Meet & Greet" with David and the entire band after the performance. The evening also served as a fundraiser for the Project where money raised would support the Beloved Non-Profit Organization.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

CAUTIONARY STATEMENT

The Strategic Report has been prepared solely to provide information to shareholders to assess how the directors have performed their duty to promote the success of the Group. The report contains certain forward-looking statements, which are made by the directors in good faith based on the information available to them at the time that the report was signed, but are subject to the inherent uncertainties underlying any forward-looking information and as such should be treated with caution.

APPROVAL

This report was approved and authorised for issue by the Board of Directors on 21 July 2021 and signed on its

John Oldcom

Director

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

\$172 Statement

STATEMENT BY THE DIRECTORS IN PERFORMANCE OF THEIR STATUTORY DUTIES IN ACCORDANCE WITH SECTION 172(1) COMPANIES ACT 2006

The Board of Directors of International Entertainment Holdings Limited ("IEH") consider, both individually and together, that they have acted in the way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its stakeholders as a whole (having regard to the stakeholders and matters set out in section 172(1) (a-t) of the Act) in the decisions taken during the period ended 27 March 2021.

\$172(1) A "The likely consequence of any decision in the long term"

The Directors have taken the decision they believe best support IEH's strategic ambitions. More information can be found under 'Future Developments' on page 5.

\$172(1) B "The interest of the company's employees"

The Directors recognise that IEH employees are fundamental and care to our business and the delivery of our strategic ambitions. More information can be found under 'Our People' on page 14.

\$172(1) C "The need to foster the company's business relationships with suppliers, customers and others"

IEH stakeholders are customers, producers, suppliers, employees, shareholders and lenders and the Board recognises the need to regularly review the identity of its stakeholders as it makes decisions. The Board promotes accountability and transparency with all stakeholders.

The Company's fundamental belief in promoting the public good is demonstrated and supported by our Senior Leadership's active engagement across industry bodies and our stakeholder community.

The Group has recently introduced new customer engagement surveys which will determine the Net Promoter Score (NPS) of the Group – this process is run by an external company to ensure independence. NPS performance is being reported to the Board on a monthly basis. Although this is a new process, the findings are being used to improve customer engagement with knowledge being shared across all of our business.

An annual employee 'Company Day' delivered in London provides a briefing on the Company's performance and allows individuals to raise questions and concerns. The Group monitors its employee's commitment to its guiding framework by asking members of senior management to submit an annual declaration confirming whether they have complied with the Group's Code of Conduct. If any employee wishes to highlight any potential breaches to the Code of Conduct, they can contact the independent whistleblowing services provider and a formal investigation follows, with anonymous reporting to the Audit Committee. Annual employee engagement surveys are performed to highlight areas requiring improvement in communication of the Group's purpose. The Board considers the results of all employee engagement surveys a good barometer of the workforce's confidence in the Group's strategic direction, optimism for the future and career opportunities.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

The Group produces Gender Pay Reporting and Payment Practices and Performance Reporting, both of which are published externally. The additional analysis required to conduct this reporting has highlighted some areas in which the Group needs to improve. The Group welcomes these changes as it seeks to constantly improve in its engagement with all stakeholders.

\$172(1) D "The Impact of the company's operations on the community and the environment"

The Directors recognise the importance of its environmental responsibilities. More details can be found under "Environmental matters" on page 13,

\$172(1) E "The destrability of the company maintaining a reputation for high standards of business conduct"

IEH has zero tolerance for modern slavery, bribery and other forms of corruption. We implement and enforce effective systems to counter modern slavery, bribery and corruption and have internal policies in place to educate our employees about how to recognise and deal with these issues so as to ensure compliance with laws.

We remain committed to combatting modern slavery, bribery and corruption by:

- Auditing our supply chains;
- Training our staff to recognise these issues;
- Monitoring potential risk across our business.

We have a dedicated whistleblowing service for our employees to report misconduct or unethical practices and have a policy which clearly sets out how members of staff can raise any concerns which they may have. Details of our code of conduct and modern slavery can be found on the ATG website:

https://www.alg.co.uk/corporate-information

https://www.atg.co.uk/atg-modern-slavery-and-human-trafficking-statement

\$172(1) F "The need to act fairly as between members of the company"

At every Board meeting the Directors review, with the management team, the progress against strategic priorities and the changing shape of the business portfolio.

This collaborative approach by the Board, together with the Board's approval of the company strategy, helps it to promote the long-term success of the Group. Board decisions are taken against the backdrop of what it considers to be in the best interest of the long-term financial success of the company and its stakeholders, including shareholders, employees, the community and environment, our suppliers and customers.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Principal decisions – engaging with stakeholders

As part of the decision making process for the Board, it continues to have regard for the impact of its decisions on the Group's stakeholders as required under section 172 of the Companies Act 2006. The Board takes its responsibility towards stakeholders seriously and strives to build and maintain productive relationships with each of them.

We outline here how we engage with our stakeholders to drive outcomes.

1. Employees

The Group's tong-term success is predicated on the commitment and contribution of its workforce. Engagement with our employees is essential to meet our strategic goals.

During this year, the Board has had to take the difficult decision to furlough the majority of the Group's staff throughout the COVID-19 Pandemic. The use of Government Job Retention Schemes in the UK and Germany has allowed the Group to avoid, reduce or mitigate redundancies which might otherwise have been required.

Resources have been made available to employees to support their mental health and wellbeing during this time. The Group has also implemented regular pulse surveys, CEO breakfasts and newsletters to ensure that employees remain engaged throughout this time.

2. Customers

Customers are central to the success of the Group and engagement with our customers allows the Group to understand their requirements and drive initiatives that seek to consistently improve the customer experience.

During the period in which the venues have been closed, the Group has sought to use this time to plan for reopening of our venues. In order to ensure that customers feel confident in returning to our venues, the Group has implemented regular customer surveys to better understand what COVID-19 secure measures customers are expecting to see. The feedback from our customers has been invaluable in determining our COVID-19 response.

Like many businesses, once COVID-19 resulted in the lockdown of our venues, the Group had a large volume of customer requests to manage. To aid our employees and provide better customer service, the Group implemented a new customer service technology solution and a second customer service call centre to manage the influx of customer queries in an efficient and timely manner.

Suppliers

The Group has a number of long-term supplier partnerships which are an Important part of our business including in relation to venue operations and IT infrastructure.

The Group engages with its supply chain through a variety of methods including via dedicated relationship managers, a central procurement function and meet the buyer events. The Group recognises the value of its supply chain partners and the collaborative approach the Group has taken with its suppliers allowed the Group to respond proactively and promptly to the impact of COVID-19.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

During 2020, as part of the initiatives to preserve liquidity, the Group worked with suppliers to adjust its supply needs.

4. Content Partners

Our content partners are key to delivering a successful customer experience. Throughout the COVID-19 Pandemic it has been imperative that we engage with our content partners to ensure that there is a plan for how we deal with the re-scheduling and cancellation of shows in our venues. We have worked in conjunction with our partners to ensure that this has been undertaken in a manner which preserves the customer relationship. The close working relationship with our partners has enabled us to plan for the re-opening of our venues with a strong content pipeline due to the continued support from our content partners.

