HANSON LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

Business review

The Company is a group investment holding company and has significant loans with group undertakings.

During the year, the Company paid interest on loans from group undertakings.

Principal risks and uncertainties

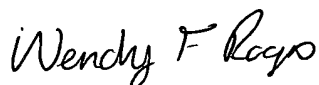

Group undertakings

The Company's results arise mainly from transactions with fellow group undertakings in the group headed by HeidelbergCement AG. The Directors are therefore of the opinion that, with the exception of foreign currency risk and interest rate risk, the Company is not directly exposed to significant risks and uncertainties, however, by the very nature of its activities the Company is indirectly exposed to similar risks and uncertainties to those faced by other group undertakings. Details of the principal risks and uncertainties facing the group headed by HeidelbergCement AG are disclosed in the financial statements of that company.

Foreign exchange risk

Part of the investment value is supported by future operating cashflows that are mainly in US and Canadian dollars. Therefore, in the long term, the Company is exposed to movements in the exchange rate between these currencies.

This report was approved by the board on 17 May 2019 and signed on its behalf.

W F Rogers

HANSON LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors present their report and the financial statements for the year ended 31 December 2018.

Results and dividends

The loss for the year, after taxation, amounted to £5,741,000 (2017 - loss £6,063,000).

The Directors do not recommend the payment of a final dividend for the year (2017 - £nil).

Future developments

The Directors anticipate that the Company will continue as a group investment holding company for the foreseeable future.

Going concern

The financial statements have been prepared on a going concern basis as the Company's ultimate parent undertaking, which indirectly owns the Company's entire share capital, has committed to continue to support the Company for the foreseeable future, in order that it can meet its liabilities as they fall due.

The Company is a group investment holding company and its assets comprise investments in group undertakings and amounts receivable from group undertakings. In addition, the carrying value of the Company's investments in group undertakings is also supported by amounts receivable from group undertakings. The recoverability of these assets is dependent on the financial position of the HeidelbergCement AG ("HCAG") group, of which the Company is an indirect subsidiary.

The Directors, having assessed the responses of the management of HCAG to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the HCAG group to continue as a going concern.

On the basis of their assessment of the Company's financial position and relevant enquiries the Directors have a reasonable expectation that the Company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Directors

The Directors who served during the year were:

E A Gretton
Dr L Näger
Dr B Scheifele
N Benning-Prince
R C Dowley
D J Cooper (resigned 31 January 2019)
Dr C M Wendt

Directors' indemnity

A fellow group undertaking has indemnified, by means of directors' and officers' liability insurance, one or more Directors of the Company against liability in respect of proceedings brought by third parties, subject to the conditions set out in section 234 of the Companies Act 2006. Such qualifying third party indemnity provision was in force during the year and is in force as at the date of approving the Directors' Report.

The articles of association also provide for the Directors to be indemnified by the Company subject to the provisions of the Companies Act.

HANSON LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2018**

Disclosure of information to auditor

Each of the persons who are Directors at the time when this Directors' Report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Ernst & Young LLP, having confirmed their willingness to act, will continue in office as auditor of the Company.

This report was approved by the board on 17 May 2019 and signed on its behalf.

W F Rogers
Secretary

HANSON LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2018

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANSON LIMITED

Opinion

We have audited the financial statements of Hanson Limited (the 'Company') for the year ended 31 December 2018, which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, the related notes 1 to 16 including a summary of significant accounting policies, and Appendix I.. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the Annual Report, other than the financial statements and our Auditor's Report thereon. The Directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANSON LIMITED (CONTINUED)

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 4, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

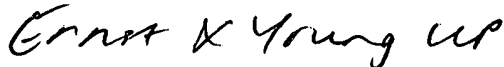

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's Report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANSON LIMITED (CONTINUED)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

1. Accounting policies

1.1 Statement of compliance with FRS 101

Hanson Limited ("the Company") is a limited company incorporated and domiciled in the United Kingdom. The address of its registered office and principal place of business is disclosed in the Company Information.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The Company's financial statements are presented in Sterling, which is also the Company's functional currency, and all values are rounded to the nearest thousand pounds (£'000).

