NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Income from the sales of licences is recognised once the contractual arrangement has been concluded and all substantive conditions have been satisfied.

Where sufficient evidence of amounts due can be obtained, royalty income is recognised on an accruals basis. Advances on royalties are recognised once a formal contract is in place and the contractual obligations have been fulfilled. Amounts due under agreements which have not been credited to income are included as deferred income.

In respect of long term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Grants

Grants received from government bodies and film institutes are recognised and matched to the expenditure to which the grant relates. Revenue grants are recognised in the profit and loss account when the relevant expenditure is recognised. Capital expenditure grants are included in accruals and deferred income and amortised over the life of the fixed asset to which they relate.

Going concern

Attention is drawn to the fact that the financial statements have been prepared on a going concern basis, despite the fact that liabilities exceed assets. The director has given an undertaking to support the company until it returns to a net assets position. He considers that it is appropriate to prepare the accounts on the going concern basis.

2. CALLED UP SHARE CAPITAL