5. Communities and the Environment

The Group understands that it has an impact on communities and we engage with them in a number of different ways including; local outreach programmes, creative learning and community partnerships amongst others. As well as having a central creative outreach function, each of our venues also has its own initiatives for community engagement. Due to our geographic spread across the regions of the UK, North America and Germany, the Group is able to respond to the specific needs and opportunities in each area.

We strive to reduce the environmental impact of our operations, and those of our supply chain partners, through the responsible sourcing of resources. Key initiatives include driving sustainable energy procurement, installing more energy efficient systems in our venues wherever possible, and diverting all waste from landfill.

6. Shareholders

The Group is in regular dialogue with its shareholders. The Group's shareholders are represented on the Board and meet regularly throughout the year to discuss the key decisions to be made by the Group.

The close working relationship with the Group's shareholders has enabled the business to focus on key strategic objectives which have been set by the Board and focus on long-term opportunities that meet the requirements of the shareholders.

7. Financial Institutions

The Group regularly meets with its banks. There is an annual presentation of the Group's performance, regular interim reporting and presentation of the Group's budget. This has enabled the Group to targe strong relations with its bankers and given them a better understanding of the Group's business and its performance.

A good relationship with the Group's bankers has enabled the Group to negotiate a temporary adjustment to certain financial covenants during the period when the Group's venues have had to be closed due to the COVID-19 restrictions.

STRATEGIC REPORT (confinued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Principal decisions made

We outline here some of the principal decisions made by the Group and how the directors have considered various stakeholders.

1. COVID-19 Measures

The final month (March) of FY20 was a period of considerable uncertainty for all businesses, including ours, which warranted a response to the unprecedented impact of the COVID-19 pandemic. We recognised quickly that there were likely to be significant implications of this pandemic on ourselves, as well as all other location based entertainment businesses. Our marketing services business was also impacted as many of its clients are theatricat or location entertainment businesses, like museums and galleries. By 17 March 2020, we had closed all of our venues worldwide, in order to protect show casts and crew members, our employees and visitors. Since then, we have diligently followed all government guidelines in each relevant geography.

In order to preserve liquidity and mitigate the impact of the fixed cost base during the pandemic, the Directors of the Group have taken the following measures:

- created a Business Continuity Committee, which has been focused on crisis management and key decision making;
- ongoing engagement with all our stakeholders, including our shareholders and lenders;
- implementation of bi-weekly cash flow forecasts to manage liquidity at a granular level throughout the Group;
- robust reopening scenario modelling to drive decision making;
- proactive management of rescheduling shows to future dates to minimize the level of show cancellations:
- a significant element of the Group's cost base relates to wages and salaries. Where possible, and subject to local regulations, staffing levels and hours worked have been reduced. Employees, including senior management and directors, have also undertaken salary sacrifices. Government support both in the UK in the form of the Job Retention Scheme and in Germany in the form of the Kurzarbeit program has been utilised to offset staffing costs that continue to be incurred;
- capital expenditure has been rephased and prioritized on essential maintenance; and
- actions have been taken to defer or permanently reduce payments of fixed costs and unpaid variable costs from the pre-pandemic period, including agreements with Government fiscal authorities on certain tax payments.

STRATEGIC REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Whilst the Board has made decisions to deal with the immediate impact of the COVID-19 pandemic it has also made these decisions with regards to the Group's longer term strategic objectives, For example, despite limits on cash reserves and initiatives to preserve liquidity, the Group has continued to invest in COVID-19 secure measures that will need to be implemented for re-opening our venues. Investment in key strategic initiatives such as IT and cyber security have continued.

2. Investment in digital capabilities to drive pre-show and in-venue F&B

As a customer facing business it is important to continue to evolve to improve customer experience. The members of the Board were satisfied that the development and roll-out of a new digital food and beverage sales channel was an important step for the Company to take to improve the user experience for our customers. The ability to order food and beverage on-line prior to and during your visit would reduce queues in the venue and mitigate crowding, reducing the risk of COVID-19 infection.

3. Investment in building CAPEX

Despite our initiatives to preserve liquidity during the period when our venues have been closed, the Board has also considered it prudent to invest in our buildings where we can. Undertaking key repairs and enhancements, whilst our venues have been closed has enabled us to ensure that we do not have to postpone or interrupt shows to carry out the works. A number of these projects ensure that we provide a better experience for our customers and content partners so that they remain safeguarded for the future.

4. Investing in diversity and inclusion

Despite our venues being closed, the Board has considered it key to continue to focus on diversity and inclusion both on and off the stage. Having taken into account previous work undertaken by the Diversity Working Group, the Board has considered it important to expand upon the initiatives already undertaken. Improving the diversity of voices within the Group will enhance the longer term success of the Group as a whole.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED DIRECTORS' BIOGRAPHIES

Anthony Ball, Non-Executive Director

Anthony Ball served as Chairman of International Entertainment Holdings Limited from December 2016 to April 2021 and remains on the board as a non-executive director. He has been a senior advisor of Providence Equity Partners since 2013. He has had a long and successful career in the media and entertainment industries in the UK and internationally, as chairman of Kabel Deutschland from 2005 to 2013 and as CEO of BSky8, the largest pay-TV broadcaster in Europe. No dividends have been paid during the current period (2020; £Nii). No dividends are proposed in respect to the current period.

DIRECTORS' REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 28 MARCH 2020

GOING CONCERN BASIS

- .. .

As at the date of approval of these financial statements, the impact of COVID-19 on the Group's trading continues to be assessed and is subject to rapidly changing external factors, including evolving government responses to control the spread of the virus and ongoing changes in customer sentiment towards attending live entertainment events.

Due to the measures taken by governments worldwide to control the COVID-19 outbreak, the live entertainment industry came to a standstill from the second half of March 2020, with all our venues being closed for operations.

Prior to mid-March 2020, the Group had traded well with a programming schedule of highly successful shows supporting strong operational performance across all of its territories. We were in a strong financial position with all covenants under the terms of our loans being met. Unfortunately, the closure of our venues has resulted in a sharp drop in turnover. Our marketing services businesses are also experiencing a drop in turnover as many of our customers are in the live entertainment and cultural & heritage sectors (museums, galleries, zoos); all of which have had restrictions on their operations during COVID-19. Whilst there has been a corresponding reduction in variable costs as a result of the closure of our venues, the Group continues to have to fund its fixed cost base.

In order to preserve liquidity and mitigate the impact of the fixed cost base during the pandemic, the Directors of the Group have taken a number of measures as set out on page 21 of this report.

The Group has net current liabilities of £63.4 million (2020: £168.7 million) and net assets of £61.1 million (2020: £49.0 million) at the period-end date. Net current liabilities include advanced ticket sales of £113.8 million (2020: £142.4 million). These represent ticket sales for shows that have yet to mature, with a portion of this amount due to flow to the Group. Excluding advance ticket sales and non-refundable grants, the Group has liabilities due within one year of £144.2 million (2020: £187.0 million) which are exceeded by current assets of £227.7 million, (2020: £206.5 million).

The Group holds cash reserves, excluding required escrow accounts, in its bank accounts of £182,9 million as at the reporting date. In addition, the Group has received an equity commitment from its shareholders, which is presently undrawn.

The Group operates and robust, bi-weekly cash and cash flow forecasting process covering the period to 31 December 2022.

Sensitivities are run to reflect different scenarios for when theatres might or will be able to re-open in the months following the date of the approval of these financial statements. This is done to identify risks to liquidity and covenant compliance and enable management to formulate appropriate and timely mitigation strategies. These sensitivities include severe, but plausible, downside scenarios.