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have, unless otherwise stated, been consistently applied to all periods presented.

1.2 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 101 (FRS 101) 'Reduced Disclosure Framework' and the Companies Act 2006.

The Company is itself a subsidiary company and is exempt from the requirement to prepare group accounts by virtue of section 400 of the Companies Act 2006. These financial statements therefore present information about the Company as an individual undertaking and not about its group.

1.3 Financial reporting standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - paragraph 79(a)(iv) of IAS 1;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member

1.4 Going concern

The financial statements have been prepared on a going concern basis as the Company's ultimate parent undertaking, which indirectly owns the Company's entire share capital, has committed to continue to support the Company for the foreseeable future, in order that it can meet its liabilities as they fall due.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Accounting policies (continued)

1.5 Impact of new international reporting standards, amendments and interpretations

The Company adopted IFRS 9 and IFRS 15 for the first time. The nature and effect of the changes as a result of adoption of these new accounting standards are described below.

IFRS 9

IFRS 9 Financial Instruments replaces IAS 39 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The Company applied IFRS 9 prospectively, with an initial application date of 1 January 2018. The Company has not restated the comparative information, which continues to be reported under IAS 39. Differences arising from the adoption of IFRS 9 have been recognised directly in retained earnings and other components of equity.

The following assessments have been made on the basis of the facts and circumstances that existed at the date of initial application:

- the determination of the business model within which a financial asset is held.
- the designation and revocation of previous designations of certain financial assets and financial liabilities as measured at fair value through profit or loss.

If an investment in a debt security had low credit risk at the date of initial application of IFRS 9, then the Company assumed that the credit risk on the asset had not significantly changed since its initial recognition.

There have been no material impacts on the Company's financial statements as a result of adopting IFRS 9 from 1 January 2018.

IFRS 15

IFRS 15 Revenue from Contracts with Customers supersedes IAS 11 Construction Contracts, IAS 18 Revenue and related interpretations and it applies, with limited exceptions, to all revenue arising from contracts with its customers.

IFRS 15 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

IFRS 15 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires relevant disclosures.

The Company adopted IFRS 15 using the modified retrospective method of adoption with the date of initial application of 1 January 2018. Under this method, the standard can be applied either to all contracts at the date of initial application or only to contracts that are not completed at this date. The Company elected to apply the standard to all contracts as at 1 January 2018.

The cumulative effect of initially applying IFRS 15 is recognised at the date of transition as an adjustment to the opening balance of retained earnings. Therefore, the comparative information was not restated and continues to be reported under IAS 11, IAS 18 and related interpretations.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Accounting policies (continued)

1.5 Impact of new international reporting standards, amendments and interpretations (continued)

There have been no material impacts on the Company's financial statements as a result of adopting IFRS 15 from 1 January 2018.

1.6 Investments

Investments in subsidiaries are held at historical cost less provision for impairment.

1.7 Financial instruments

Financial assets

Financial assets are initially measured at fair value plus, in the case of a financial asset not subsequently measured at fair value through profit or loss, transaction costs.

The Company's financial assets include amounts owed by group undertakings.

Financial assets are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses (ECL) on investments in debt instruments that are measured at amortised cost. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The ECL required for other debt instruments is determined using a three stage model.

- At the initial recognition of the financial asset an expected credit loss provision is recorded for the twelve month period following the reporting date. Any interest revenue is calculated on the gross carrying amount of the financial asset.
- If the credit risk of that financial instrument has increased significantly since initial recognition, a loss allowance for full lifetime expected credit losses is recorded. Any interest revenue is calculated on the gross carrying amount of the financial asset. Should the significant increase in credit risk reverse within subsequent reporting periods then the expected credit losses on the financial instrument revert to being measured based on an amount equal to the twelve month expected credit losses.
- If objective evidence of impairment exists, a loss allowance for full lifetime expected credit losses is recognised. Any interest revenue is calculated on the net carrying amount of the financial asset.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Accounting policies (continued)

1.7 Financial instruments (continued)

Financial liabilities

Financial liabilities are initially measured at fair value and, in the case of loans and borrowing and payables, net of directly attributable transactions costs.

