1 Accounting policies

a) *Going concern*

The financial statements have been compiled on a going concern basis despite having net liabilities of £3,370, as the director has indicated his willingness to support the company over the next twelve months

b) *Basis of accounting*

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company

c) *Turnover*

Turnover represents net invoiced sales of goods and services

d) *Deferred taxation*

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date

Deferred tax is measured on a nondiscounted basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date