DIRECTORS' REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 28 MARCH 2020

Based on these forecasts and other factors which may impact the Group's future liquidity position, the Directors have concluded that it is appropriate to prepare the financial statements on a going concern basis.

The reasons for this are as follows:

- The Group holds £433.0 million of committed facilities which are subject to net leverage and liquidity covenants. There is a reduced risk of default on the net leverage covenant, due to a facility amendment which allows for an adjustment to the net leverage covenant whilst theatres are closed by governments due to COVID-19 and during an agreed ramp up period post re-opening. The Group is also subject to a minimum liquidity covenant which is forecast to be met for the next 12 months; and
- Adequate liquidity is in place for the next 12 months based on the foreseeable scenarios for theatres, in terms of re-opening dates, potential restrictions on how our venues can operate (i.e. social distancing requirements), and the tevel of demand from audiences. At present, government policy on reopening of theatrical venues and social distancing requirements varies across the countries and regions that the Group operates in.

The Board's confidence in the Group's forecasts, its ability to manage its liquidity requirements, confidence in the continued support of our shareholders, and the long term potential of the business forms the basis of our preparation of the financial statements on a going concern basis.

DIRECTORS' REPORT (continued)

FOR THE 52 WEEK PERIOD ENDED 28 MARCH 2020

MATTERS COVERED IN THE STRATEGIC REPORT

Certain matters (post balance sheet events, future developments, principal risks and uncertaintles and employee matters) are discussed within the Strategic Report and incorporated into the Directors' Report by

reference.

AUDITOR

Each of the persons who is a director at the date of approval of this annual report confirms that:

- so for as the director is aware, there is no relevant audit information of which the Company's auditor is

unaware; and

the director has taken all the steps that he/she ought to have taken as a director in order to make

himself/herself aware of any relevant audit information and to establish that the Company's auditor is

aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the

Companies Act 2006.

Deloitte LLP have expressed their willingness to continue in office as auditor and a resolution to reappoint them

will be proposed at the forthcoming Annual General Meeting.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED DIRECTORS' RESPONSIBILITY STATEMENT

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, International Accounting Standard 1 requires that directors:

- property select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient
 to enable users to understand the impact of particular transactions, other events and conditions on
 the entity's financial position and financial performance; and
- make an assessment of the Company's ability to continue as a going concern.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

We confirm that to the best of our knowledge:

the financial statements, prepared in accordance with the relevant financial reporting framework,
 give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company
 and the undertakings included in the consolidation taken as a whole;

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED DIRECTORS' RESPONSIBILITY STATEMENT (continued)

- the Strategic Report includes a fair review of the development and performance of the business and the position of the Company and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face; and
- the annual report and financial statements, taken as a whole, are fair, balanced and understandable
 and provide the information necessary for shareholders to assess the Group's performance, business
 model and strategy.

This responsibility statement was approved by the Board of Directors on 21 July 2021 and is signed on its behalf

by:

John Oldcorn

Director

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of International Entertainment Holdings Limited (the 'parent company') and its subsidiaries (the 'group'):

- give a true and fair view of the state of the group's and of the parent company's affairs as at 27 March
 2021 and of the group's loss for the year then ended;
- have been properly prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the consolidated statement of comprehensive income;
- the consolidated and company statements of financial position;
- the consolidated and company statements of changes in equity;
- the consolidated statement of cashflows; and
- the related notes 1 to 33.

The financial reporting framework that has been applied in their preparation is applicable law and international accounting standards in conformity with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the directors' assessment of the group's and parent company's ability to continue to adopt the going concern basis of accounting included:

- an assessment of the entities financing facilities including nature of facilities, repayment terms and covenants;
- a review of management's forecasts, including challenging management's key assumptions such as the
 reopening dates of theatres, the occupancy levels, the base level of operating costs, the cash flow to
 achieve re-opening, and the refund rate on advanced sales;
- an assessment over the amount of headroom in the forecasts (cash and covenants) on a base case and under management's sensitivity analysis of an extended dark period or a reduction in occupancy rates;
- review over the model used to prepare the forecasts, testing of clerical accuracy of those forecasts and our assessment of the historical accuracy of forecasts prepared by management.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for Issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other Information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including froud

tregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the group's industry and its control environment, and reviewed the group's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory framework that the group operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements.
 These included UK Companies Act, IFRS, CJRS and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental
 to the group's ability to aperate or to avoid a material penalty.

We discussed among the audit engagement team, including significant component audit teams and relevant internal specialists such as tax, and valuations specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

As a result of performing the above, we identified the greatest potential for fraud or non-compliance with laws and regulations in the following areas, and our specific procedures performed to address them are described below:

- Judgement and estimation, which give rise to the risk of fraud are required in the preparation of discounted cash flow ('DCF') models used to determine whether there is an impairment of goodwill and other assets. The same DCF are applied to support the carrying value of the Group's venues. The fraud risk arises with the estimates made over the future trading assumptions, specifically the assumed date of venues re-opening and the discount rate applied. We have challenged management's assumptions and considered both supporting or contradictory evidence whilst also engaging specialist input into the audit of the discount rate in each region. We have also considered the appropriateness of the sensitivities performed by management and the disclosures thereof.
- The Group has utilised a number of Covid-19 related government support schemes. The nature, eligibility and complexity of the schemes varies between territories. We identified a fraud risk in relation to the Group's applications under these schemes given the complexity and reduced time period in which the schemes were established, specifically pinpointed to the Job Retention Schemes in the UK and Germany. The risk is that amounts claimed by the Group could be intentionally, or unintentionally, misstated which could lead to repayments, fines and reputational damage. We have considered the design and implementation of the controls management instigated to ensure the accuracy of applications and recording of assistance received. With the involvement of our specialist team we have inspected source documentation and, for a sample of claims recalculated amounts claimed and traced payments to the HMRC claims portal and the bank receipt of funds ensuring consistency with amounts recorded in the financial statements. We have also reviewed the disclosures made in respect of government assistance.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements:
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate
 risks of material misstatement due to fraud;
- enquiring of management concerning actual and potential litigation and claims, and instances of noncompliance with laws and regulations; and
- reading minutes of meetings of those charged with governance and reviewing correspondence with HMRC.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and of the parent company and their environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns;
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

General information

International Entertainment Holdings Limited (the "Group") is a private Company limited by shares, incorporated in the United Kingdom under the Companies Act and is registered in England and Wales. The address of the registered office is 28 St. George Street, London, W1S 2FA, United Kingdom.

The principal activities of the Company and its subsidiaries (the Group) and the nature of the Group's operations are set out in in the strategic report on pages 1 to 22.

These financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the group operates.

Adoption of new and revised standards

Amendments to IFRSs that are mandatorily effective for the current period

In the current year, the Group has applied amendments to IFRSs issued by the International Accounting Standards Board (IASB) that are mandatorily effective for an accounting period that begins on or after 1 January 2020.

The adoption of these amendments in the year did not have a material impact on the financial statements.

