NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2015

1. ACCOUNTING POLICIES

(a) Basis of Accounting.

The financial statements have been prepared under the historical cost convention in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

(b) Turnover.

Turnover represents net rent receivable during the year.

(c) Tangible Fixed Assets

Investment properties are valued annually at open market value. As these properties are held for investment purposes and not consumption, depreciation is not considered to be relevant.

The treatment is in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002). This treatment is a departure from the Companies Act 1985, but is necessary in order for the financial statements to give a true and fair view. It would not be practical to quantify the depreciation which might otherwise have been charged.

(d) Deferred Taxation.

Provision is made at current rates for taxation deferred in respect of all material timing differences except that, in the opinion of the Directors, there is reasonable probability that the liability will not arise in the foreseeable future.
