NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 30/09/2014

1. ACCOUNTING POLICIES

1a. Basis Of Accounting

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1b. Cash Flow Statement

The Company is exempt from including a statement of cash flows in its accounts in accordance with Financial Reporting Standard for Smaller Entities (effective April 2008).

1c. Investment Properties

Investment properties are included in the financial statements at open market value. No depreciation is provided on such property in compliance with the Financial Reporting Standard for Smaller Entities. This departure from Companies Act requirements is necessary to show a true and fair view.

1d. Taxation

Corporation tax payable is provided on taxable profits at the current rates.

Provision is made for deferred taxation in so far as a liability or asset has arisen as a result of transactions that had occurred by the balance sheet date and have given rise to an obligation to pay more tax in the future, or the right to pay less tax in the future. An asset has not been recognised to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities recognised have not been discounted.

1e. Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

1f. Revaluation Reserve

Surpluses or deficits arising on the revaluation of individual fixed assets other than investment properties are credited or debited to a non-distributable reserve known as the revaluation reserve (see also note 5).

Revaluation deficits in excess of the amount of prior revaluation surpluses on the same asset are charged to the profit and loss account.