New and revised iFRSs in Issue but not yet effective:

At the date of authorisation of these financial statements the Group has not applied the following new and revised IFRSs that have been issued but are not yet effective:

- Amendments to IAS 1 Classification of liabilities as current or Non-current
- Amendments to IAS 3 Reference to the Conceptual Framework
- Amendments to IAS 8 Definition of Accounting Estimates
- Amendments to IAS 12 Deferred Tax related to Assets and Liabilities
- Amendments to IAS 16 Property, Plant and Equipment; Proceeds before intended use
- Amendments to IAS 37 Onerous Contracts Costs of fulfilling a contract
- Amendments to IFRS 3 Business Combinations
- IFRS 16 COVID-19 Related Rent concessions
- IFRS 17 Insurance contracts
- Annual improvements to IFRS standards 2018 2020 (IFRS 1, IFRS 9, IFRS 16, IAS 41)

The Directors are currently evaluating the impact of the adoption of these standards, amendments and interpretations but do not expect them to have a material impact on the Group operation or results

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies

Basis of accounting

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs). The financial statements have also been prepared in accordance with IFRSs adopted by the European Union and therefore the Group financial statements comply with Article 4 of the EU IAS Regulation.

The Company has taken advantage of the exemption contained within section 408 of the Companies Act 2006 not to present its own Statement of Comprehensive Income and related notes. The profit for the year dealt with in the financial statements of the Company was £nil (2020; £nil).

The financial statements have been prepared on the historical cost basis, except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2, leasing transactions that are within the scope of IAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 or value in use in IAS 36.

Operating results

The operating results include transactions up to and including the Saturday on or preceding 31 March of each period.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Company has the power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

The results of subsidiaries acquired or disposed of during the period are included in the Consolidated Statement of Comprehensive Income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies (continued)

Basis of consolidation (continued)

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between the members of the Group are eliminated on consolidation.

Non-controlling interests in subsidiaries are identified separately from the Group's equity therein. Those interests of non-controlling shareholders that are present ownership interests are initially measured at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

Business Combinations

Acquisitions of subsidiaries are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value. Acquisition-related costs are recognised in profit or toss as incurred.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquire (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during a maximum period which cannot exceed one year from the acquisition date about facts and circumstances that existed at the acquisition date. Where changes occur to contingent consideration that is classified as an asset or liability, that do not qualify as measurement period adjustments, the contingent consideration is remeasured at subsequent reporting dates with the corresponding gain or loss being recognised in profit or loss. To the extent that the terms of contingent consideration arrangements include service conditions, consideration is treated as a cost of employment and is recognised over the period to which the service conditions relate.

The Group reports provisional amounts until the measurement period is completed.

Investments

Investments in subsidiaries are valued at cost less provision for impairment.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies (continued)

Associates and joint arrangements

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities (i.e. activities that significantly affect the returns of the arrangement) require the unanimous consent of the parties sharing control. Joint arrangements are classified into two types - joint operations and joint ventures.

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint operators) have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint ventures) have rights to the net assets of the arrangement. The type of joint arrangement is assessed by considering its rights and obligations, by considering the structure and legal form of the arrangement, the contractual terms agreed to by the parties to the arrangement and, when relevant, other facts and circumstances.

The assets and liabilities (and related revenues and expenses) of joint operations are recognised in proportion to the interest in the arrangement.

the results and assets and liabilities of associates and joint ventures are incorporated in these financial statements using the equity method of accounting. Under the equity method, an investment in an associate is initially recognised in the consolidated Statement of Financial Position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred tegal or constructive obligations or made payments on behalf of the associate.

Goodwill

Goodwill is not amortised but is reviewed for impairment at least annually.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units (CGUs) expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rate on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Significant accounting policies (continued)

Goodwill (continued)

Prior to the current year the Group's two German subsidiaries, BB and Mehr, were treated as separate CGUs. This policy has been changed to recognise BB and Mehr as one combined Mainland Europe CGU, aligning the CGUs to the management's divisional view of the Group's activities.

Impairment of non-current assets

At each balance sheet date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. Goodwill is reviewed for impairment at least annually.

For the purpose of impairment testing, goodwill is allocated, at acquisition, to the cash generating units or group of units that are expected to benefit from that business combination.

An impairment loss is recognised if the carrying amount of the asset under consideration exceeds its recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets of the unit pro-rate on the basis of the carrying amount of each asset in the unit. An impalment loss recognised for goodwill is not reversed in a subsequent period.

Investments in shows and co-production arrangements

Investments in shows are stated at cost less amounts recouped to date, and provisions for any amounts which the directors do not believe are recoverable.

Production arrangements are reviewed on a production-by-production basis and treated based on the principles outlined above as either a subsidiary, an associate or joint venture or joint arrangement.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Significant accounting policies (continued)

Property, plant and equipment

Property, plant and equipment are stated at cost less depreciation and accumulated impairments. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, on a straight-line basis over their expected useful lives as follows:

Freehold buildings 40 to 50 years

Leasohold property Shorter of leasehold lerm and useful life of 40 to 50 years

Fixtures and fittings 4 to 10 years, or over the period to the end of the lease of the theatre

if this is shorter

IT Equipment 3 to 5 years

No depreciation is applied to the cost of assets in the course of construction. Freehold land is not depreciated.

intangible assets

Intrangible assets all have finite lives and are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives and is recognised in the administrative expenses line item.

The amortisation period for software is 4 years. The estimated life of other intangible assets is considered on an asset-by-asset basis and is up to 10 years.

Inventory

Inventory is valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving items.

Financial instruments

Financial assets and financial liabilities are recognised in the Consolidated Statement of Financial Position when the Group becomes a party to the contractual provisions of the instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL"), are added to, or deducted from, the fair value of the financial assets or financial liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

FOR THE 52 WEEK PERIOD ENDFD 27 MARCH 2021

1. Significant accounting policies (continued)

financial instruments (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash balances, call deposits and escrow-type accounts. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the Statement of cash flows.

Trade receivables and accrued income

Trade receivables and accrued income are classified as loans and receivables and are measured at amortised cost using the effective interest method, less any impairment. Since trade receivables and accrued income are typically due within one year, and the effect of any effective interest is immaterial, this equates to initial carrying value less any impairment.

Borrowings

Loans and Borrowings are initially measured at fair value, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis. The effective interest rate is a method of calculating the amortised cost of a financial liability and of allocated interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a sharter period to the net carrying amount on initial recognition.

Trade payables and accruals

frade payables and accruals are classified as loans and receivables and are measured at amortised cost using the effective interest method. Since trade payables and accruals are typically due within one year, and the effective of any effective interest is immaterial, this equates to initial carrying value.

Financial guarantees

Financial guarantee contracts are accounted for as insurance contracts.

Deferred income

Amounts received by the Group for services performed in future are classified as deferred income and recognised in the Consolidated Statement of Comprehensive Income when the service is performed.

Retirement benefits

Payments to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered service entitling them to the contributions. Differences between contributions payable in the period and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies (continued)

Revenue

Revenue is recognised at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales-related taxes. Revenue for the Group comprises several elements, including:

Venue rental and production-related services

Charges to productions in respect of services provided (such as venue rental and staffing) are recognised net of sales taxes as those services are provided.

Revenue from production-related services is recognised at the date of performance of the show, until which time it is held on the Statement of Financial Position as Deferred Income,

Promotional services

The Group acts as promoter for self-produced shows and shows produced by third parties. Revenue from these services is recognised at fair value of consideration received, net of sales taxes, at the date that the promotional services are provided.

