The accounting policies and notes on pages 2 to 3 form part of these modified financial statements

Titanium Bitz Limited

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST March 2007

1. Accounting Policies

The financial statements have been prepared in accordance with the Companies Act 1985 and with applicable Accounting standards. The principal accounting policies of the company are set out below and have remained unchanged from the previous year.

a) Turnover

Turnover represents the amounts received or receivable in the ordinary course of business for goods and services provided to customers, excluding VAT and trade discounts.

b) Tangible Fixed Assets

Tangible Fixed assets are stated at cost.

Depreciation is calculated to write down the cost of tangible fixed assets over the expected economic lives as follows:

Computer Equipment	50% on a reducing balance basis
Fixtures and Fittings	15% on a reducing balance basis

Depreciation is not provided on freehold property as the properties are maintained to ensure their value does not diminish over time. The maintenance costs are charged to Profit and Loss in the year incurred. In the directors' opinion, depreciation would be immaterial and has not been charged.

c) Deferred Taxation

Provision is made for deferred taxation in respect of all material timing differences except where the directors consider that no liability will arise in the foreseeable future. Timing differences arise where either income or expenditure is accounted for in years different from those used for taxation purposes. The provision is established at the corporation tax rates anticipated to be in force at the time each deferred liability will ultimately crystallise.

d) Translation of Foreign Currencies

Transactions denominated in foreign currencies are translated into sterling and recorded at the rate of exchange ruling at the date of the transaction. Balances denominated in a foreign currency are translated into sterling at the exchange rate ruling on the Balance Sheet date. All revaluation differences and realised foreign exchange differences are taken to Profit and Loss.
