The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 March 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2015 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

**Abbreviated Balance Sheet - continued**  
**31 March 2015**

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the Board of Directors on 28 July 2015 and were signed on its behalf by:

A Butterworth - Director

**Notes to the Abbreviated Accounts  
for the Year Ended 31 March 2015**

**1. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

Included in creditors are amounts due to group undertakings. These undertakings have indicated that they will not request repayment of any amounts due until the company have available funds to do so. Accordingly, the directors believe it is appropriate for the accounts to be prepared on the going concern basis.

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents net invoiced sales of goods and services, and rental income from Investment Properties rentals, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Investment property	- Not provided - Investment property
Investment lease	- Not provided - Investment property
Motor vehicles	- 25% on reducing balance
Office equipment	- 25% on reducing balance

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Hire purchase and leasing commitments**

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

**Group companies**

The financial statements present information about the company as an individual undertaking and not its group. Consolidated accounts are not being prepared as the group qualifies as a small group.

**Group relief payments**

The Group takes advantage of the provisions within the Taxes Acts which enable certain tax benefits available in one group company to be transferred to another group company. No consideration is to pass for these benefits.

**Investment properties and investment leases**

Investment properties and Investment Leases are included in the balance sheet at their open market value.

Although this accounting policy is in accordance with the applicable accounting standard, SSAP 19, Accounting for Investment Properties, it is a departure from the general requirement of the Companies Act 1985 for all tangible fixed assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
