For the year ending 31 March 2019 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors responsibilities:

- The shareholders have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

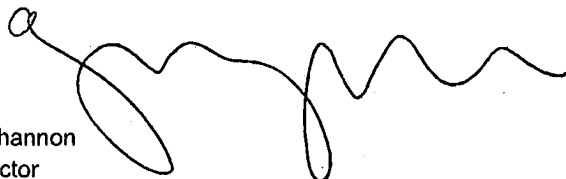

In accordance with section 444 of the Companies Act 2006, the statement of comprehensive income has not been delivered.

The notes on pages 5 to 8 form part of these financial statements.

Loates-Taylor Shannon Limited

Statement of financial position (continued)
31 March 2019

These financial statements were approved by the board of directors and authorised for issue on 17 May 2019, and are signed on behalf of the board by:

A handwritten signature in black ink, consisting of a series of loops and wavy lines, positioned above the name G Shannon.

G Shannon
Director

Company registration number: 04996666

The notes on pages 5 to 8 form part of these financial statements.

Loates-Taylor Shannon Limited

**Notes to the financial statements
Year ended 31 March 2019**

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Unit C, 15 Bell Yard Mews, London, SE1 3TY.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for services rendered, net of discounts and Value Added Tax.

Revenue from the rendering of services is measured by reference to the stage of completion of the service transaction at the end of the reporting period provided that the outcome can be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

No provision for deferred taxation has been provided for in the financial statements, due to the amount not being material.

Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Tangible assets

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses.

Loates-Taylor Shannon Limited

Notes to the financial statements (continued) Year ended 31 March 2019

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fittings fixtures and equipment	- 15%	reducing balance
Computer equipment	- 15%	reducing balance

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

4. Staff costs

The average number of persons employed by the company during the year amounted to 15 (2018: 19).

Loates-Taylor Shannon Limited

**Notes to the financial statements (continued)
Year ended 31 March 2019**

5. Tangible assets

	Fixtures, fittings and equipment £	Computer equipment £	Total £
Cost			
At 1 April 2018 and 31 March 2019	90,722	49,288	140,010

Loates-Taylor Shannon Limited

Notes to the financial statements (continued)
Year ended 31 March 2019

8. Operating leases

The company as lessee

The total future minimum lease payments under non-cancellable operating leases are as follows:

	2019 £	2018 £
Not later than 1 year	41,490	56,627
Later than 1 year and not later than 5 years	-	41,490
	<u>41,490</u>	<u>98,117</u>

9. Related party transactions

During the year the company paid a dividend of £78,215 (2018: £94,000) to G Shannon, a director.