Marketing services

Revenue from the provision of marketing services is recognised at the fair value of the consideration received or receivable. The fair value of consideration takes into account trade discounts, settlement discounts and values rebates. Marketing services revenue is recognised net of sales taxes over the period that services are provided, or as recoverable costs are incurred, in accordance with the terms of the contractual agreement. When recorded marketing services revenue exceeds the amounts invoiced to client, the excess is classified as accrued income.

Ticket sales

Revenue from ticket sales represents the revenue earned from commissions, credit card charges and similar charges. This revenue is recognised at the date the ticket is sold.

Revenue from ticket sales where the Group is acting as selling agent (whether for its own theatres or for other UK venues) includes booking fees, commissions, and similar additional income charged at the point of sale. These amounts are recognised net of any sales taxes at the transaction date. Such revenue is recognised as an agent rather than principal transaction, and so excludes the face value of the tickets sold.

Refail sales

Revenue from concession sales to customers at the Group's venues is recognised net of sales taxes at the point of sale.

FOR THE 52 WEEK PERIOD ENDFD 27 MARCH 2021

Significant accounting policies (continued)

Revenue (continued)

Other revenue

The Group provides various other services on an ad hoc basis, all of which are related to its principal activity. Related revenue is recognised at fair value over the period that such services are performed and the performance obligations are met.

Joint operations

In relation to co-production arrangements, where a controlling or joint operation interest is held, revenue includes the Group's share of revenue for the production. Where no controlling interest is held tumover represents net income from productions. Where equity accounting is applied, the share of profit or loss is disclosed in the "share of results of associates and joint ventures" line.

Government grants

Income from government grants is recognised as deferred income and released to the Consolidated Statement of Comprehensive Income as the attached conditions are satisfied. Where the grant relates to procurement of an asset, the amount received is released to the Consolidated Statement of Comprehensive Income over the useful life of the asset against associated depreciation.

A material grant related to assets is presented in the statement of financial position as a deduction from the carrying value of the related asset, with a consequent reduction in the annual charge for depreciation.

COVID-19 related job retention schemes are considered within the scope of IAS 20, with furlough receipts recorded as a reduction in payroll expenses.

IFRS 16 Leases

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date. The estimated useful lives of the right-of-use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. The liability is subsequently adjusted for any re-measurement of the lease liability resulting from reassessments or lease modifications.

The Group presents right-of-use assets in 'property, plant and equipment' and lease tiabilities in 'finance leases' in the statement of financial position.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Significant accounting policies (continued)

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

foreign currencies

For the purpose of the consolidated financial statements, the results and financial position of each Group Company are expressed in pounds sterling, which is the functional currency of the Company, and the presentational currency for the consolidated financial statements.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Such exchange gains and losses are recognised in profit or loss. Foreign exchange gains or losses on loans that are effectively investment instruments, such as where a parent Company makes a loan with no repayment terms to a subsidiary holding Company as part of acquisition consideration, are recognised in other comprehensive income.

Results of overseas subsidiaries are translated at average monthly rates. Assets and liabilities of overseas subsidiaries are translated at the rate ruling at the balance sheet date. Such exchange differences arising are recognised in the translation reserve and the Statement of Changes in Equity.

Operating profit

Operating profit is stated after the share of results of associates but before finance income and costs, other gains and losses and taxes.

Finance income

Finance income is recognised in profit or loss in the period in which it is earned.

Finance costs

Finance costs are recognised in profit or loss in the period in which they are incurred.

Other gains and losses

Other gains and losses are recognised in profit or loss in the period in which they are incurred.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies (continued)

Pre-Production related costs

Expenses incurred prior to a production going live which are directly attributable to the production of the show are categorised into either property plant and equipment and depreciated over the assumed useful life of the show, or 'Other non-tangible assets', which are released to the Profit and Loss over the show's useful life based upon the ratio of the current period's revenues to the estimated total revenues (Total Production Revenue) for each production. Where estimates of Total Production Revenue decreases, amortization of pre-production costs may be accelerated. Conversely, if estimates of Total Production Revenues were to increase then amortization of costs may be slowed.

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Current tax is based on taxable profit for the period calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill, from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit or investments in subsidiaries and associates, and interests in joint ventures, where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the financial period end date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. Significant accounting policies (continued)

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate

can be made of the amount of the obligation.

2. Cittical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and

liabilities that are not readily apparent from other sources.

The estimates and associated assumptions are based on historical experience and other factors that are

considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period,

or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements

Going concern basis

In order to assess whether it is appropriate for the Group to be reported as a going concern, the Directors are required to make judgements regarding the Group's future trading performance, cash generation and ability to satisfy its financial obligations. Having undertaken appropriate enquiries and having considered the business activities and the Group's principal risks and uncertainties, the Directors concluded that the

accounts should be prepared on a going concern basis. Please refer to the Directors' Report for our detailed

assessment of this matter.

Key sources of estimation uncertainty

Carrying value of non-current assets

Impairment

The Group assesses the carrying values of property, plant and equipment, and intangible assets annually. Recoverability is dependent upon assumptions and estimates regarding market conditions, future cash flows and discount rates, known as at the 27 March 2021. A material change in assumptions may significantly

impact the potential impaiment of these assets.

An extension to the dark period of 6 months would not generate an impairment to any of the cash generating units (CGUs) but reduces headroom to 21%, 103%, 289% and 122% of asset values of the UK, US,

Germany and Marketing Services CGUs respectively. Further detail can be found in note 12.

| Taxation advisory services | - | 10 |
| Total non-audit fees | | 81 |
| Total | 513 | 564 |

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

6. Staff costs

The average monthly number of employees (including executive directors) was:

| | 52 week period ended 27 March 2021 | 52 week period ended 28 March 2020 |
|---|--|--|
| Directors | 5 | 5 |
| Venue staff | 3,176 | 4,349 |
| Other | 1,105 | 1,526 |
| Total monthly average number of employees | 4,286 | 5,880 |

The average number of individuals with an employment contract in place during the period is 4,698. Of this population, the total monthly average number of employees paid through the payroll during the period is set out in the table above.

| Total aggregate remuneration | 38,487 | 137,810 |
|---|--------|---------|
| Other pension costs | 1,644 | 2,441 |
| Social security costs | 5,702 | 9,703 |
| Wages and salaries | 31,141 | 125,666 |
| Their aggregate remuneration comprised: | 000'3 | £'000 |

Current year staff costs are presented net of income from government support schemes totalling £41.3 million (2020; £nil).

Directors disclosed here are only those employed by the Group, so exclude board members employed by the Group's shareholders.

The average monthly number of employees of the Company was five, being the executive directors [2020; five].

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

6. Staff costs (continued)

Remuneration of directors and key management personnel

The remuneration of the directors and key management personnel of the Group is set out below:

| | 52 week period ended 27 March 2021 | 52 week period ended 28 March 2020 |
|--|--|--|
| | £'000 | £'000 |
| Remuneration of directors: | | |
| Salaries, fees, bonuses, and benefits in kind | 1,045 | 1,501 |
| Money purchase pension contributions | 11 | 20 |
| Total remuneration of directors | 1.056 | 1,521 |
| Remuneration of directors and key management personnel: | | |
| Remuneration | 2,474 | 3,687 |
| Social security contributions | 349 | 513 |
| Pension | 56 | 60 |
| Total remuneration of directors and key management personnel | 2,879 | 4,260 |

Key management personnel are those who have significant influence over the operational running of the business. During the period, retirement benefits were accruing to two [2020: two] directors in respect of defined contribution schemes.