The Company's financial liabilities include amounts owed to group undertakings.

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.8 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into Sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into Sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Statement of Comprehensive Income.

1.9 Pensions

The Company participates in the Hanson Industrial Pension Scheme and Hanson No. 2 Pension Scheme, which are both funded defined benefit schemes. Funds are held externally under the supervision of the corporate trustees. The assets and liabilities of these schemes are recognised on the balance sheet of fellow group subsidiaries who are also sponsoring companies of the schemes. Accordingly, contributions to the schemes are expensed as the liability for payment arises.

The Company also participates in the Hanson Industrial Pension Scheme (Defined Contribution Section). Company contributions are expensed to the Statement of Comprehensive Income as incurred.

1.10 Interest bearing loans and borrowings

All interest bearing loans and borrowings are initially recognised as net proceeds. After initial recognition, debt is increased by the finance cost in respect of the reporting period and reduced by payment made in respect of debt in the period.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. Accounting policies (continued)

1.11 Current and deferred taxation

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, with the following exception:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

However, for taxable temporary differences associated with investment in subsidiaries, branches and associates, and interests in joint ventures, a deferred tax liability shall be recognised in accordance with IAS 12.39.

Deferred income tax assets are recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carried forward tax credits or tax losses can be utilised.

Deferred income tax assets and liabilities are measured on an undiscounted basis at the tax rates that are expected to apply when the related asset is realised or liability is settled, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date. Deferred income tax assets and liabilities are offset, only if a legally enforceable right exists to set off current tax assets against current tax liabilities, the deferred income taxes relate to the same taxation authority and that authority permits the company to make a single net payment.

Income tax is charged or credited to other comprehensive income if it relates to items that are charged or credited to other comprehensive income. Similarly, income tax is charged or credited directly to equity if it relates to items that are credited or charged directly to equity. Otherwise income tax is recognised in the Statement of Comprehensive Income.

1.12 Interest income

Revenue is recognised as interest accrues using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to its net carrying amount.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

2. Judgements in applying accounting policies and key sources of estimation uncertainty

Impairment of investments

The Company reviews investments in subsidiaries and other investments for impairment if there are any indications that the carrying values may not be recoverable. The carrying value of the investment is compared to the recoverable amount and where a deficiency exists, an impairment charge is considered by management.

The recoverable amount represents the net assets of the investment at the time of the review or where applicable is represented by an estimate of future cash flows expected to arise from the investment. A suitable discount rate is applied to the future cash flows in order to calculate the present value.

Reversals of impairments are recognised where there is a favourable change in the economic assumptions in the period since the provision was made.

Recoverability of amounts owed by group undertakings

The Company reviews the recoverability of amounts owed by group undertakings by reviewing the net assets of the counterparty. If the counterparty has net liabilities a provision is made by management for the amount considered irrecoverable.

3. Auditor's remuneration

	2018 £000	2017 £000
Audit fees	217	-

The current year amount includes fees paid to the auditors in respect of the audit of the financial statements of the Company and some of its fellow subsidiaries, and for other services provided to the Company. In the prior year, fees for audit and non-audit services were borne by other group undertakings.

The Company has taken advantage of the exemption not to disclose amounts paid for non audit services as these are disclosed in the group accounts of the parent Company.

4. Staff costs

Staff costs were as follows:

	2018 £000	2017 £000
Wages and salaries	-	445
Social security costs	-	42
Cost of defined contribution scheme	-	32
	-	519

In the current year, the staff costs are borne by another group undertaking.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

5. Directors' remuneration

The Directors of the Company are also directors of a number of the group's fellow subsidiaries. The Directors received total remuneration of £1,477,000 (2017 - £1,680,00), which was paid by various subsidiaries. The Directors do not believe that it is practicable to apportion this amount between their services as Directors of the Company and their services as directors of fellow subsidiary companies.

