The group and parent company financial statements are required by law to give a true and fair view of the state of affairs of the group and the parent company and of the profit or loss for that period.

- make judgments and estimates that are reasonable and prudent;

The company is dependant for its working capital on funds provided to it by Colony Capital LLC, its ultimate parent or other group entities. Colony Capital LLC, directly or indirectly, has provided the company with an undertaking that for at least 12 months from the date of approval of these financial statements, it will continue to make available such funds as are needed by the company and in particular will not seek repayment of the amounts currently made available. This should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

### Taxation

The charge for taxation is based on the profit for the year.
