# ADVANCED LIFE SUPPORT GROUP IN 2008

# Structure, Governance and Management

## Governing document

The organisation is a charitable company limited by guarantee, incorporated on 4<sup>th</sup> November 2002 and registered as a charity on 20<sup>th</sup> January 2003. Prior to this the organisation had been registered as an unincorporated charity (1024554) since 4<sup>th</sup> August 1993 and all funds were transferred to the charity company on 1<sup>st</sup> January 2003. The company was incorporated under the Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £10.

# Recruitment and Appointment of Trustee Committee

The directors of the company are also charity trustees for the purposes of charity law and under the company's articles are known as members of the Trustee Committee. Under the requirements of the Memorandum and Articles of Association the members of the Trustee Committee are elected to serve for a period of three years after which they must be re-elected at the next Annual General Meeting. Work continued in 2008 and is continuing in 2009 to balance the Trustee Committee.

#### Trustee Induction and Training

All trustees are already familiar with the work of the charity through continued involvement in course development, course teaching and research.

New trustees are encouraged to attend induction training to familiarise themselves with the charity and the context within which it operates. These are led by the Chief Executive of the charity and cover:

- The obligations of the Trustee Committee including trustee job description and induction/training process
- The main documents which set out the operational framework for the charity including Memorandum and Articles
- The current 5 year strategic plan and annual detailed business plan
- The latest published accounts

(Continued)

## Risk Management

The trustees and senior management team have conducted a review of the major risks to which the charity is exposed. A risk management document has been prepared which details the systems, procedures and other actions which have been taken to mitigate the risks. The areas covered relate to *Governance and Management Issues*, *Operational Risks* – both from an educational and a staffing, legal and environmental issues standpoint. This risk management document is reviewed annually as part of the planning cycle.

# Organisational Structure

The Advanced Life Support Group has a Trustee Committee that meets face-to-face on at least 3 occasions each year, other meetings are held by telephone conference and email discussion forum. This committee is responsible for the strategic direction and policy of the charity. At present there are seven members all from clinical backgrounds. The Secretary, CEO and Deputy CEO also sit on the Committee but have no voting rights.

A scheme of delegation is in place and day to day responsibility for the charity activities rest with the Chief Executive Officer and the Deputy Chief Executive Officer. There are 21 full and part-time employees working within the Manchester offices who are responsible for all areas of activity. A network of over 7,500 volunteers internationally support the training activities and a series of 14 volunteer working groups direct the clinical content and policy for individual course types.

#### **Related Parties**

In so far as it is complimentary to the charity's objects, the charity is guided by national and international policy.

# **Objectives and Activities**

During 2008, the charity has continued its three core policies and the related activities as outlined below in furtherance of the objects "to preserve life by providing training and education to the general public and in particular but not exclusively to doctors, nurses and other members of the medical profession, in life saving techniques in particular regarding advanced trauma, cardiac and paediatric life support treatment":

#### • Training Course Provision

The aim is to provide training using standardised teaching packages to enable candidates to use a structured approach to a variety of clinical and non-clinical situations where the life of the patient may be compromised. The courses are all intensive and are based around tried and tested methods.

(Continued)

## • Training Course Development

The group have made great efforts to develop training course packages to fill any gaps in the existing range available. All of the packages are didactic, comprehensive, consistent and are structured in such a way that other groups can deliver them. This approach ensures that the 'system' of care is available to a much wider number of people.

# • Research and Quality Control Function

The group is often pioneering new courses and consolidating existing ones. It is important for the credibility of the courses, the providers and the instructors that research is carried out to audit their effectiveness. This research and quality control function is also undertaken by the central administrative function of ALSG.

# ACHIEVEMENTS AND PERFORMANCE Courses

Course activity in 2008 remained at a similar level to 2007. Overseas activity continues with a focus on introducing new courses into countries where we have existing partnerships.

Work to optimise the use of the virtual learning environment for all of our courses continues throughout 2008 and into 2009 with a major development underway for the transfer, major incident, obstetric and acute medical emergencies courses.

The pre-hospital obstetric emergency course was launched in September 2008 and work will continue in 2009 to consolidate this package.

The Manchester Triage System is beginning to be more formally adopted internationally, and this will continue in 2009.