The above amount does not include remuneration in respect of two (2017 - two) directors who do not render services to the Company or any of the group's fellow UK subsidiaries.

6. Interest payable and similar charges

	2018 £000	2017 £000
Amounts payable to group undertakings	4,266	5,611
	<u>4,266</u>	<u>5,611</u>

7. Taxation

	2018 £000	2017 £000
Corporation tax		
Group relief receivable	(78)	(100)
Adjustments in respect of previous periods	13	(5)
Total current tax	<u>(65)</u>	<u>(105)</u>
Deferred tax		
Origination and reversal of temporary differences	23	23
Total deferred tax	<u>23</u>	<u>23</u>
Taxation on loss on ordinary activities	<u>(42)</u>	<u>(82)</u>

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

7. Taxation (continued)

Reconciliation of the tax charge for the year

The tax assessed for the year is higher than (2017 -higher than) the standard rate of corporation tax in the UK of 19% (2017 -19.25%). The differences are explained below:

	2018 £000	2017 £000
(Loss)/profit on ordinary activities before tax	(5,783)	6,145
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2017 -19.25%)	(1,099)	(1,183)
Effects of:		
Expenses not deductible for tax purposes	15	-
Difference in tax rates	(3)	(3)
Adjustments to tax charge in respect of prior periods	13	(5)
Group relief surrendered	30,782	63,914
Receipt for group relief	(83)	(100)
Transfer pricing adjustments	(29,667)	(62,705)
Total tax charge for the year	(42)	(82)

Change in corporation tax rate

There is a reduction in the main rate of corporation tax from 19% to 17% on 1 April 2020.

8. Fixed asset investments

	Investments in subsidiary companies £000
Cost or valuation	
At 1 January 2018 and 31 December 2018	17,951,257

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

8. Fixed asset investments (continued)

Subsidiary undertakings

The investments in which the Company directly held any class of share capital are as follows:

Name	Principal activity	Class of shares	Holding
Hanson Holdings Limited	Investment holding company	Ordinary	100%
Houserate Limited	Investment holding company	Ordinary	100%
HeidelbergCement UK Holding II Limited	Investment holding company	Ordinary	100%

All investments were incorporated in England and Wales.

The registered office address of the investments is Hanson House, 14 Castle Hill, Maidenhead, SL6 4JJ.

A full listing of indirectly held investments is presented within Appendix I.

9. Debtors

	2018 £000	2017 £000
Amounts owed by group undertakings	16,631	16,631
Corporation tax receivable	77	100
Deferred tax asset	141	164
	<u>16,849</u>	<u>16,895</u>

Amounts owed by group undertakings are unsecured, interest free, have no fixed date of repayment and are repayable on demand.

Amounts owed by group undertakings are carried at amortised cost less provision where recovery is considered doubtful.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

10. Creditors: Amounts falling due within one year

	2018 £000	2017 £000
Amounts owed to group companies	(11,609,115)	(11,603,420)

Amounts owed to group undertakings includes amounts of £102,605,000 (2017 - £98,506,000), which attracts interest at LIBOR + 0.65% (2017 LIBOR + 0.55%). Amounts owed to group undertakings also includes amounts of £92,169,000 (2017 - £92,169,000) which attracts interest at LIBOR + 2.5%. The remaining amount is interest free. All amounts owed to group undertakings are unsecured and are repayable on demand.

Amounts owed to group undertakings are carried at amortised cost.

11. Deferred taxation

	2018 £000	2017 £000
Deferred tax asset		
At 1 January	164	187
Charged to the income statement	(23)	(23)
At 31 December	141	164

The deferred tax asset is made up as follows:

	2018 £000	2017 £000
Temporary differences relating to bond fair value adjustments	141	164

12. Share capital

	2018 £000	2017 £000
Allotted, called up and fully paid		
969,959,601 (2017 - 969,959,601) ordinary shares of £0.10 each	96,996	96,996

The Company has no authorised share capital limit.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments

The Company participates in the Hanson Industrial Pension Scheme and Hanson No.2 Pension Scheme along with several other UK companies forming part of the HeidelbergCement AG group (the "Group"). The assets and liabilities of these schemes are recognised on the balance sheet of fellow group subsidiaries who are also sponsoring companies of the schemes. Accordingly, contributions to the schemes are expensed as the liability for payment arises.

