COMPANIES HOUSE

A WORD FROM THE CHAIR

The past year has been a period in which LCCT as an organisation has continued to adjust to the challenges of Covid while also evolving in terms of our internal structure to ensure we are best serving our communities.

The survey conducted by Karen Williams into the needs of churches of all denominations in Leeds helped us to consider how best we serve and that our offering was continuing to be relevant and appropriate. The most significant outcome of this discussion was the incorporation of Unity in Poverty Action into the central team. This move will help LCCT to best meet its objectives and was wholeheartedly endorsed by the trustees at our awayday as well as the member projects at the AGM.

We were also delighted to welcome three new member projects to LCCT: Gather Leeds, Simply Mobilising and Hawa Dal. It remains a privilege to host projects and is an endorsement of the fantastic staff of LCCT who support the projects so well. In terms of staffing Bhek Siwawa left after eighteen months as our Marketing and Communications Officer, we are grateful for his valuable contribution and wish him all the best in his future endeavours. I also remain grateful for the support of my fellow trustees who offer wisdom and support to the work of LCCT.

The LCCT projects continue to inspire in terms of their adaptability, resilience and commitment to the communities they serve across the city. In what remain challenging times they seek to love and bless in creative and wonderful ways.

Theo Sheridan-Watts: Chair of Trustees

ABOUT LCCT

LCCT has been supporting small grass roots initiatives since 2003. We provide governance, financial oversight, infrastructure, and development support to local initiatives looking to make a difference in Leeds. We act as an incubator providing the support small projects need to get started and then to grow and develop. Once established projects may wish to register as charities in their own right. A number of successful charities in Leeds began as part of LCCT.

Our office is at Vineyard House in Headingley

We require all projects to form a steering group to be responsible for strategy and oversight of day-to-day operations. This means that the work is directed at the local level by local people, and when projects become independent, members of the steering group are well placed to become the first Board of Trustees.

Projects are required to make a financial contribution towards central costs which include accounting, insurance, and the salaries of 4 part time staff. For auditing purposes, the accounts of a project are dealt with as a subsection of LCCT accounts, but the finances of each project are operated as a restricted fund separate from all other cost centres and finances of LCCT.

As well as project support, LCCT hosts Network Leeds, an ecumenical website connecting the Christian community in Leeds. The site provides a platform for organisations to advertise events, jobs and volunteering opportunities, it also provides a church directory, a directory of Leeds Christian social action projects, articles, news, and a weekly blog post, written on rotation by a team drawn from different churches and denominations

We also produce the annual Leeds Lent Prayer Diary in partnership with Leeds Church Institute. Now in its 16th year, this remains a valuable resource for bringing people together in prayer for the city of Leeds during Lent, providing Christians from different denominations with a daily focus to pray for current needs.

SPOTLIGHT ON A FEW OF OUR PROJECTS

Leeds City of Sanctuary  **Leeds City of Sanctuary** is part of a grassroots movement to spread a culture of welcome. This welcome is to all in need; whose lives are threatened by war, hunger, fear or the ravages of climate change.

When people flee to Leeds in search of sanctuary, we want to make sure that wherever they go in our city, they are welcomed. Our hope is that they will find friendship and opportunity, whichever direction they turn.

We invite churches, mosques, temples, and other places of worship to join us in making Leeds a place of safety and welcome, a place where hopes and dreams of finding peace and a new home can be realised.

Simply Mobilising UK is part of an international movement dedicated to mobilising all God's people into meaningful involvement in God's mission purposes.

Through a variety of courses and resources with the main office based in Leeds, Simply Mobilising exists to inspire every believer to be on mission with God, support the development of missional churches and empower mission mobilisers. The Kairos course is our main course and was birthed in the Philippines and has been run mainly in churches in the UK since 2000. Since the pandemic started, we have run 35 online courses

Our aim is to gather the saints to unite, pray, encourage, and support one another to transform our city, whether through their individual spheres of work, mercy projects or in their geographic areas. We give intentional support to key sphere activity re: Christians in Business, Christians in Politics, Intercultural and the West Yorkshire Christian Medical Fellowship.

Leeds SPACE Network provides weekly groups, led by volunteers from churches across Leeds, for young people who are too old for Kidz Klub. We focus on developing these youngsters in all aspects of life and empowering them to make the best choices towards a better future.

We develop relationships with their families too - home visits are part of our routine.

MANAGER'S REPORT

Throughout 2021 our projects have had to navigate their way through the changing Covid restrictions and adapt their services to reduce the risk of physical gatherings, as well as supporting service users through the aftermath of lockdowns.

