1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers. Revenue is recognised at the time of sale or hire.

Goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of 5 years.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

value, over their expected useful economic life as follows:

Asset class

Depreciation method and rate

Fixtures, fittings and equipment 20% straight line basis

Motor vehicles 20% straight line basis

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obselete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Deferred tax

Where material, deferred tax is recognised in respect of timing differences that have originated but not yet reversed by the balance sheet date. Deferred tax balances are not discounted.

Hire purchase and leasing

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