Hanson Industrial Pension Scheme

During the year, the Company participated in the defined benefit section of the Hanson Industrial Pension Scheme ("the Scheme") and relevant employees are eligible for benefits under this funded defined benefit Scheme. Funds are held externally under the supervision of the corporate trustee.

The results of the latest funding valuation at 31 December 2015 have been adjusted to the balance sheet date by an independent actuary from AON Hewitt Limited taking account of experience over the period since 31 December 2015, changes in market conditions, and differences in the financial and demographic assumptions. The present value of the defined benefit obligation, and the related current service cost, were measured using the Projected Unit Credit Method.

The Scheme was closed to future accrual in September 2010. Scheme assets are stated at their market values at the respective balance sheet dates.

The assets and liabilities of the Scheme are recognised in the financial statements of Hanson Quarry Products Europe Limited, an indirect subsidiary, and the balances at 31 December were:

	2018 £000	2017 £000
Scheme assets at fair value		
Cash and Cash Equivalents	26,542	52,011
Equity	184,497	270,560
Interest Rate Swaps	(1,704)	244,499
Other Derivatives	(477)	207
Nominal Government Bonds	507,055	918,681
Nominal Corporate Bonds	228,347	225,244
Index Linked Bonds	985,445	307,662
Real Estate	101,323	86,475
Insurance Policies	10,507	11,587
Other	90,182	94,743
Fair value of Scheme assets	2,131,717	2,211,669
Present value of Scheme liabilities	(1,566,352)	(1,769,104)
Defined benefit Scheme asset	565,365	442,565

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

The majority of these assets have a quoted market price in an active market. The value of the "buy-in" insurance policies held in the name of the trustees has been set equal to the value of the matched liabilities.

The Company and Trustees have agreed a long-term strategy for reducing investment risk as and when appropriate. This includes an asset-liability matching policy which aims to reduce the volatility of the funding level of the Scheme by investing in assets such as swaps which perform in line with the liabilities of the Scheme so as to protect against inflation being higher than expected.

The Trustees aims to achieve the Scheme's investment objectives through investing partly in a diversified mix of growth assets which, over the long term, are expected to grow in value by more than low risk assets like cash and gilts. This is done within a broad liability driven investing framework that uses cash, gilts and other hedging instruments like swaps in a capital efficient way. In combination this efficiently captures the Trustee's risk tolerances and return objectives relative to the Scheme's liabilities. A number of investment managers are appointed to promote diversification by assets, organisation and investment style.

The Scheme has not invested directly in any of the Group's own financial instruments nor in properties or other assets used by the Group.

The main actuarial assumptions used in the valuation are set out below:

	2018	2017
	%	%
Rate of salary increases *	2.65	2.65
Rate of increase in pension payments LPI 5%	3.03	3.02
Discount rate	2.90	2.45
RPI inflation assumption	3.15	3.15
CPI inflation assumption	2.15	2.15

* For 2018 this reflects CPI inflation + 0.5% p.a. (2017 - CPI inflation + 0.5% p.a.).

The mortality assumptions are based on recent actual mortality experience of members within the Scheme with an allowance for future improvements. The assumptions mean that a member currently aged 65 is expected to live on average for a further 21.2 years if they are male (2017 - 21.8 years) and for a further 23.4 years if they are female (2017 - 23.8 years).

For a member who retires in 2039 (2017 - 2038) at the age of 65 the assumptions are that they will live on average for a further 22.4 years after retirement if they are male (2017 - 23.0 years), and for a further 24.9 years after retirement if they are female (2017 - 25.4 years).

The sensitivity of the present value of scheme liabilities to changes in the principal assumptions used is set out below.