#### Collaborations

The collaborations with Childhealth Advocacy International on the *emergency maternal* and child health course programme and with the Royal College of Paediatrics & Child Health (RCPCH) and the National Society for the Prevention of Cruelty to Children (NSPCC) on the *recognition and response in child protection* course programme continued in 2008 and 2009. Work continued on the development of the second level course *child protection in practice*, this is also in collaboration with RCPCH and NSPCC and the delayed launch is expected for summer 2009. Funding has been provided via the RCPCH from the Johnson & Johnson Paediatric Institute and the NSPCC to undertake the development work.

The emergency maternal, neonatal and child health programme continues to grow from strength to strength and the programme has been implemented in the Gambia. There are several other countries who have already requested the programme when funding is available. The APLS-CD scheme continues to provide funding for this project and ALSG have been working actively to consolidate the strategic direction of this programme.

ALSG is an active and founding member of a new consortium which is being developed to focus on emergencies in maternal, neonatal and child health in Developing Nations. This consortium is UK-based.

(Continued)

#### Research

Research and conference presentations have continued during 2008. This area is recognised as important to provide evidence to underpin our activities and also to raise the profile of the organisation outside our traditional user groups. In 2008/2009, we will be reporting on the research funded by the Laerdal Foundation to evaluate the development and implementation of the combined VLE and face-to-face model for the advanced paediatric life support course. A poster based on this work was presented at the Association for Medical Education Europe (AMEE) Conference in September 2008 and a follow-up poster has been accepted at the same conference in September 2009. In addition, a poster has been accepted based on the recognition and response in child protection course. In addition to research and evaluation on specific projects/development, we continue to elicit feedback from our past candidates during the year.

## Lobbying

Changes in structures for career progression in the NHS and to consultant contracts have continued to cause concern. In early 2008, we were fortunate to have a meeting with a key stakeholder who has agreed to support our work and during 2008/2009 we are continuing to lobby. This work has been undertaken jointly with the Resuscitation Council (UK).

ALSG, together with our partners CAI, are also lobbying key stakeholders involved in emergency maternal, neonatal and child health to promote Millennium Development Goals 4 and 5.

#### **Organisational Issues**

During 2008 we successfully completed a programme of key competency training for all members of staff to diminish reliance on key people.

During 2008 the booking system for the advanced paediatric life support course including the income for CAI CD-ROMS changed temporarily with candidates booking on line course centrally and in 2009 this has reverted to the previous system, where they book this with a local centre. Therefore for continuity we have presented the figures in the 2008 accounts according to the original system.

(Continued)

#### FINANCIAL REVIEW

During the year the Charity's total income was £1,207,712 (2007 £1,201,365), and the overall performance recorded a deficit of £3,365 (2007 surplus £13,442), resulting in a similar decrease in reserves.

#### **Principal Funding Sources**

There are several main sources of funding:

- Course fee income from candidates attending courses in the Manchester training centre.
- Certification income from courses running elsewhere for ALSG courses
- Royalties donated from the sale of published materials.

The funding for the development of the RCPCH/NSPCC/ALSG child protection in practice programme continues to be used as we complete the project in 2009

#### **Investment Policy**

Aside from retaining a prudent amount in reserves each year the charity's funds are to be spent in the short term so there are no funds for long term investment.

#### Reserves Policy

The Trustees' policy is that the "free reserves", i.e. funds not already invested in fixed assets, (less mortgage loan), should be retained to meet foreseeable fixed expenditure (including purchase of fixed assets) over a period of 3 months, and this would require approximately £150,000. At this level, the Trustees feel that they would be able to continue the current activities of the charity in the event of a significant fall in take up of courses and course materials. As at 31st December 2008, these reserves which include deferred income amount to £38,722. The free reserves, therefore, fall short of the desired level. The Trustees intend to continue to contain costs and strive to generate sufficient income to enable free reserves to be built up to the target level.

(Continued)

#### **Plans for Future Periods**

In 2009/10, ALSG are continuing to focus on the review of all our existing courses to ascertain if a move can be made to a combination of VLE and face-to-face delivery. This continues to require an investment of financial and staffing resources in 2009/10.

During 2009/10, ALSG are applying for European funding for two projects with partners from existing and new ALSG course centres internationally and technical partners based in the UK. These projects are focussing on the translation and internationalisation of the paediatric and major incident courses.

In 2010 major work will also be required to ensure that our existing courses comply with the updated International Liaison Committee on Resuscitation (ILCOR) guidelines. The main focus of activity will be in December 2010.

Work will commence in 2009 and be completed in 2010 to invest financial and staff resources in introducing new teaching technologies into ALSG courses and this will include an investment in IT hardware and software. Plans have also been approved to fit CCTV within the building and the car park to provide added security.

