ABACUS PLUMBING & HEATING (MALMESBURY) LTD.

Notes to the Abbreviated Accounts for the Period Ended 31st October 2010

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historic cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008)

Turnover policy

The turnover shown in the profit and loss account represents revenue earned during the period exclusive of VAT

Tangible fixed assets depreciation policy

Depreciation is provided, after taking into account any grants receivable, at the following annual rates in order to write off each asset over its estimated useful life. Office Equipment 25% on cost, Freehold buildings 2% on cost or revalued amount, Plant and Machinery 25% on cost, Motor Vehicles 25% on cost

Intangible fixed assets amortisation policy

Intangible fixed assets (including purchase goodwill and patents) are amortised at rates calculated to write off the assets on a straight line basis over their estimated useful economic lives, not to exceed 25 years. Impairment of intangible assets is only reviewed where circumstances indicate that the carrying value of an asset may not be fully recoverable

Valuation information and policy

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowances for slow moving and obsolete items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Other accounting policies

Assets obtained under high purchase contracts or finance leases are capitalised in the balance sheet. Those held under high purchase contracts are depreciated over their estimated useful lives or lease term, whichever is the shorter. The interest element of these obligations is charged to the profit and loss account over the relevant period. Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease. Research and Development expenditure is written off in the year in which it is incurred.