	Change in assumption	Impact on scheme liabilities
Rate of salary increases	Increase / decrease 1%	Increase 0% / decrease 0%
Discount rate	Increase / decrease 1%	Decrease 15% / increase 18%
Rate of pension increase	Increase / decrease 0.25%	Increase 3% / decrease 3%
Life expectancy	Increase / decrease 1 year	Increase 5% / decrease 5%

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

Changes in present value of the defined benefit obligations are analysed as follows:

	2018 £000	2017 £000
Opening defined benefit obligation	1,769,104	1,804,967
Current service cost	2,135	2,228
Interest cost	42,154	46,750
Actuarial (gains)/losses on Scheme liabilities	(152,466)	2,620
Net benefits paid out	(96,531)	(87,461)
Past service cost	1,956	-
Closing defined benefit obligation	<u>1,566,352</u>	<u>1,769,104</u>

Changes in the fair value of the Scheme assets are analysed as follows:

	2018 £000	2017 £000
Opening fair value of Scheme assets	2,211,669	2,172,968
Expected return on Scheme assets	52,998	56,653
Administrative expenses paid by the Scheme	(853)	(992)
Actuarial (losses)/gains on Scheme assets	(38,285)	58,099
Contributions paid by the employers	2,719	12,402
Net benefits paid out	(96,531)	(87,461)
Closing fair value of Scheme assets	<u>2,131,717</u>	<u>2,211,669</u>

Amounts for the current and previous four years:

	2018 £000	2017 £000	2016 £000	2015 £000	2014 £000
Fair value of Scheme assets	2,131,717	2,211,669	2,172,968	1,763,249	1,784,307
Defined benefit obligation	(1,566,352)	(1,769,104)	(1,804,967)	(1,541,947)	(1,596,438)
Surplus in Scheme	<u>565,365</u>	<u>442,565</u>	<u>368,001</u>	<u>221,302</u>	<u>187,869</u>
Experience gains/(losses) on Scheme assets	(38,285)	58,099	391,132	(33,333)	226,217
Experience gains/(losses) on Scheme liabilities *	(8,309)	8,913	12,205	5,327	(15,870)

* This item consists of gains/(losses) in respect of liability experience only and excludes any change in liabilities in respect of changes to the actuarial assumptions used.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

UK legislation requires that pension schemes are funded prudently. The latest funding valuation as at 31 December 2015 was agreed on 31 March 2017. Under the recovery plan agreed as part of the valuation, contributions of 1.8% of pensionable salaries in respect of death in service, incapacity retirement and redundancy retirement benefits that contain an element of service after 30 September 2010 in their calculation are made. Contributions of £1.6m per annum in respect of expenses, including PPF expenses are also paid. The actuarial method used in the calculation of the technical provisions underpinning the recovery plan was the projected unit method. The forecast contributions payable for the year ending 31 December 2019 are expected to be £2,792,000, which is net of unallocated funds within the Scheme. Hanson Limited does not contribute to the employer contributions payable. Note that these contributions could be subject to change at the next triennial valuation.

The Scheme also has a contingent funding mechanism in place whereby further contributions are payable to the Scheme based on operating income targets agreed between the employers and the Trustees. Once the Scheme is in surplus, contingent funding mechanism contributions are no longer payable.

The Company has guaranteed a proportion of the funding obligations that the other funding sponsors of the Scheme have to that Scheme. In addition, the ultimate parent undertaking, HeidelbergCement AG has guaranteed the entire funding obligations of the Scheme.

The Scheme is recognised on the balance sheet of Hanson Quarry Products Europe Limited as this entity is considered to bear the risks relating to the plan due to the proportion of members employed by the entity. The number of current and deferred members employed directly by Hanson Limited is an insignificant percentage of the total membership.

Hanson Quarry Products Europe Limited recognises the Scheme's surplus in accordance with the requirements of IFRIC 14. The trustees of the Scheme do not have the unilateral right to commence wind-up of the Scheme. Thus, the Company assumes that the Scheme continues in existence until the last benefit payments are made to members, at which point any residual assets are returned to the employer in line with the rules of the Scheme.