The resilience and creativity of all our projects in rising to the challenges of the pandemic has been truly inspirational. Although we are not yet back to pre-pandemic levels, during this year at least 2500 people have attended regular activities and over 800 have benefitted from one-off events and activities. Between them the projects are supported by over 200 volunteers.

We were pleased to welcome three new projects: HawaDal, Gather Leeds, and Simply Mobilising. We were sorry to say goodbye to Anna and Keith Nicholls as Hesed at Mayfield Farm closed. We wish Anna and Keith all the best in their retirement.

One of our long-standing projects, Unity in Poverty Action (UPA), was brought into the central team in October. UPA's work aligns closely with that of LCCT and we feel the move will strengthen both organisations and reduce duplication. We are grateful to the UPA steering group for facilitating a smooth transition and we are pleased that two members of the steering group have agreed to be co-opted onto the LCCT governance hub.

Due to Covid restrictions the 2021 Leeds Lent Prayer Diary was produced in digital format only and in place of the usual launch event a series of online events, hosted by Leeds Church Institute, were attended by 157 people with a further 84 viewing the recordings.

In June we said goodbye to Bhek Siwawa, our Communications and Marketing Officer, we wish him all the best in his new post at Voluntary Action Leeds. To replace Bhek, Karen Williams returned to Network Leeds and George Radcliffe was recruited as website administrator. Thanks to Dan Kingsley for his work on redeveloping the Network Leeds website, the new look website was completed ready to be launched at the beginning of 2022.

Huge thanks must go to the core team, trustees, project staff and volunteers, funders, donors and supporters for ensuring that LCCT remains in a position to actively work towards our vision of positive transformation in Leeds.

Catherine Beaumont: LCCT Manager

UNITY IN POVERTY ACTION

UPA aims to practically assist the Christian Community and the wider city of Leeds in working together to tackle poverty in Leeds

In the spring UPA began discussions with LCCT about becoming part of core LCCT in a more formal sense. Both organisations recognised the close relationship between UPA and LCCT, including sharing of staff, focus of projects, funding and fund raising arrangements, and the synergies that would likely flow from UPA and LCCT working as a single team. The decision was agreed at UPA's steering group meeting in April with a final UPA steering group meeting taking place in July and the more formal working of the two organisations commencing in September.

UPA would like to thank Karen Williams and Hannah Hillman for their contribution to UPA over the last few years, their continued investment of time and energy into supporting Dave and Mary and the expertise they have brought . Anna Bland and Hugh Allon-Smith will initially be continuing in their role as co-opted members of the LCCT governance hub. All parties consider this new structure as beneficial and expect the close working relationships already built to develop further and help drive both organisations forward. Both have already seen the benefits of sharing working practices and incorporating some UPA systems into the operations of LCCT.

Hugh Allon-Smith

Leeds Christian Community Trust

Trustees' Annual Report (Incorporating the Director's Report)

Year ended 31 December 2021

Structure, Governance and Management

The company was incorporated on 9th January 2003. The charity is constituted as a company limited by guarantee, and is therefore governed by a memorandum and articles of association in accordance with the Companies Act 2006. The charity was registered with the Charities Commission on 4th April 2003.

Trustees A list of the Trustees who served during the year is listed on page 1. One third of the Trustees will retire by rotation each year at the AGM and put themselves forward for re-election if they wish to continue. Any potential Trustee has the opportunity to come and sit in on a meeting to see the operation. The Trustees meet at least 4 times a year to manage the charity's affairs and in the interests of close working and transparency, members of the core staff team always attend the Trustees' meetings. There is an agreed process for recruiting and inducting new trustees; to maintain the Christian values and identity of LCCT, it is a requirement that trustees have an active Christian faith and the trustees seek to maintain a broad diversity by having representatives from a range of Christian denominations on the board. (This requirement is only at board level – membership is open to all that can align with and operate within the values of the Trust). After election an induction is implemented which entails meeting with existing Trustees and staff from the core team, familiarising themselves with the history, operations and financial aspects of the organisation, and possibly visiting a project of the Trust.

Members The Trust has a membership which includes individuals connected with one or more of the Trust's member projects, other individuals in the city of Leeds who have an interest in the Trust and likeminded organisations, as well as the Trustees. All members are invited to the Annual general meeting and any other general meeting that might be held throughout the year.

