BALANCE SHEET - continued
30 SEPTEMBER 2020

The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 September 2020.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 September 2020 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 9 March 2021 and were signed on its behalf by:

Mr R G Wadsworth - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 SEPTEMBER 2020**

1. STATUTORY INFORMATION

Jaguar Property Limited is a private company, limited by shares , registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The financial statements are presented in sterling which is the functional currency of the company and rounded to the nearest pound.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going Concern

The financial statements have been prepared on a going concern basis. At the time of approval the UK economy was subject to the impact of the coronavirus pandemic. Projections and forecasts have been prepared based on a number of underlying assumptions, which are subject to significant uncertainty at this time. These show that the expected income and expenditure, together with current reserves and the possibility of obtaining potential funding allows the company to continue as a going concern.

Significant judgements and estimates

No judgements have been made in the process of applying the below accounting policies that have had the most significant effect on amounts recognised in the financial statements.

There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Turnover

Turnover is measured at the fair value of the consideration received or receivable net of VAT and trade discounts.

When the outcome of a transaction can be estimated reliably, turnover from property development is recognised by reference to the stage of completion at the balance sheet date. Stage of completion is measured by reference to the length of the contract.

Where the outcome cannot be measured reliably, turnover is recognised only to the extent of the expenses recognised that are recoverable.

2. ACCOUNTING POLICIES - continued

Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Motor vehicles	- 25% reducing balance
Computer equipment	- 25% on cost

Stock and work in progress

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving stock.

Cost includes all purchase and handling costs in bringing stocks to their present location and condition.

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level of activity. Provisions are made for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Revenue grants

Grants which are received for compensation for expenses or losses which have already been incurred are recognisable in income when the grant is received or receivable.