The Company is not yet clear on whether the IASB's proposed amendments to IFRIC 14 will affect its ability to receive a refund of surplus in this situation. Once the amendments have been finalised, management will review the likely impact.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

Hanson No.2 Pension Scheme

During the year, the Company participated in the Hanson No.2 Pension Scheme (the "Scheme") and relevant employees are eligible for benefits under this funded defined benefit Scheme, with funds held externally under the supervision of the corporate trustee.

The results of the latest funding valuation at 30 September 2017 have been adjusted to the balance sheet date by an independent actuary from AON Hewitt Limited taking account of experience over the period since 30 September 2017, changes in market conditions, and differences in the financial and demographic assumptions. The present value of the defined benefit obligation, and the related current service cost, were measured using the Projected Unit Credit Method.

The Scheme was closed to future accruals on 31 December 2011. Scheme assets are stated at their market values at the respective balance sheet dates.

The assets and liabilities of the Scheme are recognised in the financial statements of Hanson Building Materials Limited, an indirect subsidiary, and the balances at 31 December were:

	2018 £000	2017 £000
Scheme assets at fair value		
Cash and Cash Equivalents	1,491	463
Nominal Corporate Bonds	58,170	59,755
Index Linked Bonds	91,074	92,542
Insurance policies	66,065	77,852
	<hr/>	<hr/>
Fair value of Scheme assets	216,800	230,612
Present value of Scheme liabilities	(193,089)	(214,655)
	<hr/>	<hr/>
Defined benefit Scheme asset	23,711	15,957

The majority of these assets have a quoted market price in an active market.

The Company and Trustees have agreed a long-term strategy for reducing investment risk as and when appropriate. This includes an asset-liability matching policy which aims to reduce the volatility of the funding level of the pension Scheme by investing in assets such as swaps which perform in line with the liabilities of the Scheme so as to protect against inflation being higher than expected.

The Scheme has not invested directly in any of the Group's own financial instruments nor in properties or other assets used by the Group.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

The main actuarial assumptions used in the valuation are set out below:

	2018 %	2017 %
Discount rate	2.90	2.45
Future pension increases	3.62	3.58
RPI inflation assumption	3.15	3.15
CPI inflation assumption	2.15	2.15

The mortality assumptions for 31 December 2018 and 2017 are based on standard mortality tables which allow for future mortality improvements. The assumptions are that a member currently aged 65 will live for a further 24.2 years (2017 - 25.1 years) years if they are male and for a further 25.3 years (2017 - 26.3 years) if they are female. For a member who is currently 45 and will retire at age 65, the assumptions are that they will live on average for a further 25.5 years (2017 - 26.4 years) after retirement if they are male and for a further 26.8 years (2017 - 27.8 years) after retirement if they are female.

Sensitivity

The sensitivity of the present value of Scheme liabilities to changes in the principal assumptions used is set out below.

	Change in assumption	Impact on scheme liabilities
Discount rate	Increase / decrease 1%	Decrease 11% / increase 14%
Rate of pension increase	Increase / decrease 0.25%	Increase 3% / decrease 3%
Life expectancy	Increase / decrease 1 year	Increase 5% / decrease 5%

Changes in present value of the defined benefit obligations are analysed as follows:

	2018 £000	2017 £000
Opening defined benefit obligation	214,655	239,039
Interest cost	5,140	6,103
Actuarial gains on Scheme liabilities	(16,976)	(12,873)
Net benefits paid out	(9,730)	(17,614)
Closing defined benefit obligation	193,089	214,655

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

13. Pension commitments (continued)

Changes in the fair value of the Scheme assets are analysed as follows:

	2018 £000	2017 £000
Opening fair value of Schemes' assets	230,612	247,680
Expected return on plan assets	5,163	6,332
Administrative expenses paid by the Scheme	(72)	(122)
Actuarial loss on the Schemes' assets	(11,360)	(5,786)
Contributions paid by the employers	2,187	122
Net benefits paid out	(9,730)	(17,614)
Closing fair value of Scheme assets	216,800	230,612