Organisational structure The Trust acts as a 'charity hub' to enable projects to benefit from central functions and learn within a supportive network whilst growing their work on the ground. Instead of setting up its own projects, the Trust welcomes projects that have been started by an individual or group, in order to support them by providing accountancy, financial procedures, HR facilities, insurance, policies, central governance and some tailored development support. Projects can apply to be part of the Trust, but they are required to have a Steering Group in place and are responsible for generating their own funding and are required to pay a contribution towards the costs of the central support services provided. Where projects wish to become part of the Trust, they will meet with a member of the core team and a Trustee who will assess the following: whether the project fits the criteria of the Trust; whether becoming a project of the Trust is the best path for them; the effectiveness and accountability of the management structure; the capacity of the project to carry out the work; and how the project could contribute to the objects and vision of LCCT as a whole. The decision to accept the project into LCCT will be made at the following Trustees meeting and that decision will be ratified at the following AGM. The projects are called 'member projects' of the Trust and are given as much autonomy as possible whilst still being required to adhere to policies, procedures and regular reporting to the core team and Trustees. Responsibility for the day to day management of the projects is delegated to project staff and to their individual management structure (Steering Group) which oversees and gives direction and support to the project, within a Terms of Reference framework provided by LCCT.

Regular contact with the projects is maintained through core team staff, annual budget and policy meetings, link trustees and quarterly or six-monthly monitoring forms.

Core Team: The Trust Manager works closely with the trustees and leads a core staff team comprising the Trust Administrator, Website administrator and Finance Officer. All staff work part-time hours. Remuneration is linked to the NJC payscales and agreed with the Trustees.

Leeds Christian Community Trust

Trustees' Annual Report (Incorporating the Director's Report)

Year ended 31 December 2021

Objectives and Activities

Leeds Christian Community Trust's charitable objects are particularly within Leeds and in the U.K.

1. To promote social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society (for the purpose of this clause 'socially excluded' means being excluded from society, on the grounds of social, physical, psychological and/or economic position, or as a result of discrimination on the grounds of sex, race, disability, ethnic origin, religion, belief, creed, or sexual orientation).
2. To advance education amongst members of the community for the benefit of the community and social cohesion.
3. To advance the Christian faith for the benefit of the public.
4. Other such charitable purposes as the Trustees shall see fit.

In each case in a manner which aligns with the values of the organisation which are drawn from the Christian Faith as expressed and revealed in the Holy Scriptures.

Vision Our vision is positive change in Leeds:

Aims:

1. To be an effective and sustainable charity hub. We support projects enabling them to function well and thrive.
2. To work together within LCCT as a collaborative community based on shared Christian values
3. To encourage and facilitate connectivity and participation for the common good amongst the Christian community and the wider city of Leeds.

The collective work of the individual projects is the front-line work of our charity as a whole, and since starting in 2003 we have had the privilege of running and supporting over 60 projects, some of which have grown and gone on to become well established independent charities, such as Manuel Bravo Project, Involve Leeds and Joanna Project.

In 2021 the Trust was able to support 18 projects. We had 3 new projects: HawaDal, Simply Mobilising and Gather Leeds, 1 project, Mayfield Farm, came to an end leaving 17 projects as of 31 December 2021, and 2 LCCT direct work strands. Most of our project's leaders plus some of their workers are employed by LCCT, as well as the 4 core staff team; there were 17 employees of LCCT at 31/12/21.

Public Benefit

When reviewing our aims and objectives and in planning our future activities the Trustees have complied with the duty in section 17 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission. In particular, the Trustees consider how planned activities will contribute to the aims and objectives of the Trust.

Grant-making

One of our projects, Unity in Poverty Action, received funding from Leeds City Council to redistribute to food banks and other hardship support. These funds were allocated to other small charities to spend solely for this purpose, falling within the charitable objects of LCCT.

Volunteers

Although, due to the continued Covid-19 restrictions, there were fewer volunteering opportunities than in previous years, there were still in excess of 200 volunteers helping within the projects of LCCT.

Leeds Christian Community Trust

Trustees' Annual Report (Incorporating the Director's Report)

Year ended 31 December 2021

Achievements and performance

Our projects have raised funding to further our aims and objectives. Areas of work covered by our (currently 16) projects include:

- support to children, young people, and families
- community development
- community cohesion
- support to migrants
- services to alleviate poverty and hardship
- Christian mission and intercession.

Significant funds were received from Leeds City Council for redistribution to smaller organisations in Leeds to help alleviate poverty, especially in response to increased hardships caused by Covid-19. Other significant activities have been providing support, specifically to migrants in the county, and also to neighbourhood communities in Leeds. Regular events held by our projects reached over 2500 people and one-off events reached a further 800. We were joined by three new projects in the 2021; all sharing our aims and objectives.

