This document, together with its appendices, should be read in conjunction with the Administrators' statement of proposals to creditors in accordance with Paragraph 49 of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules, which was issued on 22 September 2016.

Certain statutory information about the Company and the administration is provided at **Appendix A**.

The work completed by the Administrators is analysed in the schedule of work at **Appendix C**.

Full details regarding the Administrators' remuneration are detailed at Section 4 and **Appendix D** of the report.

The Joint Administrators' receipts and payments account for the Period of the report is attached at **Appendix E**.

A statement of expenses incurred in the period is attached at **Appendix F**.

Background information regarding the Company, together with full details of the events that resulted in the appointment of the Administrators were included in the Administrators letter to creditors dated 12 September 2016.

## 2. Progress of the Administration

### Work undertaken during the period

I attach at **Appendix C** a schedule of work undertaken during the period together with a summary of work still to be completed. I have summarised below the work undertaken to date:

- Completion of the sale of assets to LMN in accordance with the terms of the pre pack sale as detailed in my letter to creditors dated 12 September 2016
- Payment of the costs of the sale of the fixed charge assets following agreement with the fixed chargeholder SEP
- Preparation of the Administrators' proposals and convening a meeting of creditors in order to obtain the approval of creditors to the proposals and agreement to the basis of the Administrators' pre-appointment fees and remuneration
- Payment of the pre-administration costs following creditor approval of the proposals
- Distributions to the secured creditors, being Natwest and SEP
- Realisation of the credit balances held in the Company's accounts with Standard Bank South Africa and Natwest
- Realisation of the debtor balances
- Review of the directors' conduct and submission of a report to the Department of Business Innovations & Skills
- Dealing with the intercompany position and winding up of the wholly owned subsidiary WAYN Poland including assisting with the documentation required to comply with the relevant Polish regulations
- Instructing tax advisers to assist with the preparation of the post-administration tax return following the sale of assets to LMN
- Deregistration of VAT and recovery of VAT on the costs of administration
- Correspondence with creditors
- Attending to all statutory and compliance matters
- Regular case monitoring and review

Where Are You Now Limited (In Administration)  
The Administrator's Progress Report

The sale of the assets to LMN enabled the statutory purpose of the administration, being the realisation of property to enable a distribution to be made to one or more secured or preferential creditors, to be achieved.

### Further matters to be progressed

The work which has still to be undertaken includes the following:

- Obtaining the agreement of HMRC to the tax position on the sale of assets
- Finalising the winding up of WAYN Poland
- Distributing funds to SEP under the terms of its fixed and floating charges as appropriate
- Dealing with a distribution to unsecured creditors from the prescribed part if appropriate
- Seeking an extension to the administration if needed
- Paying all administration expenses and bringing the administration to an end when deemed appropriate by the Administrators

Attached at **Appendix E** is a receipts and payments account detailing the transactions for the period of this report.

### Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

## 2. Progress of the Administration

### End of the administration and anticipated exit strategy

The administration will end automatically after 12 months from the date of appointment of the Administrators. It is currently anticipated that the Administrators may need to seek the approval of the secured creditor, SEP, to extend the period of the administration to enable all post administration tax matters to be concluded and, if appropriate, to deal with a distribution to unsecured creditors.

The Administrators' discharge from liability shall take effect in accordance with Paragraph 98 of Schedule B1 to the Insolvency Act 1986 30 days following either the Company entering liquidation or CVA or filing the notice of moving from administration to dissolution.

The various options of exiting the administration were set out in the Administrators' proposals dated 22 September 2016 and I provide further comments as follows:

- Exiting the Administration by way of CVA is not appropriate as the proposal to rescue the Company to ensure an ongoing business did not progress.
- Exiting the Administration by moving the Company into CVL pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986 is unlikely to be appropriate as based on the available information it is not anticipated that there will be a distribution to unsecured creditors other than from the prescribed part.
- It is likely it will be appropriate to exit the administration by way of filing notice under Paragraph 84 of Schedule B1 to the Insolvency Act 1986, to move from administration to dissolution either following the payment of a distribution to unsecured creditors from the prescribed part, or after all funds have been used to defray the costs and expenses of the administration.

### 3. Estimated Outcome for the creditors

#### Outcome for the secured creditors

NatWest was owed £67,900 at the date of administration and this debt was repaid in full from the proceeds of the pre pack sale that were subject to the Bank's fixed charge.

SEP holds a second ranking fixed and floating charge and was owed £1,520,000 at the date of administration. I have previously reported that SEP would receive £628,500 from fixed charge realisations after deduction of the agreed fixed charge costs. To date £620,720 has been distributed. A final distribution from fixed charge realisations of £7,280 will be made in the near future.

The availability of any funds to SEP under the terms of its floating charge depends on the level of the tax liability which is agreed with HMRC for the post administration period arising on the sale of assets to LMN.

The Administrators will likely incur additional costs distributing under the floating charge. These costs will be agreed directly with SEP.

#### Outcome for the preferential creditors

There are no preferential creditors.

#### Outcome for the unsecured creditors

##### Prescribed Part

The prescribed part is a carve out of funds ordinarily available to the holder of a floating charge, which are set aside for the unsecured creditors in accordance with Section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000 and the cost of making a distribution to unsecured creditors would not be disproportionate to the benefits.

In this instance a distribution may be available to unsecured creditors if there are sufficient funds after agreement of the tax liability payable as an expense of the administration.

No funds will be available to unsecured creditors other than by way of the prescribed part.

## 4. Administrators' remuneration, disbursements, expenses and pre-appointment costs

### Administrators' remuneration

Following circulation of the Administrators' proposals on 22 September 2017, the unsecured creditors passed a resolution that the Administrators' remuneration should be calculated on a time cost basis. Details of remuneration charged during the period of the report are set out in the statement of expenses attached. To date fees of £50,092.50 excluding VAT have been drawn from the funds available.

A breakdown of our time costs incurred during the period of this report is attached at **Appendix D**. The Administrators are unable to draw fees based on time costs exceeding the total amount set out in the fees estimate without further approval of the creditors. Approval will be sought under separate cover if required.

### Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

Creditors should note that the fee estimate at £70,230 did not cover the costs of a dividend being paid from the prescribed part. In the event that a prescribed part is available, a revised fee estimate will be circulated to creditors for approval.

### Administrators' expenses

An estimate of the Administrators' expenses was set out in the Administrators' proposals. I attach at **Appendix F** a statement of expenses that have been incurred during the period covered by this report. The following expenses have exceeded the anticipated costs that were reflected in the projected results statement attached to the Administrators' original proposals:

- Administrators' Disbursements – these have increased from an estimated cost of £825 to £2,532. Additional costs have been incurred in attending with the accountant and solicitor in Poland
- Legal Fees & Disbursements – these have increased from an estimated cost of £2,623 to £12,701. The Administrators have sought legal advice on various issues which have arisen in his matter including the novation of a supplier agreement from the Company by LMN and the winding up of WAYN Poland
- Legal Fees Poland – fees in the sum of £892 have been paid to the solicitor in Poland dealing with the winding up of WAYN Poland
- Tax Accountant – a fee of £6,000 has been quoted for advice on the treatment of tax arising on the sale of assets, for agreeing the tax position with HMRC and for the preparation and submission of post administration tax returns

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in **Appendix F** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link <http://creditors.frpadvisory.com/feesguide.htm> and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

### Administrators' pre-appointment costs

The Administrators' proposals dated 22 September 2016 set out the Administrators' pre appointment costs attributable to floating charge realisations totalling £40,085.64. These costs were approved on 19 October 2016.
