Notes to the financial statements For the year ended 31 December 2016

1. Statement of accounting policies

Basis of preparation

The financial statements have been prepared on a going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable UK Accounting Standards. The principal accounting policies, which have been applied consistently, are set out below.

Turnover

Turnover, stated net of value added tax, represents appropriations from a Limited Liability Partnership which has its activities in the United Kingdom. Turnover also includes dividends and distribution received from investments.

Expenses

Expenses incurred have been recognised on an accruals basis.

Taxation

Provision is made for corporation tax at the current rates on the excess of taxable income over allowable expenses. Deferred taxation is provided on all timing differences that have originated but not reversed by the balance sheet date other than those differences regarded as permanent. An asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Any deferred tax assets and liabilities recognised are provided at the average rate of tax expected to apply when the asset and liability crystallises and are not discounted.

Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation and any provision for impairment.

Depreciation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives as follows:

Motor vehicles

3 years straight line

Fixed asset investments

Fixed asset investments are stated at cost less any provision for any impairment in value.