Fundraising and Principal Funding Sources

We currently draw our funding from three main sources (grants, donations and trading) with the largest of these being grants followed by donations. This reflects the hard work of the member projects and the core team in applying to funders throughout the year as well as spending time on communications and fostering good connections which generate a significant level of donations. No specific extra expenditure was incurred in applying for grants or raising donations and no external fundraising professionals acting on our behalf were used. We recognise that the level of trading income is low in comparison so increasing this could form part of the strategy for sustainability.

We continued to see a mixed picture regarding the effects of the pandemic; some of our projects have received extra funding to support Covid-19 response activities, others have lost events income. Compared to pre-pandemic levels, donations and trading income were reduced.

The total income for the year was £568,804 (2020: 270,230). Grant income was £456,243 (80%) (2020: £172,578). Grants from Leeds City Council for redistribution to foodbanks accounted for £257,000 of this and the largest single grant after this was £30,000. Other individual/church donors amounted to £84,865 (2020: £82,466) (15%). The remainder was brought in from gift aid and other trading income.

The Statement of Financial Activities shows a net surplus for the year after transfers to and from projects of £188,166 (2020: £16,703). The reserves stand in total at £441,450 (2020: £263,114) at 31 December 2021. £153,533 of these reserves are grants for foodbanks not yet distributed at the end of 2021. The Trustees consider the financial position of the charity to be satisfactory.

Leeds Christian Community Trust

Trustees' Annual Report (Incorporating the Director's Report)

Year ended 31 December 2021

Risks & Uncertainties

Delegated responsibility and Risk

The delegation of responsibility for the day to day running of the projects creates risk for the Trustees. However, the Trustees have considered the major risks to which the company is exposed and where relevant put policies and procedures in place to mitigate those risks. Trustees have to be satisfied that there is an effective management structure in place before the Trust will accept a project as a member project of LCCT. Ownership of the project budget rests with the project steering committee; however, the project's finances are centrally managed by the Trust's Finance Manager who reports regularly to the Trustees. Core team staff provide on-going support and meet annually with each project about their proposed budget and capacity to continue, assisting them in making timely decisions about reduction in activities or closure where necessary. Any new types of activity have to be notified to our insurers via the Trust Administrator. A more formal Risk Register is reviewed by trustees at each of the regular governance meetings to monitor and manage major risks to the Trust.

Plans for Future Periods

Over many years we had generous backing from two benefactors, but due to changes in circumstances and how they wished to move forward with distribution of their funds, this arrangement was phased out gradually, coming to an end in 2017. This funding covered most of our core costs and some of the project costs, and as such we recognise we have historically been overly dependent on this one source of funding.

Over the last few years as the Trust has transitioned from providing grants, office space and other support that our benefactors enabled, we have sharpened our focus to providing developmental, administrative and accounting support for projects looking to make a difference in their locality. We have also been working hard to address the core costs funding gap by;

- In order to cover core costs we have moved to a full cost recovery model for all projects who receive restricted funding and those projects relying on donation and unrestricted funding continue to contribute 10% of income
- Restructuring the core team to align resources to current needs and reduce overall expenditure
- Closer management of cost centres
- Investing resources in researching funding sources and writing applications

The Trustees and the core team are exploring income diversification in order to cover core costs and are working to increase fundraising capacity within the projects we currently support, as well as reviewing our activities to ensure that we can help even more small and emerging projects in the city that would otherwise struggle or fail altogether for lack of structure and tailored support.

Reserves Policy

The board of trustees have felt it prudent to have a policy whereby the unrestricted funds excluding tangible fixed assets held by the company should be six months of 2022 budgeted unrestricted running costs which equates to approximately £32,000. At 31 December 2021 the unrestricted net current assets of the Trust (comprising designated funds of £57,449 and general funds of £44,377) stood at £101,826 (2020: £111,655) which is above the level required. The reserves policy will be reviewed annually.

Funds in Deficit

There were no funds in deficit at 31 December 2021

Leeds Christian Community Trust

Trustees' Annual Report (Incorporating the Director's Report)

Year ended 31 December 2021

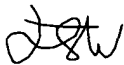

Statement of Responsibilities of the Trustees

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the surplus or deficit of the company for that period.

