NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2016

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of certain classes of leasehold buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 Turnover

Turnover represents amounts receivable for goods net of VAT and trade discounts. Brewery turnover is recognised when the goods are physically delivered to the customer and retail turnover is recognised at the point of sale.

1.3 Goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of five years.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Property 10% Reducing balance
Plant and machinery 5-15% Reducing balance
Fixtures, fittings and equipment 25% Straight line

transferred from the revaluation reserve to the profit and loss account.

Motor vehicles 25% Reducing balance

The part of the annual depreciation charge on revalued assets which relates to the revaluation surplus is

1.5 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.6 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.7 Stock

Stock is valued at the lower of cost and net realisable value. Cost is determined on a first in first out basis. Net realisable value represents estimated selling price less costs to complete and sell.

1.8 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year they are payable.

1.9 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.10 Government grants

Grants are credited to deferred revenue. Grants towards capital expenditure are released to the profit and loss account over the expected useful life of the assets. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

1.11 Share-based payments

The company has issued share options to certain directors and employees. These are measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value was estimated at the date of grant.
