**Balance Sheet - continued
31 July 2017**

The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 July 2017.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 July 2017 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors on 30 April 2018 and were signed on its behalf by:

E M Hattam - Director

**Notes to the Financial Statements
for the Year Ended 31 July 2017**

1. STATUTORY INFORMATION

Advanced Recycling Systems Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest pound sterling.

The directors, after making enquiries and having considered the company's business, its financial plans and the facilities available to finance the business, have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the going concern basis is adopted in preparing the financial statements.

Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the period.

**Notes to the Financial Statements - continued
for the Year Ended 31 July 2017**

2. ACCOUNTING POLICIES - continued

Tangible fixed assets

Tangible assets are initially measured at cost. Such costs includes costs directly attributable to making the asset capable of operating as intended. Subsequent to initial recognition, tangible assets such as fixtures and fittings are stated at cost less accumulated depreciation and accumulated impairment.

Tangible assets are depreciated as follows:

Fixtures and fittings - 25% on straight line
Computer equipment - 33% on straight line
Motor vehicles - 20% on straight line

Impairment of fixed assets

At each reporting end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Notes to the Financial Statements - continued
for the Year Ended 31 July 2017**

2. ACCOUNTING POLICIES - continued

Taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Financial instruments

The company has elected to apply the provisions of Section 11 "Basic Financial Instruments" and Section 12 "Other Financial Instruments" of FRS102 to all of its financial instruments.

Financial assets and liabilities are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are classified into specified categories. The classification depends on the nature and purpose of the financial asset or liability and is determined at the time of recognition.

Basic financial assets, which include trade and other receivables, including staff loans and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Basic financial liabilities, which include trade and other payables are initially measured at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Other financial assets and / or liabilities are initially measured at their fair value, which is normally the transaction price and are subsequently carried at fair value with all changes being recognised in the profit or loss.

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

6. DIRECTOR'S ADVANCES, CREDITS AND GUARANTEES

Interest of £110 (2016: £525) was charged to the director, by the company, for the period in which the directors loan account was overdrawn.

At the balance sheet date, the company owed the director £2,839 (2016: £8,987). This amount is included within "Other creditors".

7. RELATED PARTY DISCLOSURES

The company is owed £13,604 (2016 £12,917) from a partnership, EDS UK, of which Mrs E M Hattam is a partner, at the balance sheet date. This consisted of net transfers and payments from the company bank account and is included within debtors due within one year.

**Notes to the Financial Statements - continued
for the Year Ended 31 July 2017**

8. ULTIMATE CONTROLLING PARTY

Mrs E M Hattam, a company director, controls the company by virtue of her 100% shareholding.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