The highest paid director received remuneration of £575,000 (2020: £935,000). The value of the Company's contributions paid to a defined contribution pension scheme in respect of that individual amounted to £4,000 (2020: £10,000).

During the period, directors and key management personnel received total compensation for loss of office totalling £1,157,000 (2020: £nil), an which social security of £143,000 (2020: £nil) was paid by the Group.

Pensions

The Group operates defined contribution pension schemes. The assets of the scheme are held separately from those of the Group in an independently administered fund. The pension cost charge represents contributions payable by the Group to the fund and amounted to £1,644,000 (2020: £2,441,000). Contributions totalling £629,000 (2020: £360,000) were payable to the fund at the balance sheet date.

Employee benefit trust

The Group has no direct employee share scheme or share-based payment arrangement. However, certain employees of the Group have acquired an interest in the equity of the holding Company via an employee benefit trust in both the current and prior periods.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

7. Finance income

| | 52 week period ended 27 March 2021 | 52 week period ended 28 March 2020 | |
|---|--|--|--|
| | £'000 | £'000 | |

| Interest on obligations under finance leases | 4,995 | 4,957 |
| Interest on bank overdrafts and loans | 25,582 | 22,084 |
| Interest on loans from parent undertakings | 1,090 | 1,841 |
| | €'000 | £'000 |
| | 52 week perlod ended 27 March 2021 | 52 week period ended 28 March 2020 |

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

9. Taxation

Analysis of tax credit in the period

| | 52 wei period ende 27 Marc 20: | ch March 2020 |
|--|---|---------------|
| Current tax | £'0 | |
| Tax (credit) / charge on loss for the period | (17 | |
| Prior year tax adjustment | (1,33 | • |
| Foreign tax in the period | • | - 967 |
| Total current tax | (1,50 | 06) (3,172) |
| Deferred tax | 22 | |
| Deferred tax credit current year | (18,09 | 7) (8,333) |
| Change in tax rate | | - 2,760 |
| Adjustments in respect of prior periods | 11,4 | 19 763 |
| Total deferred fax | (6,67 | 7) (4,810) |
| Tax on lass | (8,18 | 13] (7,982) |

UK corporation tax is calculated at 19% (2020: 19%) of the estimated taxable profit for the period. Taxation for other jurisdictions is calculated at the rates prevailing in the respective jurisdictions.

There is Nil income tax impact (2020; Nil) for items within other comprehensive income.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

9. Taxation (continued)

The credit for the period can be reconciled to the Consolidated Statement of Comprehensive Income as follows:

| | 52 week period ended 28 March 2021 £'000 | 52 week period ended 30 March 2020 £'000 |
|--|---|---|
| Loss before tax | (147,135) | (33,907) |
| Loss multiplied by standard rate of corporation tax in the UK of 19% (2020: 19%) | (27,956) | (6.442) |
| Effects of: | | |
| Expenses not deductible for tax purposes | [141] | 3,564 |
| Adjustments to tax charge in respect of prior periods | 10,087 | (3,807) |
| Non-qualifying depreciation | 728 | - |
| Effect of different rate for deferred tax | - | 2,760 |
| Effect of overseas tax rates | (2,683) | (3.402) |
| Theatre tax credit | [173] | (935) |
| Change in unrecognised deferred tax assets | 11,970 | - |
| Effect of foreign exchange | (15) | - |
| Other reconciling differences | - | 280 |
| Tax credit for the period | (8,183) | {7,982} |

The closing UK deferred tax liability as at 27 March 2021 has been calculated at 19% reflecting the tax rate at which the deferred tax liability is expected to become payable.

An increase in the UK corporation tax rate to 25%, effective from 1 April 2023, was announced in Finance Bill 2021 which received royal assent on 10 June 2021 becoming Finance Bill 2021. This rate had not been substantively enacted at the balance sheet date and therefore is not reflected in the tax calculations for the year ended 27 March 2021. The impact of the rate change from 19% to 25% would be to increase the deferred tax liability as at 27 March 2021 from £10,883,000 to £14,320,000.

Deferred tax liabilities have not been recognised in respect of losses in overseas subsidiaries as it is not probable that future taxable profit will be available against which the unused tax losses can be utilised.

Deferred tax assets on carried forward unutilised losses in Australia of £2,392,000 (2020; £2,097,000), Germany of £29,575,000 (2020; £10,819,000 recognised) and the US of £30,903,000 (2020; £nil) have not been recognised.

There are carried forward unutilised tax losses in the UK of £87,382,000 (2020: £351,000). A deferred tax asset of £16,536,000 (2020: £nil) has been recognised as it is expected that these losses will be utilised within the next two years.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

10. Investments

The directly and indirectly held subsidiaries are listed in note 33.

| Group | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 |
|-------------------------|--|--|
| | £'000 | £'000 |
| Cost and net book value | | |

| Cost and net book value | | |
| Subsidiary investments | 413,835 | 262,575 |
| Investments | 413,835 | 262,575 |

The Group's unlisted investments relate to its investment in Kings Theatre Redevelopment Company LLC, a company incorporated in the United States of America of Which the Group owns 1.08%.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

11. Interests in associates and joint ventures – Group

| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 | |
|--|--|--|--|
| | £'000 | £'000 | |
| Interests in joint ventures | 2,831 | 515 | |
| Interests in associates | 697 | 1,004 | |
| Interests in associates and joint ventures | 3,528 | 1,519 | |

Joint ventures

The Group has interests in several individually immaterial joint ventures which take the form of both productions and businesses. Each investment is structured as a separate vehicle and the Group has a residual interest in the net assets of the investment. Accordingly, the Group has classified its interests as joint ventures. For some of the productions, the Group is entitled to less than 50% of the production earnings however the production agreement requires unanimous consent in decision making resulting in joint control.

The following companies have a year-end date different to the Group's accounting financial year end of 27 March 2021:

HP West End: 31 October 2021

JB UK Tour It: 31 December 2021.

Train Times SF LP: 31 December 2021

Train Times Broadway LP: 31 December 2021

This is as a result of the entities not falling under IEHL hence year end dates may need to suit the requirements of all shareholders.

For the purposes of applying the equity method of accounting, the financial statements of HP West End (for the year ended 31 October 2020), and JB UK Tour II, Train Time SF LP, Train Times Broadway LP (for the year ended 31 December 2020) have been used.

The joint ventures are not restricted in their ability to transfer funds to the Group in the form of cash dividends, or to repay loans or advances by the entity.

The following table analyses, in aggregate, the carrying amount and share of total comprehensive income of these Joint Ventures.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

| At 28 March 2020 | 13,267 | 70 | 2,991 | 16,328 | 372,730 | 389,058 |

The amount of expenditures recognised in the carrying amount of assets under construction is £2.9 million (2020; £3.3 million),

Other intangible assets relate to show rights costs and pre-production related costs.

The Company has no intangible assets (2020: £nii).

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

12. Intengible assets - Group (continued)

Goodwill acquired in a business combination is allocated, at acquisition, to the cash generating units (CGUs) or group of units that are expected to benefit from that business combination. The carrying amount of goodwill has been allocated to the following CGUs:

| | At 27 March 2021 |
|--------------------|---------------------|
| | €.000 |
| United Kingdom | 249,834 |
| USA | 60,076 |
| Mainland Europe | 39,21 7 |
| Marketing services | 13,757 |
| Tatal goodwill | 362,884 |

The Group tests goodwill and Intangible assets annually for impairment, or more frequently if there are indications that goodwill might be impaired. Property, plant and equipment is also tested for impairment if there are indicators of impairment, which there have been in the current and prior year. The recoverable amounts of the CGUs and the group of units are determined from value in use calculations.

