Chartered Accountants  
150 Aldersgate Street, London, EC1A 4AB

**Report of the Directors**

The directors present their report and the unaudited financial statements for the year ended 31 March 2017.

**Review of Activities**

The principal activities of the company are those related to the provision of consultancy and contract services to the energy industry.

Following the cessation of low margin activities during the year the company has returned to profitability and the directors are confident that this trend will continue.

**Results and Dividends**

The profit for the financial year amounted to £37,356 (2016: loss of £65,445) and this amount has been deducted from accumulated losses. The directors do not recommend the payment of a dividend.

**Directors**

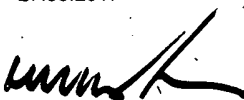

The directors who served during the year are shown above.

**Small Company Exemption**

In preparing this report, the directors have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

This report was approved by the board on 27.06.2017

and signed on its behalf by:

N.M. JOHNSON  
Director

**Run Energy Limited****Statement of Directors' Responsibilities**

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Chartered Accountants' Report to the Board of Directors on the Preparation of the Unaudited Statutory Accounts of Run Energy Limited for the Year Ended 31 March 2017**

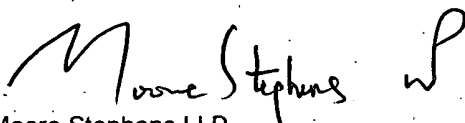

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the accounts of Run Energy Limited for the year ended 31 March 2017 which comprise the Statement of Comprehensive Income, The Statement of Financial Position, The Statement of Changes in Equity and the Related Notes as set out on pages 4 to 13 from the company's accounting records and from information and explanations you have given to us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at [icaew.com/membershandbook](http://icaew.com/membershandbook).

This report is made solely to the company's Board of Directors of Run Energy Limited, as a body, in accordance with the terms of our engagement letter dated 11 September 2014. Our work has been undertaken solely to prepare for your approval the accounts of Run Energy Limited and state those matters that we have agreed to state to Board of Directors of Run Energy Limited, as a body, in this report in accordance with AAF.2/10 as detailed at [icaew.com/compilation](http://icaew.com/compilation). To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Run Energy Limited and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that Run Energy Limited has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profit of Run Energy Limited. You consider that Run Energy Limited is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of Run Energy Limited. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

The directors considered that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477 of the Companies Act 2006 ("the Act") and members have not required the company to obtain an audit for the period in question in accordance with section 476 of the Act.

The directors acknowledge their responsibility for ensuring that the company keeps accounting records which comply with section 386 of the Act and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 31 March 2017 and of its profit for the period then ended in accordance with the requirements of sections 394 and 395 of the Act and which otherwise comply with the requirements of the Act relating to the financial statements as far as applicable to the company.

The financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and in accordance with the Financial Reporting Standard for 102 Section 1A.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on 27.06.2017 by:

N.M. JOHNSON  
Director

The notes on pages 7 to 13 form part of these financial statements.

**Run Energy Limited****Financial Statements for the year ended 31 March 2017****Notes****1. General information**

The company is a limited liability company incorporated in England and Wales. The address of the registered office is Suite 10, 29 Harley Street, London W1G 9QR.

The principal activity of the company is that of providing consultancy and contract services to the energy industry.

**2. Accounting Policies****(a) Basis of preparation of financial statements**

The financial statements are prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard for Smaller Entities 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The financial statements are presented in Sterling (£).

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

First time adoption of FRS 102 Section 1A

The policies applied under the company's previous accounting framework are not materially different to FRS 102 and have not impacted on equity or profit or loss. The company transitioned to FRS 102, previously UK GAAP, as at 1 April 2015. Accounts prepared to 31 March 2016 were prepared under previous UK GAAP.

The following principal accounting policies have been applied:

**(b) Going concern**

The balance sheet shows net liabilities of £237,537 as at 31 March 2017 (2016: £274,893). As set out in notes 9 and 13, the principal creditors are parties related to the ultimate controlling parties who have undertaken not to seek repayment of amounts due by the company until the company's circumstances permit. The directors consider that the company has adequate resources to remain in operation for the foreseeable future and therefore consider the going concern basis to be appropriate in preparing these financial statements. However, inherently there can be no certainty regarding this matter.

**(c) Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Revenue represents the fair value of consultancy and contact services, recognised when the services are provided.

All turnover arose within the United Kingdom.

## Run Energy Limited

## Financial Statements for the year ended 31 March 2017

## Notes (continued)

## 2. Accounting Policies (continued)

## (d) Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on a straight line basis as follows:

Computer equipment	- 50% pa
Office furniture and fittings	- 50% pa
Office equipment	- 33% pa
Operational equipment and motor vehicles	- 25% pa

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposal are determined by comparing the proceeds with the carrying amount and are recognised in the Income Statement.

## (e) Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

## (f) Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

## (g) Financial instruments

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, and loans to related parties (if any).

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or cash consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in the case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

## Financial Statements for the year ended 31 March 2017

### Notes (continued)

#### 2. Accounting Policies (continued)

##### (g) Financial instruments (continued)

If applicable, Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Income Statement.

The financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforcement right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

##### (h) Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective method.

##### (i) Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

##### (j) Pensions

###### Defined contribution pension plan

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in the Income Statement when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the company in independently administered funds.

##### (k) Interest income

Interest income is recognised in the Income Statement using the effective interest method.

## Run Energy Limited

## Financial Statements for the year ended 31 March 2017

## Notes (continued)

## 2. Accounting Policies (continued)

## (i) Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Income statement, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current corporation tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have been originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the difference between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

## 3. Judgements in applying accounting policies and key sources of estimation uncertainty

The directors consider that there are no key judgements that management have made in the process of applying the company's accounting policies and that may have had the most significant effect of the amounts recognised in the financial statements.

## 4. Profit/(Loss) on Ordinary Activities before Taxation

Profit/(loss) on Ordinary Activities before taxation is stated after charging:

	<u>2017</u> £	<u>2016</u> £
Directors emoluments	-	-
Profit on disposal of fixed assets	(3,750)	-
Depreciation	478	484
Operating lease payments	40,251	131,673
Exchange differences	<u>2,026</u>	<u>1,464</u>
