1 Executive summary

sail

We, David Pike and David Standish, were appointed Joint Liquidators of the Company on 26 May 2020 following a decision of creditors.

This progress report covers the period from 26 May 2022 to 25 May 2023.

Assets in the sum of £5,909,695.53 have been realised in the period (Section 2 - Progress to date).

In the period, we have paid out two interim dividends totalling 6.7p in the £ to unsecured creditors. A final dividend will be declared following the receipt of a final VAT reclaim of £243,109.81 has been received into the liquidation estate (Section 3 - Dividend prospects and dividends paid).

Following the final dividend, the liquidation is expected to be closed. Due to uncertainty surrounding the receipt of the final VAT reclaim, it is uncertain when the final dividend and closure will occur, but it is anticipated this will be within H2 2023.

Please note: you should read this report in conjunction with any previous reports issued to the Company's creditors; these can be found at www.ia-insolv.com/case+INTERPATH+HK220C4516.html. Unless stated otherwise, all amounts in this report and appendices are stated net of VAT.

2 Progress to date

This report covers the period from 26 May 2022 to 25 May 2023. However, please refer to previous reports where information has previously been disclosed.

This section updates you on our strategy for the liquidation and on our progress to date. It follows the information provided in our previous reports.

2.1 Strategy and progress to date

Strategy

Litigation with HM Revenue & Customs ("HMRC")

As previously reported, the Joint Liquidators main focus of the liquidation has been to realise the balance of the residual claim against HMRC in relation to the Tour Operations Margins scheme ('TOMS Scheme') for the benefit of the creditors.

Since our previous report, the Joint Liquidators and the KPMG tax team have continued an ongoing and constructive dialogue with HMRC surrounding a possible settlement of the TOMS Scheme claim that would benefit the creditors. A settlement has been achieved with HMRC dated 19 June 2022 and the final settlement of £5,676,782 plus interest of £232,031 has been received. Please see section 2.2 for further information.

Intercompany Claim within the Thomas Cook UK Limited ("TCUK") Liquidation

It was understood that the Company had an intercompany claim against TCUK in the sum of £17,969,870. The Joint Liquidators submitted the claim within the liquidation proceedings, which has since been rejected as we were advised that the Thomas Cook Group companies are restricted from claiming against others Thomas Cook Group companies due to limitations within the terms of the contracts covering the Thomas Cook Group's financing arrangements.

Accordingly, there is not expected to be any realisation from this asset.

2.2 Asset realisations

Realisations during the period are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant realisations during the period are provided below.

HMRC VAT claim

As mentioned above in section 2.1, during the period the Joint Liquidators have been working alongside the KPMG tax team in continued efforts to settle the balance of the residual claim against HMRC in relation to the TOMS Scheme, which had an original 'tax at stake' value of £26 million.

Following attempts to secure detailed records to support the Company's claim (as noted in detail in our previous reports), the workstream evolved into a direct dialogue with HMRC focusing on negotiating a full and final settlement of the outstanding balance.

During these negotiations, various adjustments were identified, including non-standard overseas contracts and an erroneous double counting deduction, both of which were discounted from the gross 'tax at stake' value noted above. The final amount of the claim reduced to between £18.5 million and £20.5 million, of which £13.5 million had been paid to the Company prior to our appointment (albeit, this was still potentially 'at stake' during the negotiations due to the provisional nature of the payment made). The recoverable value to the liquidation (after discounting this prior paid amount) therefore ranged from between £5 million and £7 million.

Following final negotiations, on the 19 June 2022 the final settlement with HMRC was agreed, resulting in the recovery of £5,676,782 together with interest of £232,031, both of which were received in Q4 2022.

Bank interest gross

During the period we have received £882.36 of bank interest.

2.3 Costs

Payments made in this period are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant payments made during the period are provided below.

KPMG tax team fees

Fees of £720,000 plus VAT have been paid in the period to the KPMG tax team in relation to their work undertaken as part of the HMRC settlement in relation to the TOMS Scheme claim, which included the reviewing and analysing the Company's books and records as well as the lengthy negotiations with HMRC.

Liquidators' fees and expenses

The Joint Liquidators have raised a fee for their time costs of £375,000 (plus VAT) and for their expense of £11,027.06 (plus VAT), in line with the fee resolution passed by creditors on 15 December 2022.

Corporation tax

During the period the Joint Liquidators have paid Corporation tax of £19,505.59.

Statutory advertising

Statutory advertising of £177 has been paid in the period in relation to the advertisement in the Gazette of the notification of a dividend.

2.4 Schedule of expenses

We have detailed the costs incurred during the period, whether paid or unpaid, in the schedule of expenses attached (Appendix 3).

3 Dividend prospects and dividends paid

3.1 Secured creditor

We are not aware of any secured claims against the Company.

3.2 Preferential creditors

The Company has no preferential creditors – the only group employees supporting the Company since 2016 were the Finance Director and Legal Counsel who were both registered directors (the Legal Counsel by way of being a director of the Corporate Director) who were retained up to 31 January 2020 and were employed by a different group entity.

3.3 Unsecured creditors

The unsecured claims have been agreed at £78,444,294.38.

Two interim dividends to unsecured creditors of 5.1p and 0.6p in the £ were declared on 20 December 2022 and 24 February 2023 respectively and paid during the period.

The total amount distributed to unsecured creditors during the period was £4,748,824.