The impairment reviews for United Kingdom, USA, Mainland Europe and Marketing Services do not indicate any impairment against goodwill, other intangibles or property, plant and equipment.

The key assumptions and resulting attributes of the impairment review are as follows:

| | Unfled | | Mainland | Markeling |
|-------------------------|---------|-------|----------|-----------|
| £Ms | Kingdom | AZU | Evrope | Services |
| Goodwill | 249.8 | 60.1 | 39.2 | 13.8 |
| PPE / Other intangibles | 247.8 | 94.8 | 46.0 | 8.7 |
| Total assets | 497.6 | 154.9 | 85.2 | 22.5 |
| WACC assumption | 10.4% | 11.0% | 10.0% | 10.4% |
| GDP growth | 2.0% | 2.0% | 2.5% | 2.0% |

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

12. Intangible assets - Group (continued)

The values for the key assumptions were arrived at by taking into consideration historical information and comparing to external sources where appropriate, such as market rates for discount factors. GDP growth rates are used as the terminal value growth rate in calculating the net present values of the respective CGUs, while the inflation rates are applied as the base growth factor for years 2 to 4.

Budgeted cash flows – the calculation of value in use has been based on the cash flows forecast in the Group's latest five year plan.

The five year plan assumes that COVID-19 continues to disrupt the Group through FY22, with varying reopening dates across our territories starting from October 2021. The Group's cash flows are forecast to return to pre-COVID-19 levels in FY23.

The following sensitivities were applied to the impairment test:

Sensitivity 1 - dark period: A plausible extension to the dark period of 6 months would not generate an impairment to any of the cash generating units (CGUs) but reduces headroom to 21%, 103%, 289% and 122% of asset values of the UK, US, Maintand Europe and Marketing Services CGUs respectively.

Sensitivity 2 – discount rate: A five percentage points increase in the discount rate would create an impairment to the UK CGU and reduce headroom to 34%, 143% and 51% of asset values of the US, Mainland Europe and Marketing Services CGUs respectively.

The increase in discount rate required to create an impairment to each CGU is: UK 1%; US 8%; Mainland Europe 21%; and Marketing Services 10%.

This sensitivity was also tested at a venue level. A five percentage points increase in the discount rate would create impairments to four UK venues, one US venue and one Mainland Europe venue.

| | £'000 | 000'£ |
|----------------------|-------|-------|
| investments in shows | 2,393 | 3,794 |

Investments in shows reflect the Group's investment in productions in which it does not have a controlling interest.

The Company has no investments in shows (2020; £nil).

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

16. Trade and other receivables – Group

| | period ended | As at 52 week period ended 28 March 2020 |
|--|--------------|--|
| | £'000'3 | £'000 |
| Notes receivable | 9,656 | 10,966 |
| Other non-current receivables | 12,775 | 12,352 |
| Amounts receivable after more than 12 months | 22,431 | 23,318 |

The notes receivable balance comprises amounts receivable from counterparties in relation to the financing structure of the redevelopment of The Hudson Theatre via a well-used arrangement created by the US government to encourage financial institutions to Invest into redevelopment of historic buildings. Interest is receivable at rates between 0.48% and 0.5%. These will be recoverable from the counterparties either over the life of the instrument or by transfer of leasehold interests, The long-term receivable relates to a balance acquired as part of the ACE acquisition and is a fee for theatre development services provided which will be paid over a number of years.

| Amounts receivable within 12 months | 39,360 | 62,554 |
|-------------------------------------|--|--|
| Other receivables | 9,031 | 16,513 |
| VAT receivable | 3,982 | - |

| | £.000 | 000'£ |
| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 |

Other receivables include a related party balance of £3.7 million due from the Group's parent company, IE Luxco S.a.r.f (Luxembourg) (2020: £3.7 million).

The Company had no trade and other receivables (2020: £nii).

All impaired trade receivables have been provided to the extent they are believed not to be recoverable. The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable. The Group does not hold any collateral as security. Assets which are neither past due nor impaired are considered fully recoverable.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

16. Trade and other receivables – Group (continued)

Analysis of trade receivable ageing

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. As of 28 March 2020, some of the Group's trade receivables were due and/or past due but not impaired. These relate to a number of independent customers with no material concentration within any one customer and no customers who are of particularly high risk of default. The ageing analysis of these trade receivables is as follows:

| | As at 52 week | As at 52 week | |
|----------------|-----------------|---------------|--|
| | period ended 27 | period ended | |
| | March 2021 | 28 March 2020 | |
| | 0003 | £'000 | |
| Up to 3 months | 4.669 | 19,338 | |
| 3 to 6 months | 234 | 2,929 | |
| Over 6 months | 10,720 | 10,316 | |
| Total | 15,623 | 32,583 | |

As of 27 March 2021, the Group also held past due trade receivables which had been provided for:

| 3 to 6 months Over 6 months Total | 130 381 | 217 903 3,198 | |
|-----------------------------------|--|--|--|
| Up to 3 months | 123 | 2,078 | |
| | £'000 | £'000 | |
| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 | |

Under IFRS 9, the Group is required to utilise objective evidence as well as consider forward tooking information, such as the economic conditions in the countries where the Group operates, and the probability of default when calculating expected credit losses. The maturity of financial assets is therefore used as an indicator as to the probability of default.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

17. Cash and cash equivalents - Group

| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 |
|--|--|--|
| | €'000 | £'000 |
| Cash and cash equivalents held in own accounts | 182,872 | 130,216 |
| Cash and cash equivalents held in escrow | 2,560 | 8.849 |
| Cash and cash equivalents | 185,432 | 139,065 |

The Company has £146,000 of cash and cash equivalents (2020: £nil).

18. Trade and other payables - Group

| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 |
|---|---|--|
| | 5,000 | £'000 |
| Trade payables | 26,436 | 37,155 |
| Deferred income | 113,802 | 142,356 |
| Aceruals | 35,686 | 58,476 |
| Other taxation and social security | 2,007 | 4,915 |
| Tax creditor | 1,981 | 2,104 |
| Other payables | 8,736 | 15,014 |
| Government grants received and not utilised | 923 | 796 |
| Trade and other payables due within 12 months | 189,571 | 260,816 |

The Company has an intercompany payable of £11.0 million [2020; £10.9 million] which is repayable on demand, no interest is charged.

The other payables balance includes payroll creditors and amounts due to production companies.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

19. Borrowings - Group

| | As at 52 week period ended 27 March 2021 | As at 52 week period ended 28 March 2020 |
|--|---|--|
| | £'000 | £'000 |
| Bank loans - senior debt | 358,000 | 358,000 |
| Bank loans - revolving credit facility | 69,370 | 69,370 |
| Total senior debt | 427,370 | 427,370 |
| Fair value adjustment / unamortised financing fees | 16,858 | 14,261 |
| Bank loans - other | - | 84,409 |
| Shareholder loans | 139,179 | - |
| Borrowings | 583,407 | 526,040 |
| Amount due for settlement within 12 months | 69,370 | 69,370 |
| Amount due for settlement after 12 months | 514,037 | 456,670 |
| Barrowings | 583,407 | 526,040 |

The bank loans – senior debt, are secured by a charge over the assets of International Entertainment Finance Limited, a subsidiary of the Company and the majority of its subsidiary undertakings. These loans bear interest at a rate which fluctuates in line with LIBOR with a margin ranging between 4.25% and 4.75% and are governed by a senior finance agreement with requisite covenants.