Approved and Signed on behalf of the Trustees

The Disell

Mr. Peter Driscoll Chairman of Trustees

# ADVANCED LIFE SUPPORT GROUP YEAR ENDED 31ST DECEMBER 2008

# STATEMENT OF TRUSTEES' RESPONSIBILITIES

Company Law requires the trustees (who are directors of the company for the purpose of the Companies Act) to prepare accounts which give a true and fair view of the state of affairs of the charity and of its income and expenditure for the financial year. In doing so, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent
- state whether applicable accounting standards and statements of recommended practice have been followed, subject to any departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for maintaining proper accounting records which disclose, with reasonable accuracy the financial position of the charity and to enable them to ensure that the accounts comply with Companies Act 1985. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# INDEPENDENT AUDITORS REPORT TO THE MEMBERS OF ADVANCED LIFE SUPPORT GROUP

We have audited the accounts of Advanced Life Support Group for the year ended 31st December 2008 on pages 11 to 18. These accounts have been prepared under the accounting policies set out therein.

This report is made solely to the charitable company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the charity's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND AUDITORS

The trustees' (who are also the directors of Advanced Life Support Group for the purposes of company law), responsibilities for preparing the accounts in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Trustees' Responsibilities.

Our responsibility is to audit the accounts in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the accounts give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Trustees' Report is consistent with the accounts.

In addition we report to you if, in our opinion, the charity has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding trustees' remuneration and transactions with the charity is not disclosed.

We read the Trustees' Report and consider the implications for our report if we become aware of any misstatements within it.

#### BASIS OF AUDIT OPINION

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the trustees in the preparation of the accounts, and of whether the accounting policies are appropriate to the charity's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the accounts.

We have undertaken the audit in accordance with the requirements of APB Ethical Standards including APB Ethical Standard – Provisions available for Small Entities, in the circumstances set out in Note 10 to the accounts.

#### **OPINION**

In our opinion:

- the accounts give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the charity's affairs as at 31st December 2008 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- the accounts have been properly prepared in accordance with the Companies Act 1985 and
- the information given in the Trustee, Report is consistent with the financial statements.

# 1. ACCOUNTING POLICIES

## a) Basis of Accounting

The Accounts have been prepared under the Historical Cost Convention, in accordance with the Companies Act 1985, applicable accounting standards, and comply with the Statement of Recommended Practice 'Accounting by Charities' issued by the Charity Commissioners in March 2005, and the Charities Act 1993.

# b) <u>Incoming Resources</u>

All incoming resources are included in the statement of financial activities when the conditions for receipt have been met. The following specific policies apply to categories of income.

- Training Course Fees: included on a receivable basis. Course fees are invoiced in advance and, therefore, deferred and included in income in the relevant financial year when the course is held.
- Sale of Course Materials and CD Sales: included on a receivable basis when an invoice is issued and goods dispatched.
- Royalties: included in income when notified of entitlement by publisher.
- Venue Hire: included in income on invoice following use of venue.
- Investment Income: this relates to interest from bank deposits and is included in income when receivable.

# c) Resources Expended and Allocation of Expenditure

Resources expended are included in the Statement of Financial Activities on an accruals basis, inclusive of VAT which cannot be recovered, and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with use of resources (i.e. staff time spent, floor space etc).

(Continued)

## c) Resources Expended and Allocation of Expenditure (continued)

- Charitable activities: Costs of the charity incurred in the delivery of its activities and services.
- Governance Costs: Costs associated with the general running of charity as opposed to those costs associated with direct charitable activities.

#### d) Fixed Assets

The cost of tangible fixed assets is written off over their useful lives as follows:-

Course equipment: slides - over 4 years straight line
Course equipment: others - over 2 years straight line
Office equipment - over 5 years straight line
Computer equipment - over 2 years straight line

## e) Stock of Course Materials

Stock is stated at the lower of cost or net realisable value.

#### f) Operating Leases

Rentals applicable to operating leases are charged to the statement of financial activities over the period in which the cost is incurred.

#### g) Pension Costs

The charity contributes to a group Personal Pension Plan operated by MGM Insurance for all eligible employees, and contributions to the scheme are charged to the Statement of Financial Activities as and when they become payable.

#### h) Cash Flow Statement

The Charity has taken advantage of the exemption in Financial Reporting Standard No. 1 from producing a Cash Flow Statement on the grounds that it is a small charity.
