Notes to the Abbreviated Accounts for the period ended 31 May 2014**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life. The director has reviewed the expected useful life of assets and has amended the rate at which assets are depreciated, as follows:

Office equipment - 33.3% straight line

Intangible assets amortisation policy

Positive purchased goodwill arising on acquisitions is capitalised and classified as an asset on the Balance Sheet. Previously, goodwill was not being amortised but the director has now reviewed this policy and estimates the future useful life of the goodwill to be 4 years. Consequently, the policy has been amended and goodwill is now being amortised on a straight line basis over this period.

Other accounting policies

Deferred taxation:

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