In preparing those financial statements the Trustees are required to

- Select suitable accounting policies and then apply them consistently.
- Observe the methods and principles in the Charities SORP.
- Make judgements and estimates that are reasonable and prudent.
- State whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking steps for the prevention and detection of fraud and other irregularities.

Independent Examiner's Report to the Trustees of Leeds Christian Community Trust

I report to the trustees on my examination of the financial statements of Leeds Christian Community Trust ('the charity') for the year ended 31 December 2021.

Responsibilities and basis of report

As the trustees of the charity, you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales (ICAEW), which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Financial Statements

1 Accounting Policies

General Information

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is St Michaels Hall, 11 Bennett Road, Leeds, LS63HN, England.

Statement of Compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

Basis of Preparation

The financial statements have been prepared on a going concern basis in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2015) - Charities SPRT (FRS102), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102), and the Companies Act 2006 and the Charities Act 2011.

Leeds Christian Community Trust meets the definition of a public benefit entity under FRS102.

Assets and liabilities are initially recognised at cost or transaction value unless otherwise stated in the relevant accounting policy note.

Going Concern

The Trustees have prepared financial projections, taking into consideration the current economic climate and its potential impact on the sources of income and planned expenditure. They have a reasonable expectation that adequate financial resources are available to enable the charity to continue in operational existence for the foreseeable future and have adequate contingency plans in the event that income streams are reduced. Consequently, the financial statements have therefore been prepared on the basis that the charity is a going concern.

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Judgements and key sources of estimation uncertainty

In the application of the charities accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods of the revision affects both current and future periods. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal and fall into one of two sub-classes: restricted income funds or endowment funds.

Incoming Resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- Income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable, and its amount can be measured reliably.
- Legacy income is recognised when receipt is probable, and entitlement is established.
- Income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- Income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- Expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- Expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- Other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings	-	25% straight line
-----------------------	---	-------------------

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Investments

Unlisted equity investments are initially recorded at cost, and subsequently measured at fair value. If fair value cannot be reliably measured, assets are measured at cost less impairment.

Listed investments are measured at fair value with changes in fair value being recognised in income or expenditure.

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as an expense in the period in which it arises.

Limited by guarantee

The charity is a company limited by guarantee. Every member promises, if the charity is dissolved while he, she or it remains a member or within 12 months afterwards to pay up to £1 towards the costs of dissolution and the liabilities incurred by the charity while the contributor was a member.

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Fund transfers

A transfer of 26,544 from the general fund to LCCT Central for increasing the designated reserves held by the organisation.

Restricted funds are grants or donations received directly by the project that are to fund their activities generally or a specific activity within the project.

The larger projects within the Trust are as follows:

Connection Crossgates

Gathering people together in Crossgates and East Leeds to promote positive health & wellbeing, encourage intergenerational activities, equip families, children & young people, support & signpost those in need and explore faith & spirituality.

Horsforth Community Development

Based in the locality of Horsforth, the project works with young people transitioning to high school, working with 40 young people last year and running over 50 assemblies. The project also runs the local farmers' market which has a footfall of 750.

Hunslet Initiative

This project provides activities for children, teens and young adults across inner South Leeds. They run after school clubs, sports activities and one to one mentoring.

Leeds Dads

Leeds Dads is a voluntary organisation that brings together a diverse community of fathers for social interaction and support. We host playgroups for dads and kids, organise social events for dads and families, and provide information and expert parenting support. Leeds Dads is unique in our key aim of supporting fathers to actively engage with their children, and build lasting relationships.

Leeds Space Network

Leeds Space Network is a network of youth groups across some of Leeds' inner city estates. Run by volunteers from across a wide spectrum of churches, Space seeks to build relationships with young people and their families to help to transform whole communities with the love of God.

Migration Action

An advocacy and migrant rights based organisation that exists to challenge the structures that create a hostile environment for vulnerable migrants.

Unity In Poverty Action Welfare Support Scheme

Supported to a large extent by Leeds City Council, the Welfare Support Scheme looks largely at issues such as addiction, mental health, homelessness and prison release.

Leeds Christian Community Trust

Year Ended 31st December 2021

Notes to the Financial Statements

Unity In Poverty Action General

The main sources of income are one-off grants from a number of Charitable Trusts together with donations by individuals and Churches.

Unity In Poverty Action - West Yorkshire Police Commission Grant awarded from West Yorkshire Police and Crime Commissioner for distribution to the West Yorkshire Food Poverty Network.

Women Arise

We are a project that supports women from immigrant backgrounds through providing weekly ESOL sessions on topics appropriate to building up and equipping women.
