Notes to the Abbreviated Accounts
for the Year Ended 31 March 2013

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

Included in creditors are amounts due to group undertakings. These undertakings have indicated that they will not request repayment of any amounts due until the company have available funds to do so. Accordingly, the directors believe it is appropriate for the accounts to be prepared on the going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods and services, and rental income from Investment Properties rentals, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Investment property	- Not provided - Investment property
Investment lease	- Not provided - Investment property
Motor vehicles	- 25% on reducing balance
Office equipment	- 25% on reducing balance

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Group companies

The financial statements present information about the company as an individual undertaking and not it's group. Consolidated accounts are not being prepared as the group qualifies as a small group.

Group relief payments

The Group takes advantage of the provisions within the Taxes Acts which enable certain tax benefits available in one group company to be transferred to another group company. No consideration is to pass for these benefits.

Investment properties and investment leases

Investment properties and Investment Leases are included in the balance sheet at their open market value.

Although this accounting policy is in accordance with the applicable accounting standard, SSAP 19, Accounting for Investment Properties, it is a departure from the general requirement of the Companies Act 1985 for all tangible fixed assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
