Basis of Accounting - The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

Depreciation - Fixed assets are depreciated at the following rates in order to write off the cost of the assets over their anticipated useful lives

| | | |
|---------------------|------------------|-----|
| Motor vehicles | Reducing balance | 25% |
| Plant and equipment | Reducing balance | 25% |

Operating Leases - Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred

Taxation - The charge for taxation is based on the result for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for accounting and taxation purposes. When applicable, provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise in the foreseeable future. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date

Pensions - The company does not operate a pension scheme
