The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director and authorised for issue on 23 May 2023 and were signed by:

D F Hammond - Director

**Notes to the Financial Statements
for the Year Ended 31 August 2022**

1. STATUTORY INFORMATION

HSM Aero Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover consists of precision engineering and manufacture of mechanical equipment.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Improvements to property	15% on reducing balance
Plant and machinery	25% on reducing balance and 10% on cost
Fixtures and fittings	15% on reducing balance
Motor vehicles	20% on cost
Office equipment	15% on reducing balance

Government grants

Grants are accounted for under the accruals model.

Grants of a revenue nature are recognised in 'other income' within profit and loss in the same period as the related expenditure. This includes the Government Coronavirus Job Retention Scheme.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Notes to the Financial Statements - continued
for the Year Ended 31 August 2022**

2. ACCOUNTING POLICIES - continued

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Discounted debts

At 31st August 2022 trade debtors totalling £634,469 (2021 - £804,671) had been discounted and an amount of £539,002 (2021 - £619,701) had been advanced to the company under this financing agreement. The financial statements reflect a separate presentation i.e. gross discounted debts are included within assets and proceeds received from factors are included within liabilities. The factor's charges are accrued as arising and included within the profit and loss account.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 57 (2021 - 61) .
