## **NOTES TO THE ABBREVIATED ACCOUNTS**

**FOR THE YEAR ENDED 31 DECEMBER 2010**

---

### **1 Accounting policies**

#### **1.1 Accounting convention**

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company is reliant on the ongoing support of its directors to meet the day to day obligations of the company without which the company would cease to be a going concern

#### **1.2 Compliance with accounting standards**

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated)

#### **1.3 Turnover**

Turnover represents amounts receivable for goods and services net of VAT and trade discounts

#### **1.4 Tangible fixed assets and depreciation**

Tangible fixed assets include investment properties valued on an existing use open market value basis. Other tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Land	not depreciated
Plant and machinery	15% per annum reducing balance
Fixtures, fittings and equipment	15% per annum reducing balance
Motor vehicles	25% per annum reducing balance

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified

#### **1.5 Revenue recognition**

Revenue is generally recognised as contract activity progresses so that for incomplete contracts it reflects the partial performance of the contractual obligations. For such contracts the amount of revenue reflects the accrual of the right to consideration by reference to the value of work performed. Revenue not billed to clients is included in debtors and payments on account in excess of the relevant amount of revenue are included in creditors

Income that is contingent on events outside the control of the firm is recognised when the contingent event occurs