Amounts for the current and previous four years:

	2018 £000	2017 £000	2016 £000	2015 £000	2014 £000
Defined benefit obligation	(193,089)	(214,655)	(239,039)	(179,907)	(184,969)
Fair value of Scheme assets	216,800	230,612	247,680	213,014	218,978
Surplus in Scheme	23,711	15,957	8,641	33,107	34,009
Experience gains/(losses) on Scheme assets	(11,360)	(5,786)	35,473	(5,398)	29,687
Experience gains/(losses) on Scheme liabilities *	(4,271)	2,483	25	(1,119)	-

* This item consists of gains/(losses) in respect of liability experience only and excludes any change in liabilities in respect of changes to the actuarial assumptions used.

UK legislation requires that pension schemes are funded prudently. The last funding valuation of the Scheme as at 30 September 2017 was agreed on 8 May 2018. The valuation showed a deficit of £5,000,000. The Company is paying deficit contributions of £1,500,00 in 2019 and 2020 which, along with a payment of £2,000,000 made in 2018, are expected to make good this shortfall by 30 June 2020. Contributions are also made towards the administrative expenses of the Scheme. The actuarial method used in the calculation of the technical provisions underpinning the recovery plan was the projected unit method. The forecast contributions payable for the year ended 31 December 2019 are expected to be £1,689,000. The Company does not contribute to the employer contributions payable under the recovery plan.

The Scheme is recognised on the balance sheet of Hanson Building Materials Limited as this entity is considered to bear the risks relating to the plan due to the proportion of current and deferred members employed or previously employed by the entity. The number of current and deferred members employed directly by the Company is an insignificant percentage of the total membership.

HANSON LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

14. Contingent liabilities

The Company is guarantor of a proportion of the funding obligations that the other sponsors of the Hanson Industrial Pension Scheme have to that scheme. The extent of these funding obligations fluctuate but as at December 31 2015 (the date of the most recent actuarial valuation) were valued at approximately £32,000,000 in accordance with the methodology used to calculate the ongoing funding required, although when the Scheme's assets and liabilities are measured on the IAS19 accounting basis, it is in surplus by approximately £410,000,000 at 31 December 2018. The Company's obligations as guarantor in respect of the Hanson Industrial Pension Scheme are guaranteed by HeidelbergCement AG.

Performance guarantees were issued in 2014 by Hanson Limited in favour of the counterparties of construction contracts entered into by an indirect subsidiary (Irvine-Whitlock Limited). The guarantees themselves have no specific time limit or amount, however, the guarantees only cover the liability of the underlying contracts.

The Company has been notified of a number of claims from former employees in relation to alleged health related issues. The Directors do not consider it probable that an outflow of economic resources will be required by the Company to settle the obligation nor can the amount of any obligation be measured with sufficient reliability.

15. Related party transactions

The Company has taken advantage of the exemption under paragraph 8(k) of FRS 101 not to disclose transactions with wholly owned subsidiaries in the group headed by HeidelbergCement AG. Balances outstanding at 31 December with related parties, are as follows:

	2018 £000	2017 £000
Amounts owed by subsidiary undertakings	16,631	16,631
Amounts owed to subsidiary undertakings	(10,950,255)	(10,949,502)
Amounts owed to fellow subsidiary undertakings	(555,500)	(555,412)
Amounts owed to ultimate parent undertaking	(102,605)	(98,506)
	<u>(11,591,729)</u>	<u>(11,586,789)</u>

16. Ultimate parent undertaking and controlling party

The Company's immediate parent undertaking is Lehigh UK Limited, a company registered in England and Wales. The Company's ultimate parent undertaking is HeidelbergCement AG, a company registered in Germany. The largest and smallest group in which the results of the Company are consolidated is that headed by HeidelbergCement AG. Copies of the consolidated financial statements of HeidelbergCement AG may be obtained from Berliner Strasse 6, D 69120 Heidelberg, Germany.