The Group also has loans from its shareholders totalling £139.2m, including accrued interest (2020; £Nil). Interest is non-cash paying and accrues at fixed rates ranging between 4.0% and 10.0%.

| | 90,767 | 90,899 | | | |

The Group leases certain properties under finance lease arrangements. The average lease term is 75 years. The Group does not have the option to purchase the properties for a nominal value at the end of the lease terms, and the Group's obligations under the finance leases are secured over the properties being leased.

Interest rates underlying all obligations under finance leases are implicit rates ranging from 5.3% to 5.8% [2020: 5.3% to 5.8%].

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

20. Obligations under finance leases – Group (continued)

IFRS 16 lease liabilities - Group

| · | As al 52 week period ended 27 March 2021 | |
|-------------------------|--|--------|
| | £'000'£ | £'000 |
| Current | 12,182 | 15,204 |
| Non-current | 63,137 | 71,077 |
| IFRS 16 lease liability | 75,319 | 86,281 |

The weighted average incremental borrowing rate applied to measure lease liabilities is 7.92%.

| Maturity analysis | As at 52 week period ended 27 March 2021 £'000 |
|--|---|
| No later than 1 year | 12,182 |
| Later than 1 year and not later than 5 years | 29,958 |
| Later than 5 years | 33,179 |
| | 75,319 |

The Group does not face a significant liquidity risk with regard to its lease liabilities. Lease liabilities are monitored within the Group's treasury function. Overall the variable payments constitute up to 5% of the Group's entire lease payments. The group expects this ratio to remain constant in future years. The variable payments depend on ticket sales and consequently on the overall economic development over the next few years. The total cash outflow for leases amounted to £13.6m (2020; £13.6m).

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

21. Provisions - Group

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

25. Contingent liabilities

A corporate cross guarantee of the senior debt exists between the Company and the majority of its subsidiary undertakings. The senior debt is secured by a debenture over the majority of the assets of the Group. The Group also has in place various guarantees across its portfolio, which are typical of commercial

and property rental agreements.

26. Contingent assets

At the balance sheet date the Group had applied to the German government for COVID-19 related grant income. At that date management deemed it probable that the application would be successful, with

expected future income of €10.8 million.

27. Commitments

Capital commitments

At the balance sheet date, the Group had material contractual commitments for capital expenditure of £nii (2020; £nii).

•

28. Financial risk management

Capital risk management

The Group's objectives when managing capital are to maximise shareholder value whilst safeguarding the Group's ability to continue as a going concern. In common with other private equity portfolio companies, the Group carries a high level of net debt compared to equity. Total capital is calculated as total equity as shown in the consolidated statement of position, plus net bank debt. Net bank debt is calculated as the total of long and short term borrowings as shown in the Consolidated Statement of Financial Position, less

cash and cash equivalents.

Financial risk management objectives

The Group's activities expose it to a variety of financial risks, including currency risk, interest rate risk, credit

risk and liquidity risk.

The Group's overall risk management programme focuses on minimising potential adverse effects on the

Group's financial performance.

Descriptions of the financial risks and how these are managed and mitigated are included in the Strategic

Report on pages 11 and 12.

82

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

28. Financial risk management (continued)

The below table demonstrates the sensitivity to a reasonably possible change in interest rates and foreign exchange rates.

| Financiai risks | Sensitivity analysis | | |
|--------------------|--|--|--|
| Interest rate risk | An increase/decrease of one percentage point in LIBOR would increase/decrease the Group's loss by £4,087,000 (2020: £5,117,000). | | |
| Foreign exchange | Had GBP strengthened against the US dollar by an additional 1% during the | | |
| risk | period, assuming all other variables remained constant, the Group's loss would have decreased by £288,000 (2020; £191,000). | | |
| | Had GBP strengthened against the Euro by an additional 1% during the | | |
| | period, assuming all other variables remained constant, the Group's loss | | |
| | would have decreased by £110,000 (2020; increase of £352,000). | | |

Liquidity

The following tables detail the Group's contractual maturities for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities and based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the balance sheet date. The Group is not party to any derivative contracts.

| | Less than 1 year £'000 | 1-5 years £'000 | 5+ years £'000 | Total £'000 |
|--------------------------------|------------------------------|--------------------|-------------------|----------------|
| 27 March 2021 | | | | |
| Trade and other payables | 72,865 | • | • | 72,865 |
| Finance lease liabilities | 4,329 | 17,753 | 400,673 | 422,755 |
| Borrowings | 69,370 | 514,037 | - | 583,407 |
| Yotal cash-settled liabilities | 146,564 | 531,790 | 400,673 | 1,079,027 |
| 26 March 2020 | | | | |
| Trade and other payables | 115,106 | - | • | 115,106 |
| Finance lease liabilities | 4,286 | 17,578 | 405,639 | 427,503 |
| Borrowings | 69,370 | 456,670 | - | 526,040 |
| Total cash-settled liabilities | 188,762 | 474,248 | 405,639 | 1,068,649 |

The Company has no relevant cash-settled assets or liabilities and so has no liquidity risk.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

fait value measurements

The directors consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the financial statements approximate to their fair values.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

30. Controlling party

The Company's ultimate parent company is IE Luxco S.a.r.I (Luxembourg), which is confrolled by Providence Equity Partners VII A LP (Cayman Islands) and Providence VII Global Holdings LP (Cayman Islands). The Directors consider these parties to be the controlling party.

31. Related party transactions

Group

Transactions with directors and key management personnel

Remuneration paid to the directors or other, who are considered to be key management personnel, is disclosed in note 6.

Trading transactions

During the period, the Group provided production-related services to associates and joint ventures of £328,562 [2020; £51,875]. At the end of the period, balances of £1,951,044 (2020; £115,585) were owed to the Group by the associates and joint ventures. These balances are unsecured and will be settled periodically over the course of the production. There are currently no provisions relating to these balances. These transactions have been conducted at arm's tength.

32. Events after balance sheet date

On 10 December 2020, IEHE US Holdings, Inc. entered into a sale and purchase agreement for the acquisition of Broadway San Francisco, ELC and Nederlander Detroit, ELC for consideration of £173.9 million. On 29 March 2021 the conditions were met to define the acquisition date of this transaction.

This acquisition adds two theatres in San Francisco and three in Detroit to the Group's portfolio of owned and operated venues.

Subsequent to the period end the Group received ϵ 5.4 million of COVID-19 related government grant income from the German government.

FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

33. Subsidiary entitles, associates and joint ventures and investments

Subsidiaries

100% of the ordinary share capital of all subsidiaries is owned directly or indirectly unless otherwise indicated. Where indicated, shareholdings are effective ownership percentages as held by the parent (i.e. if a subsidiary holding company is 90% owned, and owns 100% of all its subsidiaries, all subsidiaries are shown as being 90% owned).

Incorporated in United Kingdom

All subsidiaries have taken the \$479a exemption from audit under parent company guarantee.