Based on current estimates, we anticipate a final distribution to unsecured creditors of c0.4p in the £, which will be paid once a final VAT refund has been received.

4 Joint Liquidators' remuneration and expenses and payments to KPMG

4.1 Joint Liquidators' remuneration and expenses

On the 15 December 2022 the creditors provided approval that:

the basis of the Joint Liquidators' remuneration in respect of undertaking our duties be fixed by reference to the time properly given in attending to matters arising in the liquidation, in accordance with the fee estimate and charge-out rates provided to creditors with this notice, which amounts to £375,000 plus VAT.

we continue to use KPMG's specialist tax team to support the liquidation. From 4 May 2021 they are no longer part of the same firm as the Liquidators, and therefore any time spent by this team after 4 May 2021 will be/have been based on an arm's length agreement and will be paid and disclosed separately in our receipts and payments account rather than as part of Liquidators' remuneration. The KPMG specialist team time costs comprises of a £180,000 fixed fee element plus a contingent fee of 5%, which has been capped at £720,000. The total fee to be charged by KPMG is £720,000.

category 2 expenses (as defined in Statement of Insolvency Practice 9) will be charged and drawn in accordance with Interpath Advisory's policy as set out in Appendix 6 and in accordance with the estimate of payments to KPMG/associates provided within Appendix 5.

No further resolutions are proposed at this time, and we will consider any further necessary resolutions following the conclusion of the settlement with HMRC.

Time costs

During the period from 26 May 2022 to 25 May 2023, we have incurred time costs of £132,959.25. These represent 288.65 hours at an average rate of £460.62 per hour.

Remuneration

During the period, we have drawn fixed charge remuneration of £375,000 (plus VAT).

Liquidators' Expenses

These are any payments which are neither liquidators' remuneration nor a distribution to a creditor or a member. Expenses also includes disbursements which are payments first met by the liquidators, and then reimbursed to the liquidators from the estate.

Expenses equating to £11,027.06 was paid in the period, which predominantly relates to the costs for retrieval of the books and records from Slovakia during the Covid-19 pandemic that were initially paid by Interpath directly.

Additional information

We have attached (Appendix 4) an analysis of the time spent, the charge-out rates for each grade of staff and the expenses paid directly by Interpath for the period from 26 May 2022 to 25 May 2023. We have also attached our charging and expenses policy.

4.2 Payments to KPMG (if applicable)

The Joint Liquidators have engaged tax specialists from KPMG, to help recover the balance due from HMRC in relation to overpaid VAT.

Up until 4 May 2021, the Joint Liquidators and their staff were also partner(s) and employee(s) of KPMG. Therefore, up to 4 May 2021 the tax specialist's time forms part of the Joint Liquidators' fees. As set out in section 4.1, the Liquidators' fee estimate included time in relation to KPMG specialist teams.

Time incurred by the KPMG tax team from 4 May 2021 has been based on an arm's length agreement and will be paid and disclosed separately.

Whilst the tax team is no longer part of the same organisation as the officeholders, and not considered to be an associate for the purposes of SIP 9, for transparency payments will be subject to the same disclosure and approval as the Joint Liquidators' Category 2 expenses, where they have not already been approved as part of the Joint Liquidators' remuneration.

5 Future strategy

5.1 Future conduct of the liquidation

The following matters are still ongoing in the liquidation:

- Recovery of the final VAT reclaim of £243,109.81;
- Issuing a final distribution to unsecured creditors; and
- Issuing a final report and closing the liquidation.

5.2 Future reporting

We will report again on the progress of this liquidation by 21 July 2024 or in the final report if matters have been concluded earlier.

Appendix 4 Joint Liquidators' charging and expenses policy

Joint Liquidators' charging policy

The time charged to the liquidation is by reference to the time properly given by us and our staff in attending to matters arising in the liquidation. This includes work undertaken in respect of in-house Interpath Advisory [tax], VAT, employee specialists.

Our policy is to delegate tasks in the liquidation to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

A copy of "A Creditors' Guide to Joint Liquidators' Fees" from Statement of Insolvency Practice 9 ('SIP 9') produced by the Association of Business Recovery Professionals is available at:

All staff who have worked on the liquidation, including cashiers and secretarial staff, have charged time directly to the liquidation and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the liquidation but is reflected in the general level of charge-out rates.

Policy for the recovery of expenses

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 expenses from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Expenses: These are any payments which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also includes disbursements which are payments first met by the office holder, and then reimbursed to the office holder from the estate.

Category 1 expenses: These are payments to persons providing the service to which the expense relates who are not an associate of the office holder. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 expenses: These are payments to associates or which have an element of shared costs. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Associates: are defined in the insolvency legislation but also extends to parties where a reasonable and informed third party might consider there would be an association between the third party and the office holder or their firm.

Category 2 expenses charged by Interpath Restructuring include mileage. This is calculated as follows:

Mileage claims fall into three categories:

Use of privately-owned vehicle or car cash alternative – 45p per mile.

Use of company car - 60p per mile.

Use of partner's car - 60p per mile.

For all of the above car types, when carrying Interpath Advisory passengers an additional 5p per mile per passenger will also be charged where appropriate.

| Total | 485.61 | NIL | 485.61 |
|-----------------------------|--------|-----|--------|
| Professional and legal fees | 11.00 | NIL | 11.00 |
| Postage | 474.61 | NIL | 474.61 |

We have the authority to pay Category 1 expenses without the need for any prior approval from the creditors of the Company.
